Terrorism Organized Crime Social Distr:

Terrorism and Political Violence in West Africa: a Global Perspective Adebayo E. Adeyemi, Mahmoud N. Musa, 2015-07-30 While it could be arguably stated that West Africa has achieved remarkable and sustainable progress in the areas of democratic governance and economic growth the sub region over the past few years has been challenged by terrorism and other transnational security threats Innocent civilians are continuously killed security operatives and providers of humanitarian assistance targeted properties and infrastructure wantonly destroyed thus culminating in significant displacement of people and acute poverty If these developments are not carefully and timeously addressed they are capable of eroding progress so far recorded It is against this background that this Thesis undertakes a study of the different manifestations of terrorism and related transnational security challenges in West Africa to explore the internal and external sources and drivers of instability establish the linkages between terrorism and transnational threats examine the various steps taken in recent time to strengthen the sub regions capacity to prevent and address the menace of terrorism and other security challenges and make necessary policy recommendations based on comprehensive best practices

Transnational Organized Crime and Jihadist Terrorism Michael Fredholm, 2017-09-14 This book describes and analyzes the convergence of transnational organized crime and jihadist terrorism that has taken place within Russian speaking social networks in Western Europe Studies have shown that while under certain circumstances links between criminal organizations and terrorist groups appear these are usually opportunistic and temporary in nature Only rarely do they develop into something deeper and transformative a convergence between crime and terrorism This book reveals that Russian speaking transnational organized crime and jihadist terrorism pose a serious threat to security and constitute a major challenge for law enforcement Through their links with transnational organized crime Russian speaking jihadist networks from the Caucasus and Central Asia have easier access to weaponry commercial explosives and forged IDs than many other jihadist networks Being in effect an integral component of transnational organized crime the Russian speaking jihadists can be assessed as potentially more capable than many other jihadists The book assesses the effects of terrorism and organized crime on Russian speaking diasporas in Western Europe and examines the implications for counterterrorism as well as policing on how to counteract the illegal activities of these networks Drawing on Swedish court cases the work shows that an additional and sometimes more effective way to fight terrorism is by focusing on the non terrorist types of crime perpetrated by terrorists This book will be of much interest to students of terrorism and counter terrorism political violence criminology security studies and IR in general

Global Organized Crime Mitchel P. Roth, 2010-05-05 This book offers a comprehensive multidimensional look into the major activities groups causes and policing strategies related to global organized crime Global Organized Crime A Reference Handbook examines global organized crime dating back to its 17th century roots Unlike most works on the subject which take a parochial approach by concentrating on individual countries or

regions this book uniquely details the impact of 21st century globalization on such groups and their activities Exploring the continuum of international organized crime and related developments from its early beginnings to the present era the book also looks at the complicated issues that continue to influence its growth It covers the impact of the end of the Cold War immigration the global drug trade weapons sales human smuggling and trafficking the convergence of funding sources and the effects of technology What especially distinguishes this book is the connections it makes between organized crime activities and failed states civil wars political transitions regional conflicts and terrorist groups

Transnational Terrorism, Organized Crime and Peace-Building W. Benedek, C. Daase, V. Dimitrijevic, P. van Duyne, Vojin

Dimitrijevi?, Petrus van Duyne, 2010-05-12 This volume investigates the role of the transnational terrorist and criminal organizations in the peace building processes with a particular focus on the Western Balkan region Conducted within the framework of human security analysis the research focuses on the security of the human being

The Other Side of Resilience to Terrorism Barbara Lucini, 2017-10-02 This timely treatise introduces an innovative prevention preparedness model for cities to address and counter terrorist threats and events It offers theoretical background mixed method research and tools for creating a resilience based response to terrorism as opposed to the security based frameworks commonly in use worldwide The extended example of Milan as a resilient healthy city pinpoints sociological political and economic factors that contribute to terror risk and outlines how law enforcement and emergency management professionals can adopt more proactive measures From these observations and findings the author also makes recommendations for the professional training and city planning sectors to address preparedness issues and for community inclusion programs to deter criminal activities in at risk youth Features of the coverage Summary of sociological theories of terrorism The Resilience D model for assessing and managing urban terrorist activity Findings on resilience and vulnerabilities of terror groups Photo illustrated analysis of neighborhoods in Milan describing areas of risk and resilience Virtual ethnography with perspectives from native residents recent immigrants and security experts Proposals for coordinated communications between resource agencies The Other Side of Resilience to Terrorism will hold considerable interest for students stakeholders practitioners and researchers It makes a worthwhile text for various academic disciplines e g urban sociology crisis management as well as for public agencies and policymakers

Organized Crime as Institutional Cluster Tetiana Melnychuk, 2023-09-26 From the perspective of institutionalism and theories of clusters this book provides a concept of organized crime as an institutional cluster in contrast to the concept of multiple offences associated with organized criminal groups or and criminal organizations The book offers shifts in the methodology of organized crime analysis and extrapolates the tools of cluster modelling successfully approbated in the social and economic sciences as a method for the organization of spatially localized systems to the criminological field Such an approach gives a fresh view of organized crime essence and contributes to the deeper and more sophisticated understanding of organized crime modus operandi as well as its influence on the social

landscape Organized crime in today's world is increasingly moving from rigidly structured entities to decentralization with unclear blurred edges and a hybrid structure which is dictated by the rationality of adapting to social change including the emergence of new widespread demands for illegal goods and services new ways to evade social control the prevalence of poly criminal activities the involvement in general digitalization and so on Specifically the study is focused on the evolution of organized crime models in Ukraine considering the socioeconomic political and ideological background Organized crime in Ukraine has gone through numerous transitions encompassing professionally or traditionally organized criminal groups the so called community of thieves in law functional racketeering groups businessmen who accumulated their initial capital through the shadow economy bureaucratically constructed groups from former official vertically powerful ruling circles networks of personal or professional connections of the Soviet special services oligarchic clan pyramidal structures and amorphous delocalized cyber entities This book also gives a broad picture of contemporary criminal clusters in Ukraine and an assessment of a full scale war's impact Russia's invasion on 24 February 2022 and massive hostilities provoked a turbulent situation for organized crime resulting in the breaking of former criminal ties and the degradation of certain criminal and corrupt practices At the same time the war and the martial law regime created opportunities for organized crime in Ukraine to develop new illegal markets and relocate existing ones

The Nexus Between Organized Crime and Terrorism Paoli, Letizia, Fijnaut, Cyrille, Wouters, Jan, 2022-02-18 In the post 9 11 era the nexus between organized crime and terrorism has raised much concern and has been widely discussed in both academic and policy circles but is still largely misunderstood This critical book contributes innovatively to the debate by distinguishing three types of nexus interaction transformation imitation and similarities and identifying the promoting factors of each type

Organized Crime Antonio Nicaso, Marcel Danesi, 2025-08-14 This book aims to describe and demystify what makes organized criminal groups so culturally powerful It examines their codes of conduct initiation rites secret communication methods origin myths symbols and lifestyles that imbue them with the pride and nonchalance that go hand in hand with their criminal activities Mobsters are everywhere in the movies on television on websites and now in the Metaverse Contemporary societies across the globe are fascinated by them Why is this so What features and constituents of organized criminal gangs make them so emotionally powerful to themselves and others These are the questions that have guided the writing of the second edition of this textbook which is intended as an introduction to organized crime from the angle of cultural analysis Key topics included in this new edition An historic overview of organized crime including the social economic and cultural conditions that favor its development A description and character analysis of the type of people who make up organized criminal groups and the activities in which they engage The symbols rituals codes and languages that characterize criminal institutions The relationship between traditional organized crime cybercrime and evolving forms of crime on the Dark Web and in the Metaverse The traditional and changing roles of women in organized crime The transnational operations of criminal groups

Media portrayals of organized crime Policing responses to organized crime The use of technologies by the organized criminal groups This new edition includes case studies and offers an accessible interdisciplinary approach to the subject of organized crime It is essential reading for students engaged with organized crime across criminology sociology anthropology and psychology

Understanding Recruitment to Organized Crime and Terrorism David Weisburd, Ernesto U. Savona, Badi Hasisi, Francesco Calderoni, 2020-06-11 This volume provides insights on how recruitment patterns develop for two related types of criminal networks organized crime and terrorism It specifically explores the social situational psychological and economic drivers of recruitment Although organized crime networks and terrorism networks can differ in underlying goals and motivations this volume demonstrates common drivers in their recruitment which will provide insights for crime prevention and intervention The goal of the book is to explore the current knowledge about these common drivers as well as highlight emerging research to identify and prioritize a research agenda for scholars as well as policymakers The research presented in this work aims to fill existing gaps in the knowledge of recruitment to both organized crime and terrorism For each area it provides a systematic review of the existing research on social psychological and economic drivers of recruitment It then presents findings from independent original research aimed to explore new ground not covered in these previous studies The contributions to this volume were the result of a research project funded by a European Union Horizon 2020 grant and present a diverse international mix of expertise and cases It will be of interest to researchers in criminology and criminal justice as well as related fields such as sociology psychology and international relations Chapter 13 of this book is available open access under a CC BY 4.0 license

Routledge Handbook of Transnational Organized Crime Felia Allum, Stan Gilmour, 2012-03-15 Transnational organized crime crosses borders challenges States exploits individuals pursues profit wrecks economies destroys civil society and ultimately weakens global democracy It is a phenomenon that is all too often misunderstood and misrepresented This handbook attempts to redress the balance by providing a fresh and interdisciplinary overview of the problems which transnational organized crime represents The innovative aspect of this handbook is not only its interdisciplinary nature but also the dialogue between international academics and practitioners that it presents The handbook seeks to provide the definitive overview of transnational organized crime including contributions from leading international scholars as well as emerging researchers The work starts by examining the origins concepts contagion and evolution of transnational organized crime and then moves on to discuss the impact governance and reactions of governments and their agencies before looking to the future of transnational organized crime and how the State will seek to respond Providing a cutting edge survey of the discipline this work will be essential reading for all those with an interest in this dangerous phenomenon

Organized Crime and Terrorist Networks Vincenzo Ruggiero, 2019-08-16 This collection explores organized crime and terror networks and the points at which they intersect It analyses the close relationships between these criminalities the prevalence and ambiguity of this nexus the technological elements facilitating it and the

financial aspects embedded in this criminal partnership Organized Crime and Terrorist Networks is the outcome of empirical research seminars workshops and interviews carried out by a multinational consortium of researchers within TAKEDOWN a Horizon 2020 project funded by the European Commission The consortium s objective was to examine the perspectives requirements and misgivings of front line practitioners operating in the areas of organized crime and terrorism The chapters collected in this volume are the outcome of such analytical efforts The topics addressed include the role of Information and Communication Technology in contemporary criminal organizations terrorism financing online transnational criminality identity crime the crime terror nexus and tackling the nexus at supranational level This book offers a compelling contribution to scholarship on organized crime and terrorism and considers possible directions for future research It will be of much interest to students and researchers engaged in studies of criminology criminal justice crime control and prevention organized crime terrorism political violence and cybercrime

Drugs in American Society Nancy E. Marion, Willard M. Oliver, 2014-12-16 Containing more than 450 entries this easy to read encyclopedia provides concise information about the history of and recent trends in drug use and drug abuse in the United States a societal problem with an estimated cost of 559 billion a year Despite decades of effort and billions of dollars spent to combat the problem illicit drug use in the United States is still rampant and shows no sign of abating Covering illegal drugs ranging from marijuana and LSD to cocaine and crystal meth this authoritative reference work examines patterns of drug use in American history as well as drug control and interdiction efforts from the nineteenth century to the present This encyclopedia provides a multidisciplinary perspective on the various aspects of the American drug problem including the drugs themselves the actions taken in attempts to curb or stop the drug trade the efforts at intervention and treatment of those individuals affected by drug use and the cultural and economic effects of drug use in the United States More than 450 entries descriptively analyze and summarize key terms trends concepts and people that are vital to the study of drugs and drug abuse providing readers of all ages and backgrounds with invaluable information on domestic and international drug trafficking and use The set provides special coverage of shifting societal and legislative perspectives on marijuana as evidenced by Colorado and Washington legalizing marijuana with the 2012 elections

Handbook of Terrorist and Insurgent Groups Scott N. Romaniuk, Animesh Roul, Pamela Fabe, János Besenyő, 2024-10-24 Handbook of Terrorist and Insurgent Groups A Global Survey of Threats Tactics and Characteristics examines the most current and significant terrorist and insurgent groups around the world The purpose is to create a descriptive mosaic of what is a pointedly global security challenge The volume brings together conceptual approaches to terrorism insurgency and cyberterrorism with substantive and empirical analyses of individual groups organisations and networks By doing so not only does the coverage highlight the past present and future orientations of the most prominent groups but it also examines and illustrates their key characteristics and how they operate including key leaders and ideologues Highlighting specific individual groups the chapters collectively present a robust and comprehensive

outlook on the current geography of terrorism and insurgency groups operating in the world today This comprehensive volume brings the collective expertise and knowledge of more than 50 academics intelligence and security officials and professionals together all of whom are considered subject experts in their respective areas of research and practice The volume is based on both desk based and fieldwork conducted by experts in these areas incorporating analyses of secondary literature but also the use of primary data including first hand interviews on the various groups regions of operation their tactics and how their ideologies motivate their actions *Organized Crime in Our Times* Jay S. Albanese,2010-04-07 This book provides a synthesis of significant developments in the nature history theories understanding and prevention of organized crime together with the criminal justice response It reports on important convictions of organized crime figures new transnational links new attention to human smuggling Internet crimes and other modern manifestations of organized criminal activity This edition includes new tables and figures including Organized Crime at the Movies boxes that tie to relevant content in the text and a glossary State, Foreign Operations, and Related Programs Appropriations for 2010 United States. Congress. House. Committee on Appropriations. Subcommittee on State, Foreign Operations, and Related Programs,2009 *Security Studies* Arda Özkan,Göktürk Tüysüzoglu,2023-07-10 As an important aspect of human polity the concept of security has an important place and space in politics Though regularly mentioned or referred the concept is rarely given a proper definition usually left in the shadows of politics and policymaking and usually referred as a cause to an effect Within the framework of this book classic modern and post modern security issues are analyzed while also focusing on the classical and diverse conceptual dimensions of security current problems are also evaluated especially in the axis of post modern security studies In security studies a distinction is usually made between classical and post modern approaches but in this study both are considered together One of the important features of this work is that it offers a perspective from Turkish experts on the concept of security in international relations **A Brief Introduction to Criminal Law** Philip Carlan,Lisa S. Nored,Ragan A. Downey,2015-07-30 Intended for an undergraduate criminal law course within a criminal justice program A Brief Introduction to Criminal Law Second Edition provides a gentle introduction to the subject ideal for students that do not intend to pursue law school The principles of criminal law are explained step by step with a focus on the professional applications of legal principles within the criminal justice system The second edition contains more and updated case studies additional coverage of consitutional law and terrorism and enhanced figures and tables Written in a conversational tone A Brief Introduction to Criminal Law Second Edition is the ideal resource for undergraduate students taking a criminal law course **Using Open Data to Detect Organized Crime Threats** Henrik Legind Larsen,José María Blanco,Raquel Pastor Pastor,Ronald R. Yager,2017-04-07 This work provides an innovative look at the use of open data for extracting information to detect and prevent crime and also explores the link between terrorism and organized crime In counter terrorism and other forms of crime prevention foresight about potential threats is vitally important and this

information is increasingly available via electronic data sources such as social media communications. However, the amount and quality of these sources is varied and researchers and law enforcement need guidance about when and how to extract useful information from them. The emergence of these crime threats such as communication between organized crime networks and radicalization towards terrorism is driven by a combination of political, economic, social, technological, legal, and environmental factors. The contributions to this volume represent a major step by researchers to systematically collect, filter, interpret, and use the information available. For the purposes of this book, the only data sources used are publicly available sources which can be accessed legally and ethically. This work will be of interest to researchers in criminology and criminal justice, particularly in police science, organized crime, counterterrorism, and crime science. It will also be of interest to those in related fields such as applications of computer science and data mining, public policy, and business intelligence.

Policing and Security in Practice T. Prenzler, 2012-04-05. This volume addresses critical questions about how to achieve the best outcomes from police and security providers by reviewing and critiquing the scientific literature and identifying best practice guidelines. Chapters cover a range of topical issues including legitimacy, organised crime, public protests, and intelligence and investigations.

Counterterrorism Benoît Gomis, 2015-07-17. Counterterrorism: Reassessing the Policy Response promotes a more nuanced understanding of the effectiveness of current counterterrorism practices and the need for reform. It challenges government, media, and academic accounts that exaggerate terrorist threats, particularly in comparison to other threats such as organized crime. Author: Benoît Gomis.
