Terror and the Cinematic Sublime Todd A. Comer, Lloyd Isaac Vayo, 2013-02-11 This collection considers film in the aftermath of September 11 2001 Eleven essayists address Hollywood movies indie film and post cinematic media including theatrical films by directors such as Steven Spielberg Darren Aronofsky Quentin Tarantino and Spike Lee and post cinematic works by Wafaa Bilal Douglas Gordon and Peter Tscherkassky among others All of the essays are written with an eye to what may be the central concept of our time the sublime The sublime that which can be thought but not represented the unrepresentable provides a ready tool for analyses of trauma horror catastrophe and apocalypse the military industrial complex the end of humanism and the limits of freedom Such essays take the pulse of our cultural moment while also providing the reader with a sense of the nature of the sublime in critical work and how it continues to evolve conceptually in the 21st century **Sharon** Anita Miller, Jordan Miller, Sigalit Zetouni, 2005 Ariel Sharon Israel s former Prime Minister was perhaps one of the most controversial public figures in the Mideast He was born in 1928 in a moshav an agricultural community in which unlike a kibbutz residents own their own property and was raised by parents who were not only ardent Zionists but also rugged individualists His father especially was contemptuous of socialism and believed in individual enterprise raising his son to be self reliant and physically strong in order to prepare him for the inevitable struggle to establish a Jewish state Sharon was perhaps best known as the organizer of what was called Commando Unit 101 and for his original ideas for the training of commando forces which he later adapted to the training of larger more traditional armies During his military career he personally led many raids into Arab territory and has been criticized for his role in the destruction in 1953 of some forty Arab homes which he insisted he thought were empty and in which sixty nine Arabs died Later in 1982 he was blamed also for allowing the Lebanese Christian Militia into a Palestinian refugee camp in which hundreds were killed His political career was of course indelibly colored by his military exploits What made Sharon tick What kind of a man was he How did his

childhood and early life condition him to become a brilliant commander controversial soldier and an as yet untested leader of a small democracy which is divided both within and without This first biography in English frank but balanced will perhaps answer some of the questions raised by his career both as a soldier and politician *Pakistan's War on Terrorism* Samir Puri,2012-02-20 This book examines Pakistan s strategies in the war against Islamist armed groups that began late 2001 following the 9 11 attacks The significance of the war inside Pakistan can hardly be understated Starting in the tribal territories adjacent to Afghanistan Pakistan s war has come to engulf the majority of the country through a brutal campaign of suicide bombings Thousands of Pakistani lives have been lost and the geostrategic balance of the region has been thrown into deep uncertainty Pakistan s War on Terrorism is an account of a decade long war following the 9 11 attacks that is yet to be chronicled in systematic fashion as a campaign of military manoeuvre and terrorist reprisal It is also an analytic account of Pakistan s strategic calculus during this time both in military and political terms and how these factors have been filtered by Pakistan s unique strategic culture This text will be of great interest to students of Asian Politics Terrorism and Political Violence and Security Studies in general *Jihad in the West* Frazer Egerton,2011-03-17 Militant Salafism is one of the most significant movements in politics today Unfortunately its significance has not been matched by understanding To begin to address this knowledge deficit this book argues that rather than the largely unhelpful pursuit of individual root causes offered in much of the literature we would be better served by looking at the factors that have enabled and facilitated a particular political imaginary That political imaginary is one that allows individuals to conceive of themselves as integral members of a global battle waged between the forces of Islam and the West something that lies at the heart of militant Salafism Frazer Egerton shows how the ubiquity of modern media and the prevalence of movement have allowed for a transformation of existing beliefs into an ideology supportive of militant Salafism against the West amongst Western Muslims

Philosemitism W. Rubinstein,1999-06-23 This fascinating book has two aims The first is to draw attention to the existence of a persisting and virtually unrecognised tradition of philosemitism which manifested itself in Britain and elsewhere in the English speaking world during every significant international outbreak of antisemitism during the century after 1840 The second is to offer a typology of philosemitism distinguishing between varieties of support for the Jewish people *Xinjiang - China's Northwest Frontier* K. Warikoo,2016-03-02 Xinjiang is the pivot of Asia where the frontiers of China Tibet India Afghanistan Pakistan and Central Asia approach each other The growing Uyghur demand for a separate homeland and continuing violence in Xinjiang have brought this region into the focus of national and international attention With Xinjiang becoming the hub of trans Asian trade and traffic and also due to its rich energy resources Uyghur Muslims of Xinjiang are poised to assert their ethno political position thereby posing serious challenge to China s authority in the region This book offers a new perspective on the region with a focus on social economic and political developments in Xinjiang in modern and contemporary times Drawing on detailed analyses by experts on Xinjiang from India Central Asia Russia Taiwan
