## **Terror Enigma:**

**The Terror Enigma** Justin Raimondo, 2003 9 11 what did the Israelis know and when did they know it With information culled from mainstream sources author Justin Raimondo shows in this eye opening book that Israel s spies in the United States had been watching the 9 11 terrorists As the terrorists were planning the biggest and deadliest terrorist attack in American history Israeli agents in the U S were watching them 24 7 living literally next door to Mohammed Atta according to one account Did Israeli intelligence have foreknowledge of 9 11 As one law enforcement source close to the investigation told Fox News the real question is how could they not have known But if they knew then why didn t they tell us *Red Army Faction. Red Brigades, Angry Brigade. The Spectacle of Terror in Post War Europe* Gianfranco Sanguinetti, John Barker, Charity Scribner, Tom Wise, 2015-07-13 This collection brings together a spread of writers revolutionaries and reprobates to offer up a variety of critical perspectives on key European armed struggle groups from the 1970 s Gianfranco Sanguinetti founding member of the Italian Section of the Situationist International writes in *On Terrorism and the State* 1978 Italian terrorism is the last enigma of the society of the spectacle and only those who reason dialectically can solve it Today all those who speak of social revolution without denouncing and combating the terrorist counter revolution have a corpse in their mouths Dave and Stuart Wise *King Mob* look into the relationship between the Italian Communist Party workers struggles post 68 and the roots of the Red Brigades concluding of the latter they added to the substitutionism of Lenin who replaced the proletariat by the Party by replacing the Party with the armed struggle Prof Charity Scribner MIT contributes *Buildings on Fire* The Situationist International and the Red Army Faction exploring how and why the SI and the RAF s differing definitions of autonomy produced divergent modes of resistance Both the RAF and the Situationists drew from the arsenals of anarchism and Marxism But whereas Debord critiqued the society of the spectacle the leaders of the RAF became fodder for the media machine leaving a legacy heavy on style but light on political analysis Tom Vague contributes fast paced potted histories of the RAF and Angry Brigade both strong on time line energy both useful entry level introductions to the respective narratives John Barker was sentenced to ten years at the Old Bailey in 1972 for his Angry Brigade activities they framed a guilty man and here he laments Tom Vague s fetishisation of the Angry Brigade and how comfortable he is with the situationist angle while saying nothing about the analysis and theory that came out of the Italian movement from *Potere Operaio* onwards which was more important to us Barker s piece dated from the late 1990 s goes on to give a brief but uniquely frank first person perspective on the AB s activities viewed through the prism of realism maturity and continued belief in the revolutionary potential of mass working class action over the clandestine substitutionist activities of the few a fitting end to this book **Scripts of Terror** Benedict Wilkinson, 2020-02-01 This book explores terrorism as a strategic choice one made carefully and deliberately by rational actors Through an analysis of the terrorist groups of Egypt Saudi Arabia and Yemen this book charts a series of different strategic scripts at play in terrorist behavior from survival to

efforts in mobilizing a supporter base through to the grinding attrition of a long terrorist campaign The theme that runs through all the organizations is the unbridgeable gap between their strategic vision and what actually unfolds Regardless of which script terrorists follow they often fall short of achieving their political ambitions And yet despite its frequent failure the terrorist strategy is returned to time and again people continue to join such groups and to commit mindless acts of violence Scripts of Terror explores the reasons behind this It asks why if terrorism is so rarely successful and so hard to pull off its approach remains an appealing one And it examines how terrorists formulate their strategies and how they envisage achieving their ambitions through violence Most importantly it explores why they so often fail
