Transform into a woman that is Strong Fit and Fabulous You can do it. **Weight Lifting For Women** Brisa Singleton, 2020-07-15 **Strength Training for Women** Hailey Jackson, 2018-07-04. Strength Training for Women. Strength training seems to most people like an inherently male pursuit. Women often looked down their noses at the concept of bodybuilding due to concerns about becoming overly masculine. Instead, many women tend to spend a lot of time in doing other types of exercises such as light toning and cardiovascular exercises. Although these exercises can help to reduce body fat and tone your muscle to some degree, you can never truly change the shape of your body unless you start strength training. Even a beginner's strength training routine will burn calories and fat. When you lift weights, you put your body through a series of resistance training moves in order to build muscle. This type of training not only replaces fat with muscle, it also increases your metabolism. This book features a strength training plan that can be used right at home. By reading this book, you'll learn the benefits of strength training for women, strength training exercises, and a 7-day training plan. Bodybuilding, nutrition, and clean eating recipes. Strength training tips for beginners. Try the strength training workouts in this book, and it won't be long before you begin to look and feel better.
