Texas America Series:

Texas Joins the United States Christy Steele, 2004-12-30 Discover what role Texas played in helping the United States achieve its Manifest Destiny of stretching from coast to coast As the only state to have been its own nation Texas has a unique history This book chronicles its journey from frontier province of Spain and Mexico to the Texas Republic and its current status as a U S state Along the way readers discover the fascinating people places and events that shaped the Lone Star State Book jacket

The Chronicles of America Series: The frontier in politics ,1919 Mexican American Civil Rights in Texas Robert Brischetto, J. Richard Avena, 2021-10-01 Inspired by a 1968 U S Commission on Civil Rights six day hearing in San Antonio that introduced the Mexican American people to the rest of the nation this book is an examination of the social change of Mexican Americans of Texas over the past half century The San Antonio hearing included 1 502 pages of testimony given by more than seventy witnesses which became the baseline twenty experts used to launch their research on Mexican American civil rights issues during the following fifty years These experts explored the changes in demographics and policies with regard to immigration voting rights education employment economic security housing health and criminal justice While there are a number of anecdotal historical accounts of Mexican Americans in Texas this book adds an evidence based examination of racial and ethnic inequalities and changes over the past half century The contributors trace the litigation on behalf of Latinos and other minorities in state and federal courts and the legislative changes that followed offering public policy recommendations for the future The fact that this study is grounded in Texas is significant as it was the birthplace of a majority of Chicano civil rights efforts and is at the heart of Mexican American growth and talent producing the first Mexican American in Congress the first Mexican American federal judge and the first Mexican American candidate for president As the largest ethnic group in the state Latinos will continue to play a major role in the future of Texas

America's Most Hated Woman Ann Rowe Seaman, 2005-03-18 Why did Life Magazine dub her the most hated woman in America Did she unravel the moral fiber of America or defend the Constitution They found her heaped in a shallow grave sawed up and burned Thus ended Madalyn Murray O Hair the articulate atheist bitch whose 1963 U S Supreme Court case ended school prayer Her Christian baiting lawsuits spanned three more decades she was on TV all over the country foul mouthed witty and passionate launching today s culture wars over same sex marriage and faith based initiatives She was a man hater who loved sex a bully whose heart broke for the downtrodden She was accused of schizophrenia alcoholism and embezzlement but never cowardice or sloth She was an ideologue who spewed toxic rage even at the followers who made her a millionaire She was a doting mother who accosted people to ask them to be sexual partners for her lonely children and whose cannibalistic love led her children to their grave She thrived on her fame but just as the curtain of obscurity began to lower the family vanished in one of the strangest of America s true crimes This is the real story of the most hated woman in America by the only author to interview the killer and those close to him and to witness the family s secret burial in Austin
