Ruminations: Selected Philosophical, Historical, and Ideological Papers, Volume 1, Part 2. The Finite Eric v.d. Luft, 2020-09-13 Since the 1970s I have pursued three separate but

overlapping and sometimes simultaneous careers 1 philosopher writer teacher historian of the long nineteenth century 1789 1914 2 editor translator photographer publisher biographer encyclopedist 3 cataloging librarian rare books and special collections librarian historian of medicine Somehow these three vocations have garnered me some acclaim even an entry in Who s Who in America Each of them has resulted in some published or presented works Because these works have been

scattered in a wide variety of venues some of which have gone out of print or have otherwise become generally unavailable and of course with the oral presentations being gone as soon as they are given I have thought it wise to select epitomize and bring them together in one place here Thus what follows in these volumes is what I consider to be the most important of my shorter works All translations are my own unless otherwise indicated

The Terrorism Trap Harrison Akins, 2023-06-20 After two decades and trillions of dollars the United

States fight against terrorism has achieved mixed results Despite the vast resources and attention expended since 9 11 terrorism has increased in many societies that have been caught up in the war on terror Why have U S policies been unable to stem the tide of violence Harrison Akins reveals how the war on terror has had the unintended consequence of increasing domestic terrorism in U S partner states He examines the results of U S backed counterterrorism operations that targeted al Qaeda in peripheral regions of partner states over which their central governments held little control These operations often provoked a violent backlash from local terrorist groups leading to a spike in retaliatory attacks against partner states Senior U S officials frequently failed to grasp the implications of the historical conflict between central governments and the targeted peripheries Instead they exerted greater pressure on partner states to expand their counterterrorism efforts This exacerbated the underlying conditions that drove the escalating attacks trapping these governments in a deadly cycle of tit for tat violence with local terrorist groups This process Akins demonstrates accounts for the lion s share of the al Qaeda network s global terrorist activity since 2001 Drawing on extensive primary sources including newly declassified documents dozens of in depth interviews with leading government officials in the United States and abroad and statistical analysis *The Terrorism Trap* is a groundbreaking analysis of why counterterrorism has backfired *Ruminations, Volume 5: Fugitive Leaves* Eric v.d.
