Texas Highways ,1986 **Remembering Reconstruction** Carole Emberton,Bruce E. Baker,2017-04-12 Academic studies of the Civil War and historical memory abound ensuring a deeper understanding of how the war s meaning has shifted over time and the implications of those changes for concepts of race citizenship and nationhood The Reconstruction era by contrast has yet to receive similar attention from scholars Remembering Reconstruction ably fills this void assembling a prestigious lineup of Reconstruction historians to examine the competing social and historical memories of this pivotal and violent period in American history Many consider the period from 1863 beginning with slave emancipation to 1877 when the last federal troops were withdrawn from South Carolina and Louisiana an unfinished revolution for civil rights racial identity formation and social reform Despite the cataclysmic aftermath of the war the memory of Reconstruction in American consciousness and its impact on the country s fraught history of identity race and reparation has been largely neglected The essays in Remembering Reconstruction advance and broaden our perceptions of the complex revisions in the nation s collective memory Notably the authors uncover the impetus behind the creation of black counter memories of Reconstruction and the narrative of the tragic era that dominated white memory of the period Furthermore by questioning how Americans have remembered Reconstruction and how those memories have shaped the nation s social and political history throughout the twentieth century this volume places memory at the heart of historical inquiry Catarino Garza's Revolution on the Texas-Mexico Border Elliott Young,2004-07-26 Uses the Garza rebellion on the Texas Mexico border to analyze economic and social change in this region internationalizing U S history with its examination of a transborder area within the larger histories of Mexico and the United States *Notes From Texas* W. An East Texas Family's Civil War John T. Whatley, 2019-04-17 During six months in 1862 William Jefferson Whatley and his wife Nancy Falkaday Watkins Whatley exchanged a series of letters that vividly demonstrate the quickly changing roles of women whose husbands left home to fight in the Civil War When William Whatley enlisted with the Confederate Army in 1862 he left his young wife Nancy in charge of their cotton farm in East Texas near the village of Caledonia in Rusk County In letters to her husband Nancy describes in elaborate detail how she dealt with and felt about her new role which thrust her into an array of unfamiliar duties including

dealing with increasingly unruly slaves overseeing the harvest of the cotton crop and negotiating business transactions with unscrupulous neighbors At the same time she carried on her traditional family duties and tended to their four young children during frequent epidemics of measles and diphtheria Stationed hundreds of miles away her husband could only offer her advice sympathy and shared frustration In An East Texas Family s Civil War the Whatleys great grandson John T Whatley transcribes and annotates these letters for the first time Notable for their descriptions of the unraveling of the local slave labor system and accounts of rural southern life Nancy s letters offer a rare window on the hardships faced by women on the home front taking on unprecedented responsibilities and filling unfamiliar roles **American Heritage Society's**
