*I Speak of the City* Mauricio Tenorio-Trillo, 2015-02-24. In this dazzling multidisciplinary tour of Mexico City, Mauricio Tenorio Trillo focuses on the period 1880 to 1940, the decisive decades that shaped the city into what it is today. Through a kaleidoscope of expository forms, *I Speak of the City* connects the realms of literature, architecture, music, popular language, art, and public health to investigate the city in a variety of contexts: as a living history textbook, as an expression of the state, as a modernist capital, as a laboratory, and as language. Tenorio's formal imagination allows the reader to revel in the free-flowing richness of his narratives, opening startling new vistas onto the urban experience. From art to city planning, from epidemiology to poetry, this book challenges the conventional wisdom about both Mexico City and the turn of the century world to which it belonged. And by engaging directly with the rise of modernism and the cultural experiences of such personalities as Hart Crane, Mina Loy, and Diego Rivera, *I Speak of the City* will find an enthusiastic audience across the disciplines.

**Reframing the Musical** Sarah K. Whitfield, 2019-03-01. This critical and inclusive edited collection offers an overview of the musical in relation to issues of race, culture, and identity. Bringing together contributions from cultural, American, and theatre studies, for the first time the chapters offer fresh perspectives on musical theatre history, calling for a radical and inclusive new approach. By questioning ideas about what the musical is about and who it is for, this groundbreaking book retells the story of the musical, prioritising previously neglected voices to reshape our understanding of the form. Timely and engaging, this is required reading for undergraduate and postgraduate students of musical theatre. It offers an intersectional approach which will also be invaluable for theatre practitioners.
