James, 2011-08-17 Henry James led a wandering life which took him far from his native shores but he continued to think of New York City where his family had settled for several years during his childhood as his hometown Here Colm T ib n the author of the Man Booker Prize shortlisted novel The Master a portrait of Henry James brings together for the first time all the stories that James set in New York City Written over the course of James s career and ranging from the deliciously tart comedy of the early An International Episode to the surreal and haunted corridors of The Jolly Corner and including Washington Square the poignant novella considered by many though not as it happens by the author himself to be one of James s finest achievements the nine fictions gathered here reflect James s varied talents and interests as well as the deep and abiding preoccupations of his imagination And throughout the book as T ib n s fascinating introduction demonstrates we see James struggling to make sense of a city in whose rapidly changing outlines he discerned both much that he remembered and held dear as well as everything about America and its future that he dreaded most Stories included The Story of a Masterpiece A Most Extraordinary Case Crawford s Consistency An International Episode The Impressions of a Cousin The Jolly Corner Washington Square Crapy Cornelia A Round of Visits      **Washington Square** Henry James, 2025-07-08 Washington Square by Henry James is a timeless novel that delves deep into the intricate web of social relationships and familial obligations in 19th century America Set against the backdrop of Manhattan s genteel society this compelling tale explores the complex dynamics between a father Dr Austin Sloper and his daughter Catherine Trapped in a world of societal expectations and Victorian values Catherine navigates her own journey towards self discovery amidst profound emotional turmoil and romantic entanglements Through the lens of psychological realism James masterfully uncovers the intricacies of human behavior and the subtle forces that shape our lives Catherine often perceived as plain and unremarkable by her father finds herself at the center of a transformative narrative that examines themes of love and betrayal When she encounters the charming Morris Townsend their budding romance ignites a series of conflicts that illuminate the harsh realities of inheritance issues and societal expectations The tension between Catherine s aspirations for love and her father s controlling nature serves as a poignant exploration of family dynamics where emotional isolation clashes with the yearning for connection Through meticulous character studies James critiques the behaviors of the upper echelons of New York society while reflecting on the broader implications of class conflict His sharp observations serve as both a social critique and a portrayal of the restrictive norms that dictate individual choices As Catherine grapples with her father s unyielding expectations the reader is invited to explore the moral dilemmas that arise from protecting family reputation versus fulfilling personal desires James narrative depth brings to life the vibrant milieu of 19th century New York allowing readers to immerse themselves in a world rich with cultural commentary and observation The gothic undertones woven throughout the story amplify the emotional stakes reminding us that within the confines of respectability dark secrets and hidden aspirations often lie dormant As the characters become increasingly entangled in their choices the novel reveals how personal identity

can be overshadowed by familial obligations and societal restrictions Washington Square is not merely a tale of romance but a profound examination of isolation and connection illuminating the challenges faced by women seeking independence in a patriarchal society Catherine s journey serves as a powerful metaphor for the struggle between personal agency and societal pressures resonating with audiences across generations Through her trials we witness a nuanced portrayal of resilience illuminating how love intersects with identity and how personal evolution can occur even in the face of adversity Henry James with his exquisite prose and keen insights into the human psyche crafts a narrative that is both engaging and thought provoking Washington Square stands as a literary classic that challenges readers to reflect on the complexities of their own relationships and the societal structures that influence them Readers are compelled to ask themselves what sacrifices must one make for love and how do we carve out our identities amidst familial expectations

 encapsulate themes of identity consciousness and the often fraught engagement between American and European  
 sensibilities reflecting a period of rapid social change Henry James born in 1843 navigated a cultural milieu characterized by  
 the tensions of transatlantic identity and the evolution of novelistic forms His formative experiences including extensive

 observational prowess and philosophical inquiries into the nature of human relationships culminated in a literary oeuvre that  
 explores the subtleties of human experience and the complexities of choice in a modernizing world This compendium is  
 essential for anyone eager to delve into the depths of human psychology and the intricacies of the human condition Whether  
 a seasoned scholar or a curious newcomer readers will find in James's complete novels a treasure trove of insight beauty and  
 thought provoking narratives that resonate with contemporary themes      Charles Kingsley's Hypatia William Dean  
 Howells, 1903 William Dean Howells 1837 1920 autodidact from the farmlands of Ohio was a realist novelist literary critic  
 and playwright nicknamed The Dean of American Letters In his Editor's Study column at The Atlantic Monthly and later at  
 Harper's he formulated and disseminated his theories of realism in literature Heroines of Fiction is a study of the characters  
 of the female protagonists in the Anglo American novel from Defoe to James It is something of an anomaly in Howells's canon  
 of literary texts for reasons of style rhetorical stance and purpose As a critic Howells was less concerned with psychological  
 or social realism than with an ideal of human character and in this collection expands that concern with character within a  
 thesis asserting that a novel is great or not as its women are important or unimportant These character portraits illustrate

Howells impressions of which of these female characters are important and how this status is achieved      **The Complete Novels of Henry James - All 24 Books in One Edition** Henry James, 2017-11-15 The Portrait of a Lady is one of James's most popular long novels and is regarded by critics as one of his finest. The Portrait of a Lady is the story of a spirited young American woman Isabel Archer who in affronting her destiny finds it overwhelming. She inherits a large amount of money and subsequently becomes the victim of Machiavellian scheming by two American expatriates. The Wings of the Dove tells the story of Milly Theale, an American heiress stricken with a serious disease and her effect on the people around her. Some of these people befriend Milly with honorable motives while others are more self-interested. The American is an uneasy combination of social comedy and melodrama concerning the adventures and misadventures of Christopher Newman, an essentially good-hearted but rather gauche American businessman on his first tour of Europe. Table of Contents: Confidence, Roderick Hudson, The Ambassadors, The American, The Awkward Age, The Bostonians, The Europeans, The Golden Bowl, The Other House, The Outcry, The Portrait of a Lady, The Princess Casamassima, The Reverberator, The Sacred Fount, The Spoils of Poynton, The Tragic Muse, The Whole Family, The Wings of the Dove, Washington Square, Watch and Ward, What Maisie Knew, The Ivory Tower, Unfinished, The Sense of the Past, Unfinished. Henry James (1843-1916) was an American-British writer who spent most of his writing career in Britain. He is regarded as one of the key figures of 19th-century literary realism.
