Stretched For Greater Glory:

Stretched for Greater Glory George A. Aschenbrenner, 2004 The joy and freedom to be found in the Ignatian exercises comes to life in this book by George A Aschenbrenner SJ While many scholarly books and commentaries have explored the Spiritual Exercises of St Ignatius Aschenbrenner introduces readers to the dynamics that are at the heart of these Ignatian exercises in Stretched for Greater Glory His straightforward commentary and vast knowledge make this book appropriate for both the novice spiritual seeker and the experienced spiritual director For further information on Ignatian Spirituality please visit our sister site www.IgnatianSpirituality.com Key to the exercises in the Appendix to Principia Latina, part i Conrad Robert Barker, 1893 How Then Shall We Guide? Jimmy Boon-Chai Tan, 2023-05-25 There has been a marked increase of interest in the art of spiritual direction in recent decades Yet in many circles especially in ecumenical and interfaith contexts it is unclear what grounds the practice of this ancient art As a tradition's practice of spiritual direction expresses its particular theology which in turn is shaped by its unique history this work explains that ecumenical spiritual direction must make and retain the tri perspective of history theology and method that faithfully reflects each tradition's distinctives as requisite for true ecumenical enrichment The importance of this trinocular vision is brought into sharp focus through a comparative study of Ignatius of Loyola and John Calvin where points of continuity and discontinuity between the Ignatian and Reformed traditions underscore the importance of this work's thesis **The Land of Lorne** Robert Williams Buchanan, 1871 **The Land of Lorne** Robert Buchanan, 2023-04-11 Reprint of the original first published in 1871 The publishing house Anaposis publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost

Boyd, Paul Kjoss Helseth, 2011-04-19 Questions about divine providence have preoccupied Christians for generations to what degree does God concern himself with and intervene in the affairs of everyday life This book introduces readers to four prevailing views on divine providence with particular attention to the questions of human free will the problem of evil and God's perception of time Volume contributors and their basic viewpoints are Paul Helseth God causes every creaturely event that occurs William Lane Craig through his middle knowledge God controls the course of worldly affairs without predetermining any creature's free decisions Ron Highfield God controls creatures by liberating their decision making Gregory Boyd human decisions can be free only if God neither determines nor knows what they will be Introductory and closing essays by Dennis Jowers give relevant background and guide readers toward their own informed beliefs about divine providence Four Views on Divine Providence helps readers think theologically and biblically about all the issues involved in exploring this doctrine The point counterpoint format reveals the assumptions and considerations that drive equally learned and sincere theologians to disagreement with each other It unearths the genuinely decisive issues beneath a philosophically dense debate The Counterpoints series
