Gautier's personal disdain for the bourgeois mindset and his penchant for poetic expression find their way into the novel's themes and characterizations resulting in a piercing exploration of love and the constraints of societal expectation. *The Cross of Berny* is highly recommended to aficionados of classic French literature and those interested in the exploration of love's complexities against a backdrop of societal conventions. The confluence of distinct literary voices within a single narrative makes this novel a uniquely enriching read not only as a consummate example of Romantic storytelling but also as an artifact of collaborative genius. DigiCat Publishing's meticulous reproduction of this classic invites readers to indulge in the enchanting world that Gautier and his contemporaries have immortalized. **All under Heaven** Tingyang Zhao, 2021-06-29

In this succinct yet ample work Zhao Tingyang, one of China's most distinguished intellectuals, provides a profoundly original philosophical interpretation of China's story and also develops a Chinese worldview for the future. Over the past few decades the question "Where did China come from" has absorbed the thoughts of many of China's best historians. Zhao, keenly aware of the persistent and pernicious asymmetry in the prevailing way scholars have gone about theorizing China according to Western concepts and categories, has tasked both Chinese and Western scholars to rethink China. Zhao introduces what he terms a distinctively Chinese centripetal whirlpool model of world order to interpret the historical progression of China's *tianxia*. **All under Heaven: Identity Construction** In this book Zhao forwards a compelling thesis not only on how we should understand China but also on how China until recently has understood itself. **The Brass Bell; or, The Chariot of Death**
