Engineering ,1917 *Strength And How To Obtain It* Eugen Sandow,2023-05-02 In writing this book I have taken it as a commonplace that everyone man woman and child wants to be strong Without strength and by strength I mean health vitality and a general sense of physical well being life is but a gloomy business Wealth talent ambition the love and affection of friends the pleasure derived from doing good to those about one all these things may afford some consolation for being deprived of life s chief blessing but they can never make up for it But I am constantly being asked it is all very well for you to say this and everyone of sense agrees with you the point is can we obtain this much prized blessing In the vast majority of cases I can say unhesitatingly Yes You can all be strong all enjoy the heritage which was intended for you Not all to the same extent perhaps Those who are afflicted with some hereditary disease who may have unsound organs handed down to them cannot reasonably expect to get such results as their more fortunate brethren Still even they need not despair even if their condition be such as to put out of the question any such thing as athletics they can at all events attain to such a condition as will permit of their enjoying life and render them fit to carry on their work without difficulty And after all those who wish to be strong for this reason are innumerable It is only the young and vigorous who desire to excel in athletic pastimes but the middle aged and elderly the delicate women and young children who yearn for health are countless I claim that by carefully following out my system as set out in the following pages and fully illustrated in the Anatomical Chart at the end of the volume these results may be attained The Glories of Mary Saint Alphonsus de Liguori,Catholic Way
