Collected Prose Paul Auster, 2024-08-06 The expanded edition of an essential collection of writings, essays and interviews from Paul Auster, one of the finest thinkers and stylists in contemporary letters. The celebrated author of *The New York Trilogy*, *The Book of Illusions* and *4 3 2 1* presents here a highly personal collection of essays, prefaces, true stories, autobiographical writings and collaborations with artists as well as occasional pieces written for magazines and newspapers including his breathtaking memoir *Financial Times*, *The Invention of Solitude*. Ranging in subject from Sir Walter Raleigh to Kafka, Nathaniel Hawthorne to the high wire artist Philippe Petit, conceptual artist Sophie Calle to Auster's own typewriter, the World Trade Center catastrophe to his beloved New York City itself, *Collected Prose* records the passions and insights of a writer who will be remembered as one of the great writers of our time. *San Francisco Chronicle* [Poetic Inquiry Atlas Vol. 1: A Survey of Rigorous Poetics](#) Adam Vincent, 2024-10-08 This edited volume illustrates various definitions and uses of poetry in research and scholarship both across disciplines and across the world. The collection offers a worldview of the capacity of poetic inquiry to enhance research and scholarship by showcasing rigorous poetics which represent epistemology and aesthetics as synergistic in action. Each chapter is intended to highlight diverse perspectives and uses of poetic inquiry, thereby highlighting commonalities and differences in praxis that include critical discussion around poetry and its uses in each poet/scholar's diverse practices, e.g. research, writing, personal development, healthcare, mental health, ecology and or scholarship. An example of poetry that showcases their approaches in action. Insights into the crafting of their poetry, i.e. what choices were made, why were specific choices made. An exploration of how their poetic work links to the vast rhizomatic array of poetic inquiry. This volume is well suited for new scholars looking for ways to integrate poetry into their praxis and experienced scholars who wish to further their understanding of the capaciousness of poetic inquiry as a valuable method, methodology, tool and or approach. It also holds insights for those interested in the power of poetry as it relates to mental health, healthcare, ecology, teaching, qualitative research and identity work. *The Cambridge Companion to Human Rights and Literature* Crystal Parikh, 2019-07-11 This Companion considers what theoretical and practical possibilities emerge at the crossroads of human rights and literature. [Reading Race](#) Aldon Lynn Nielsen, 1988 *Reading Race* examines the work of twentieth century white American poets from Carl Sandburg to Adrienne Rich from Ezra Pound to Allen Ginsberg, revealing within their poetry and casual writings a body of literature that transmits racism even as it sometimes speaks against it. Tracing the persistence of racial discourse, Aldon Nielsen argues that white Americans throughout their history have used a language of their own primacy, a language that treats blacks as an abstract other, an aggregate nonwhite to be acted upon and determined by whites. White discourse drapes over blacks an intricate veil of images and understandings, assertions of

inferiority metaphors of exoticism similes of animals tropes of fertility nothingness and death through which whites read race and beneath which blacks remain imprisoned Words Nielsen writes create and maintain relationships of power as surely as do prisons and arms Speaking of the discourse of race in America Nielsen identifies dead metaphors words images ideas that operate in much the same way as the charged detail of Pound or the objective correlative of T S Eliot Embedded in the language they are instantly recognizable to the native speaker Poets when they draw upon these metaphors demand racist thinking in order to be understood Sagetrieb ,2004 *Shifting the Blame* Nan Goodman,2021-03-09 Drawing on legal cases legal debates and fiction including works by James Fenimore Cooper Mark Twain Stephen Crane and Charles Chesnutt Nan Goodman investigates changing notions of responsibility and agency in nineteenth century America By looking at accidents and accident law in the industrializing society Goodman shows how courts moved away from the doctrine of strict liability to a new notion of liability that emphasized fault and negligence *Shifting the Blame* reveals the pervasive impact of this radically new theory of responsibility in understandings of industrial hazards in manufacturing dangers and in the stories that were told and retold about accidents In exciting tales of the actions of good Samaritans or of sea steamboat or railroad accidents features of risk that might otherwise escape our attention such as the suddenness of impact the encounter between strangers and the debates over blame and responsibility were reconstructed in a manner that revealed both imagined and actual solutions to one of the most difficult philosophical and social conflicts in the nineteenth century United States Through literary and legal stories of accidents Goodman suggests we learn a great deal about what Americans thought about blame injury and individual responsibility in one of the most formative periods of our history *The Routledge Companion to American Literary Journalism* William Dow,Roberta Maguire,2019-11-13 Taking a thematic approach this new companion provides an interdisciplinary cross cultural and international study of American literary journalism From the work of Frederick Douglass and Walt Whitman to that of Joan Didion and Dorothy Parker literary journalism is a genre that both reveals and shapes American history and identity This volume not only calls attention to literary journalism as a distinctive genre but also provides a critical foundation for future scholarship It brings together cutting edge research from literary journalism scholars examining historical perspectives themes venues and genres across time theoretical approaches and disciplinary intersections and new directions for scholarly inquiry Provoking reconsideration and inquiry while providing new historical interpretations this companion recognizes interacts with and honors the tradition and legacies of American literary journalism scholarship Engaging the work of disciplines such as sociology anthropology African American studies gender studies visual studies media studies and American studies in addition to journalism and literary studies this book is perfect for students and scholars of those disciplines *Talking to Strangers* Paul Auster,2024-05-01 Includes new early writings This vibrant collection fully displays Auster s wit and humanity a fascinating glimpse into the mind of a celebrated author Publishers Weekly starred review Beginning with a short philosophical meditation written when he was twenty and
