Terror In The Countryside Campesino Responses To Political Violence In Guatemala 1954-1985

Edward L. Cleary

Terror In The Countryside Campesino Responses To Political Violence In Guatemala 1954-1985:

Guatemalans in the Aftermath of Violence Kristi Anne Stølen, 2007-06-13 In this study of Guatemalan peasants rebuilding their lives after years in the crossfire anthropologist Kristi Anne Stølen examines the dynamics of violence survival strategies in situations of extreme violence and social reconstruction in its aftermath **Missionaries and Resistance in Guatemala**

Mario Trinidad, 2024-09-05 In Guatemala the 36 year armed conflict from 1960 to 1996 claimed 200 000 lives over two per cent of the population and displaced a million more In the 1970s and the 1980s the widespread and violent repression of social movements fighting for justice and human rights reached unimaginable proportions involving assassinations disappearances and exile Even parts of the Church traditionally considered an ally of the powerful and the wealthy were not spared this fate **Missionaries and Resistance in Guatemala** chronicles the involvement of certain Catholic missionaries in popular and revolutionary movements Based primarily on their own accounts it narrates their gradual progression from conservative theological and pastoral practices to radical positions informed by their solidarity with the poor and a theology of liberation Their stories are situated in a wider geopolitical and ecclesial context **A History of Political Murder in Latin America**

W. John Green, 2015-04-27 A sweeping study of political murder in Latin America This sweeping history depicts Latin America's pan regional culture of political murder Unlike typical studies of the region which often focus on the issues or trends of individual countries this work focuses thematically on the nature of political murder itself comparing and contrasting its uses and practices throughout the region W John Green examines the entire system of political murder the methods and justifications the perpetrators employ the victims and the consequences for Latin American societies Green demonstrates that elite and state actors have been responsible for most political murders assassinating the leaders of popular movements and other messengers of change Latin American elites have also often targeted the potential audience for these messages through the region's various dirty wars In spite of regional differences elites across the region have displayed considerable uniformity in justifying their use of murder imagining themselves in a class war with democratic forces While the United States has often been complicit in such violence Green notes that this has not been universally true with US support waxing and waning A detailed appendix exploring political murder country by country provides an additional resource for readers **Guatemalan Vigilantism and the Global (Re)Production of Collective Violence**

Gavin Weston, 2019-08-23 This book grounds an understanding of lynching as an increasingly globalised phenomenon through an examination of two cases in Guatemala The chapters cover issues of migration tourism gangs inter generational conflict media gossip and rumour to understand national and global patterns of mob based vigilantism and how diverse factors are funnelled into singular acts of violence Gavin Weston critically engages with the discussion of Guatemalan lynchings as a form of post conflict violence alongside other less direct chains of causation Lynchings have complex tiered causations based in contestations regarding ideas and provision of justice Underlying social problems and similarities in the way lynchings

spread through talk and media make them relatively anticipatable in certain contexts and suggest possible spaces for mitigation against their viral spread This volume will be relevant to Latin Americanists and those interested in the anthropology and sociology of violence post conflict violence and peace studies

Terror in the Countryside Rachel A. May, 2001 The key to democratization lies within the experience of the popular movements Those who engaged in the popular struggle in Guatemala have a deep understanding of substantive democratic behavior and the experience of Guatemala's civil society should be the cornerstone for building a meaningful formal democracy In *Terror in the Countryside* Rachel May offers an in depth examination of the relationship between political violence and civil society Focusing on Guatemala Professor May develops a theoretical scheme that calls into question the more conventional understandings of both violence and civil society By elaborating a cyclical model of violence and suggesting a typology of rural campesino popular organizations *Terror in the Countryside* provides both a history and an analysis of late twentieth century violence and of the role of campesino organizations during the worst years of conflict in Guatemala This history details the way ideologies organizational structures and mobilization strategies evolved in response to the climate of terror emphasizing the courage and sacrifice of those who worked for justice and human rights This book argues that the peace accords can be considered only as a first step to eliminate a violence that has become deeply rooted in the political life of the country

Historical Dictionary of Guatemala Michael F. Fry, 2018-02-20 Guatemala holds a dual image For more than a century travel writers explorers and movie producers have painted the country as an exotic place a land of tropical forests and the home of the ancient and living Maya Archaeological ruins abandoned a millennium ago have enhanced their depictions with a wistful dreamy aura of bygone days of pagan splendor and the unique colorful textiles of rural Maya today connect nostalgically with that distant past Inspired by that vision fascinated tourists have flocked there for the past six decades Most have not been disappointed it is a genuine facet of a complex land Guatemala is also portrayed as a poor violent repressive country ruled by greedy tyrants with the support of an entrenched elite the archetypal banana republic The media and scholarly studies consistently confirm that fair assessment of the social political and economic reality The *Historical Dictionary of Guatemala* contains a chronology an introduction and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Guatemala

The Oxford Handbook of Central American History Robert H. Holden, 2022 Leading scholars of Central America offer critical analyses of major themes in the historiography of this seven country region of Latin America Chapters engage both the novice's search for basic orientation and context and the experienced scholar's interest in evaluative critiques of the historical literature

Forensic Anthropology Teams in Latin America Silvia Dutrénit-Bielous, 2019-11-06 This book charts the development of forensic anthropology teams in Latin America and surveys their main characteristics achievements and challenges in light of a recent past fraught with state

repression and violence The volume contains contributions by an interdisciplinary group of scholars from several Latin American universities with chapters on Argentina Chile Uruguay Peru Guatemala and Mexico These countries shared legacy is a host of human rights violations that continue to have an impact on present day society Following the move towards democracy and a public demand for truth and justice the volume highlights the role of forensic anthropology teams and their contribution as a source of information for the historical narrative as a legal asset in enforcing the right to truth and in achieving reparation for victims This collection will be of interest to scholars from Anthropology Latin American Studies Politics and History **The Guatemala Reader** Greg Grandin, Deborah Levenson-Estrada, Elizabeth Oglesby, 2011-10-31
 DIVAn interdisciplinary anthology on the largest most populous nation in Central America covering Guatemalan history culture literature and politics and containing many primary sources not previously published in English div

Ch'orti'-Maya Survival in Eastern Guatemala Brent E. Metz, 2006-05-01 Scholars and Guatemalans have characterized eastern Guatemala as Ladino or non Indian The Ch orti do not exhibit the obvious indigenous markers found among the Mayas of western Guatemala Chiapas and the Yucat n Peninsula of Mexico Few still speak Ch orti most no longer wear distinctive dress and most community organizations have long been abandoned During the colonial period the Ch orti region was adjacent to relatively vibrant economic regions of Central America that included major trade routes mines and dye plantations In the twentieth century Ch orti s directly experienced U S backed dictatorships a 36 year civil war from start to finish and Christian evangelization campaigns all while their population has increased exponentially These have had tremendous impacts on Ch orti identities and cultures From 1991 to 1993 Brent Metz lived in three Ch orti Maya speaking communities learning the language conducting household surveys and interviewing informants He found Ch orti s to be ashamed of their indigeneity and he was fortunate to be present and involved when many Ch orti s joined the Maya Movement He has continued to expand his ethnographic research of the Ch orti annually ever since and has witnessed how Ch orti s are reformulating their history and identity *Paramilitary Groups and the State under Globalization* Jasmin Hristov, Jeb Sprague, Aaron Tauss, 2021-12-30 This book examines the phenomenon of paramilitarism across Latin America and the Caribbean Eastern Europe Africa and Asia offering a nuanced perspective while identifying key patterns in the way paramilitary violence is implicated in processes of capital accumulation state building and the reproduction of social power Paramilitary violence a key modality of coercion in the era of globalization has been pursued by states and dominant classes in the Global South to reproduce or extend their power over subaltern groups Paramilitary groups are responsible for atrocities including extrajudicial executions disappearances torture rape and forced displacement The book integrates empirically rich investigations into an emergent theory of political violence capturing the relationship between parastatal armed actors capital and the state The analysis sheds light on globally relevant phenomena such as the end of the Cold War the shifting role of US hegemony and evolving nature of the nation state The book is suitable for academics graduate and

upper year undergraduate students and policy makers in development human rights and violence prevention Given its interdisciplinary subject it appeals to scholars from a wide range of disciplines including political science sociology political anthropology development peace and conflict security and terrorism international relations and global studies

Paramilitarism and Neoliberalism Jasmin Hristov, 2016-11-20 The people of Colombia have for the last fifty years been subject to a specific form of violence paramilitarism An embodiment of the dark underbelly of global capitalist accumulation this form of pervasive violence expresses the exacerbation of social inequalities and class formation under capitalism In *Paramilitarism and Neoliberalism* Jasmin Hristov theorises this extreme expression in light of forced displacement labour repression subjugation of social movements decentralisation of violence drug trafficking and the emergence of a variety of para institutional armed actors across Latin America The activities of paramilitary groups in the postdemobilisation era their involvement in human rights violations and their multilevel support networks inside major state institutions are documented with a particular emphasis on violent dispossession and illegal land appropriation that has benefited agroindustries and mining enterprises Hristov engages in a Marxist political economy approach combined with a global sociological perspective allowing for an expansive and deep reaching understanding of paramilitarism as a phenomenon with many faces ultimately illustrating how it is increasingly becoming the coercive counterpart of global capital

Beyond the Eagle's Shadow Julio E. Moreno, 2013-12-30 The dominant tradition in writing about U S Latin American relations during the Cold War views the United States as all powerful That perspective represented in the metaphor talons of the eagle continues to influence much scholarly work down to the present day The goal of this collection of essays is not to write the United States out of the picture but to explore the ways Latin American governments groups companies organizations and individuals promoted their own interests and perspectives The book also challenges the tendency among scholars to see the Cold War as a simple clash of left and right In various ways several essays disassemble those categories and explore the complexities of the Cold War as it was experienced beneath the level of great power relations

Violence and Social Justice V. Bufacchi, 2007-10-23 Violence and injustice are two major political problems facing the world today Offering a fresh innovative analysis of the concept of violence this book presents an original insight into the nature of injustice Addressing three key questions it forces us to rethink the scope and aims of a theory of social justice

Caribbean Revolutions Rachel A. May, Alejandro Schneider, Roberto González Arana, 2018-06-21 A comprehensive history and comparative analysis of the most important Caribbean armed revolutionary movements during the Cold War era

Human Rights and Wrongs Helen Fein, 2015-12-03 *Human Rights and Wrongs* explains the persistence of crimes against humanity since the Holocaust including slavery terror and genocide Using extended country descriptions and analyses the book goes beyond case studies to explain such gross human rights violations in terms of an integrated theory of life integrity giving readers vivid illustrations in addition to a theoretical framework Distinguished author Helen Fein then asks how we can arrest human wrongs and discusses whether

democracy is the answer She shows the positive links among human rights freedom and development and draws out policy recommendations from her findings Their Future Michael Gubser, 2025-05-27 A compelling examination of how economic development projects ignore local history and the effects of this shortsightedness Foreign aid planners rarely consider the history of the societies in which they work an oversight noted in the development literature but rarely examined Aid programs costing billions of dollars operate largely in a historical vacuum divorced from the knowledge of what succeeded or failed in the past Michael Gubser chronicles the varieties of ahistoricism in international development theory and practice since 1945 He traces the history of development ideas analyzing key theoretical and policy statements to highlight the marginalization of history in favor of technical solutions to economic and social problems and he examines aid programs in several developing countries to show how Western models of social and economic development have been applied and misapplied **NACLA Report on the Americas**, 2001 **The Challenge of Priestless Parishes** Edward L. Cleary, 2014 This book traces the origins of priestless regions of the Catholic Church in five Latin American countries and demonstrates that the situation was far more common than previously described Dealing with Peace Simon Granovsky-Larsen, 2019-05-06 Dealing with Peace presents the struggles of the Guatemalan campesino peasant social movement during the country's post conflict transition from 1996 to the present focusing on efforts to obtain land and improve livelihoods within a shifting yet consistently hostile political economic environment With special focus on the relationship between the movement and the neoliberal state Simon Granovsky Larsen asks whether the acceptance of neoliberal resources in this case support for land access in Guatemala provided by the World Bank funded Fondo de Tierras reduces the potential for social movements to continue to work for transformative change Positioned in contrast to studies warning that social movements cannot maintain their original vision after accepting such support this book argues that organizations within the Guatemalan campesino movement have engaged strategically with neoliberalism utilizing available resources to advance visions of social change Using a wealth of primary data collected over more than a year of fieldwork it contributes significantly to the study of Guatemalan politics and advances understandings of the grounded operation of neoliberalism Exploring both the dynamics of a national neoliberal transition and the ways in which these play out within civil society Dealing with Peace reveals the long term and often contradictory negotiation of political and economic transitions

Right here, we have countless ebook **Terror In The Countryside Campesino Responses To Political Violence In Guatemala 19541985** and collections to check out.
