*The Mormon Culture of Salvation* Douglas J. Davies, 2018-12-07. *The Mormon Culture of Salvation* presents a comprehensive study of Mormon cultural and religious life, offering important new theories of Mormonism, one of the fastest growing movements and thought by many to be the next world religion. Bringing social, scientific and theological perspectives to bear on the Church of Jesus Christ of Latter-day Saints, Douglas Davies draws from theology, history of religions, anthropology, sociology and psychology to present a unique example of a truly interdisciplinary analysis in religious studies. Examining the many aspects of Mormon belief, ritual, family life and history, this book presents a new interpretation of the origin of Mormonism, arguing that Mormonism is rooted in the bereavement experience of Joseph Smith, which influenced the development of temple ritual for the dead and the genealogical work of many Mormon families. Davies shows how the Mormon commitment to work for salvation relates to current Mormon belief in conversion and to traditional Christian ideas of grace. *The Mormon Culture of Salvation* is an important work for Mormons and non-Mormons alike, offering fresh insights into how Mormons see the world and work for their future glory in heavenly realms. Written by a non-Mormon with over 30 years' research experience into Mormonism, this book is essential reading for those seeking insights into new interdisciplinary forms of analysis in religion, as well as all those studying or interested in Mormonism and world religions. Douglas J. Davies is Professor in the Study of Religion in the Department of Theology, Durham University, UK. He is the author of many books, including *Death, Ritual and Belief* (Cassell, 1997), *Mormon Identities in Transition* (Cassell, 1994), *Mormon Spirituality* (1987) and *Meaning and Salvation in Religious Studies* (Brill, 1984).

**Recreating Utopia in the Desert** Hans A. Baer, 1988-01-01. *Recreating Utopia in the Desert: A Sectarian Challenge to Modern Mormonism* is the account of a millenarian sect, officially known as the Aaronic Order, one of the main splinter groups of the Mormon Church. Their story tells us much about the social tensions, particularly along class lines, that have emerged in Mormonism. The Aaronic Order or Levites emerged as the Mormon Church evolved from a religious utopia in the Midwest to a near nation-state in the Intermountain West, to finally an international theocratic corporation. Drawing upon the concept of revitalization movements, the Levite sect is viewed as an attempt by working-class Mormons to resurrect the communitarian ideals they perceived as characteristic of earlier nineteenth-century Mormonism. From their beginnings in the Depression, the Levites have developed a series of cooperative and communal ventures in Utah, based upon the revelations of Maurice Glendenning. We see in the Levites the seemingly inevitable processes of institutionalization and fission characterizing revitalization movements that survive. By explaining the impetus for the development of sectarian groups such as the Levites, the author offers important

insights for the discussion of religious communitarianism and schismatic movements in contemporary religion
