Testing Language Ability In The Classroom:

Testing Language Ability in the Classroom Andrew D. Cohen, 1980 Language Testing And Evaluation: An Introductory Course Desmond Michael Allison, 1999-06-01 The book brings together two related fields language testing and language programme evaluation in a way that no single introductory text has done and seeks to encourage closer relations between the two in both academic curricula and professional practice It introduces readers not just to basic concepts but to some of the major social educational and research concerns and activities that characterise language testing and evaluation The book can serve either as a basic text for a taught course or as independent reading in self study mode All chapters include suggestions for further reading and discussions frequently point towards possible explorations in classroom research and practice A glossary of key concepts and a select annotated bibliography are provided **Practical Language Testing** Glenn Fulcher, 2013-11-26 Practical Language Testing equips you with the skills knowledge and principles necessary to understand and construct language tests This intensely practical book gives guidelines on the design of assessments within the classroom and provides the necessary tools to analyse and improve assessments as well as deal with alignment to externally imposed standards Testing is situated both within the classroom and within the larger social context and readers are provided the knowledge necessary to make realistic and fair decisions about the use and implementation of tests The book explains the normative role of large scale testing and provides alternatives that the reader can adapt to their own context This fulfils the dual purpose of providing the reader with the knowledge they need to prepare learners for tests and the practical skills for using assessment for learning Practical Language Testing is the ideal introduction for students of applied linguistics TESOL and modern foreign language teaching as well as practicing teachers required to design or implement language testing programmes The book is supported by frequently updated online resources at <http://languagetesting.info> including sets of scenarios providing resources to study aviation English assessment call centre assessment military language assessment and medical language assessment The materials can be used to structure debates and seminars with pre reading and video activities Practical Language Testing was commended as a 2012 runner up of the prestigious SAGE ILTA Award for Best Book on Language Testing **Language Across Disciplinary Boundaries** Miguel Mantero, Paul Chamness Miller, John L Watzke, 2022-01-01 The International Society for Language Studies ISLS inaugurates its first volume in the series Readings in Language Studies with Language Across Disciplinary Boundaries a text that represents international perspectives on language and identity critical pedagogy language and power perspectives on second language acquisition and teacher education Founded in 2002 ISLS is a world wide organization of volunteers scholars and practitioners committed to critical interdisciplinary and emergent approaches to language studies **Testing in Language Programs** James Dean Brown, 2005 Testing in language programs is a core text for graduate and undergraduate teacher training courses in language testing assessment Ideal for both classroom use and personal reference this book targets the

need of those making both program level e.g. admissions proficiency and placement as well as classroom level testing decisions e.g. assessing what students have learned through diagnostic and achievement testing

Resources in Education, 2001-10 The Routledge Handbook of Language Testing Glenn Fulcher, Fred Davidson, 2013-10-15 Winner of the SAGE ILTA Book Award 2016 The Routledge Handbook of Language Testing will provide a comprehensive account of the area of language assessment and testing Written by leading specialists from around the world this volume brings together approximately 35 authoritative articles around 8000 words each The proposed outline for the Handbook below is divided into ten sections The section titles reflect the contents of their Language Testing and Assessment textbook in our RAL series and sketch a useful overview of the discipline Each chapter has been carefully selected to relate to key issues raised in the respective topic providing additional historical background critical discussion reviews of key research methods and an assessment of what the future might hold The Construct of Language Proficiency Ludo Verhoeven, John H. A. L. de Jong, 1992-01-01 This book aims to open up new perspectives in the study of language proficiency by bringing together current research from different fields in psychology and linguistics All contributions start out from empirical studies which are then related to applications in language assessment The book also serves as a survey of recent developments in psycholinguistic research in the Netherlands The book starts out with a thorough introduction of international literature on models of language proficiency language development and its assessment Section 1 deals with first language proficiency and addresses such problems as grammar in early child language grammatical proficiency and its variance across a range of ages reading abilities and writing skills Section 2 focuses on multilingual proficiency and deals with test bias in relation to the background of the second language learner bilingual proficiency in ethnic minority children the development of the second language learner lexicon communicative competence of school age children in the context of second language learning the assessment of foreign language attrition and the dimensionality in oral foreign language proficiency

Revisiting the Assessment of Second Language Abilities: From Theory to Practice Sahbi Hidri, 2018-01-12 This book presents an overview of revisiting the assessment of language abilities It also showcases how the measurement of such constructs can result in negative or positive washback and how outcomes might be conducive to repercussions that decide on the future of many stakeholders The 23 chapters were selected among tens of chapters received from different contexts that addressed the issue of revisiting the assessment of language abilities such as Tunisia Ukraine Algeria Russia KSA Sudan Egypt Canada Kurdistan UK USA Iran Turkey etc These contexts have highlighted the necessity to revisit the different constructs which should be assessed with a clear and straightforward foundation on students learning objectives and their actual language ability To do so most of the chapters present hands on use of relevant statistical tests that might serve in revisiting the construct definition both theoretically and operationally Perhaps the sole and intricate question that the authors of these contributions ask is what it means to revisit the assessment of the construct of individualized language

ability and how In addition the book accentuates the momentousness and significance of reflecting on test fairness and validation as the mainspring and backbone for democratization of assessment This book appeals to a broad readership such as English Language Teaching ELT practitioners language teachers students testing organizations policy makers test designers writers of test specifications testing experts researchers program evaluators especially in the Middle East and North Africa MENA as well as other international contexts
