*The Terrors of Rock and Roll* Susan Smith,1989      **The Terrors of Rock and Roll** Susan Smith,1988 Lupi and Drake start a rock band but when Drake is kidnapped Samantha and Lupi must try to find and free him      **Teen-Age Terror** Wenzell Brown,2019-01-01 Wenzell Brown s true crime expose of teenage juvenile delinquency originally published in 1958 is a less sensationalistic than its original 1950s cover would suggest The original cover copy proclaimed The inside story of juvenile delinquency told in actual cases of violence and sex      The Rock History Reader Theo Cateforis,2013 The Rock History Reader is an eclectic compilation of readings that tells the history of rock as it has been received and explained as a social and musical practice throughout its six decade history The readings range from the vivid autobiographical accounts of such rock icons as Ronnie Spector and David Lee Roth to the writings of noted rock critics like Lester Bangs and Chuck Klosterman It also includes a variety of selections from media critics musicologists fanzine writers legal experts sociologists and prominent political figures Many entries also deal specifically with distinctive styles such as Motown punk disco grunge rap and indie rock Each entry includes headnotes which place it in its historical context This second edition includes new readings on the early years of rhythm blues and rock n roll as well as entries on payola mods the rise of FM rock progressive rock and the PMRC congressional hearings In addition there is a wealth of new material on the 2000s that explores such relatively recent developments as emo mash ups the explosion of internet culture and new media and iconic figures like Radiohead and Lady Gaga With numerous readings that delve into the often explosive issues surrounding censorship copyright race relations feminism youth subcultures and the meaning of musical value The Rock History Reader continues to appeal to scholars and students from a variety of disciplines      *2000 Horror Movies* Steve Hutchison,2023-05-12 Get ready to dive into the terrifying world of horror movies like never before Critic Steve Hutchison takes you on a spine chilling journey through 2000 horror movie reviews ranked from the best to the worst With each review including the year synopsis star rating a list of genres and a short expert analysis this comprehensive guide is the ultimate resource for horror fans everywhere From classic cult favorites to modern masterpieces Hutchison s reviews cover every corner of the genre providing insight into what makes each film a must see or a must avoid Whether you re a horror veteran or just starting out this book is sure to have something that will make your blood run cold      Trilogy of Terror Alfonso Moret,2013-02-21 Roman and Elsbone were veteran animal trappers and hunters They were warned by the Chalukyas tribesmen that the Devil Dogs were ferocious and did not fear man or any other animal The hunters were experienced predators and huntsmen and knew that the wild beast that the tribesmen were leery of were just Himalayan tempestuous wolves The Chalukyas tribesmen disclosed to the hunters that they had seen two Devil Dogs bring down a huge wild boar and tear it apart one evening at the base of the Mahila Mountains It is known amongst hunters and wildlife individuals that no wild animal beasts or man want any part of the violent desolate fierce boars these Devil Dogs were fearsome and vicious The major deciding factors that

finally made the huntsmen want to seek and capture the wolves were these main issues One the Los Angeles zoo was offering a large amount of money for two legendary Devil Dogs from India The second aspect was they heard that a single Devil Dog had fought and killed a Siberian Tiger this factor increased their inquisitiveness and curiosity of this sensational beast and its folklore Their egos also played a part in their judgment to capture the animals An element they had to contemplate and had caused them concern was that they were told that the beast only come out after the sun has set Nightfall this is an advantageous factor for the nighttime predator So these beasts were nocturnal hunters this was not an odd characteristic for any wolf but still it was a concern for the hunters All these tidbits of information just enticed Roman and Elsbone even more and it heightened their hunting and ego desires The two English veteran hunters were now traveling toward their prey and compensations as they were now heading toward the foothills of the snowcapped Himalayas the hunting grounds of the Devil Dogs The huntsmen eventually had left their regular and familiar stomping grounds of South Africa years earlier because of the civil turmoil that continues to cause chaos and havoc with many of the unsettled tribes and conformed city dwellers The other object and issue was now there are all the new restrictions and hunting laws causing hardship on hunters and trappers also there were the conservation laws protecting the wild beast limiting them even more Elsbone and Roman left Africa and went and took their trade to South America But after some time they grew tired of the humid atmosphere the different language and customs along with the constant damp eerie rain forest So now they were here in India following the harsh rumors of the ferocious wild Devil Dogs that killed cattle pigs and villagers and now they also heard even killed mountain lions The hunters journey did have some hardships They needed to travel far through hot rough desolate deserts with very cold nights

**Terror Down Under** Daniel Best, 2023-07-27 In 1948 the Australian government banned the production importation and exhibition of horror films in a move to appease religious communities and entertainment watchdogs Drawing upon previously unseen government documents private letters and contemporary newspaper accounts this book is the first to extensively cover the history of censorship and the early production of horror movies in Australia Beginning its examination in the late 19th century the book documents the earliest horror films like Georges Melies The Haunted Castle 1896 and how Australians enjoyed such films before the ban The book then explains how certain imports like 1954 s Creature from the Black Lagoon were able to circumvent the ban while others were not It also reveals how Australian television though similarly impacted by government censorship was occasionally able to broadcast films technically banned from cinematic release The work concludes with a look at the first Australian horror films produced after the ban was formally lifted in 1969 like Terry Bourke s Night of Fear 1973

**Culture of Terror** Eugene E. Narrett, 2009-05 In *Culture of Terror* Eugene Narrett accomplishes a remarkable task defining and identifying the roots of postmodernism in the scientific utopianism of the Enlightenment Dr Narrett explains and traces the increasing totalitarian core of this drive to control and perfect human beings to the media distraction machine Using core texts from political philosophy and literature he follows the Romantic revolution in values and scientific utopianism through Modernism and its suicidal relativistic power mad postscript postmodernism Using a broad palette of great writings from many disciplines he traces America's regression to nihilistic paganism directed by an oligarchy and a new hi tech feudalism that impoverishes and dehumanizes In America the flower of the West the contradictions and self negation in this process are most pronounced and grotesque as shown by popular culture which he examines extensively *Culture of Terror* is a unique tale of imperial identity theft playing out its logic in confessions of regret expressive introspection psychology and the exhibitionism of media spectacles that absorb and program everything in the disintegrating language of its distraction machine

**The Terror Courts** Jess Bravin, 2013-02-19 Soon after the September 11 attacks in 2001 the United States captured hundreds of suspected al Qaeda terrorists in Afghanistan and around the world By the following January the first of these prisoners arrived at the U S military s prison camp in Guantanamo Bay Cuba where they were subject to President George W Bush s executive order authorizing their trial by military commissions Jess Bravin the Wall Street Journal s Supreme Court correspondent was there within days of the prison s opening and has continued ever since to cover the U S effort to create a parallel justice system for enemy aliens A maze of legal political and moral issues has stood in the way of justice issues often raised by military prosecutors who found themselves torn between duty to the chain of command and their commitment to fundamental American values While much has been written about Guantanamo and brutal detention practices following 9 11 Bravin is the first to go inside the Pentagon s prosecution team to expose the real world legal consequences of those policies Bravin describes cases undermined by inadmissible evidence obtained through torture clashes between military lawyers and administration appointees and political interference in criminal prosecutions that would be shocking within the traditional civilian and military justice systems With the Obama administration planning to try the alleged 9 11 conspirators at Guantanamo and vindicate the legal experiment the Bush administration could barely get off the ground *The Terror Courts* could not be more timely

*Terror in America* Leslie Herzberger, 2007-01-01 [Territory and Terror](#) Jan Mansvelt Beck, 2004-11-10 All Basque interpretations of national power have resulted in an uneasy mix of often fragmented and conflicting territorial identifications Basques can identify themselves with France Spain or an imagined Basque nation state *Territory and Terror* confronts the imagined and actual territorial dimensions of nationalism shedding new light on the Basque conflict The study provides a rich description of territoriality analysed from a comparative perspective and explores the relation between territoriality and regional differences in conflict intensity It supplies an account of the oft overlooked internal struggles between Basques arguing that overestimation of Basque nationalism as the ideological force behind the conflict often leads to a disregard of the identification of many with France or Spain In addition the author investigates the conflicts between Basque nationalists themselves over key issues such as terrorist activity *Territory and Terror* will appeal to students and researchers of nationalism and territoriality in particular to those with an interest in the Basque country
