### **From Hopalong to Hud**

Charles Leland Sonnichsen, 1978 Many books and innumerable articles have been published on the subject of Westerns since 1960 but the emphasis has been almost entirely on Western movies Not much attention has been paid to the fiction of and about the American West This book begins with the assumption that the novel of the West is a sort of autobiography of the West and that the writing must be studied if we are to see what our fiction reveals about ourselves In these eleven essays C L Sonnichsen looks at both popular and serious fiction starting with a consideration of what the West means to America and the world and going on to discuss a number of topics that act as mirrors to our prejudices and emotions What does our fiction show has happened to our feelings about the Mexican over the last century About violence

About sex About the mythical West The author's final chapter suggests other doors that should be opened other topics of Western fiction that should be investigated and discussed In scope and variety of approaches this book is unique Some chapters will provoke heated disagreement but the subject is timely Nothing is more interesting to us than ourselves and these essays tell something about who and what we are     **Books Out-of-print** ,1986     **Pilgrim in the Sun** Charles Leland Sonnichsen,1988     **Westerns** Library of Congress,Library of Congress.
