Texas Coastal Bend Trilogy:

Hobart Huson Hobart Huson,1994-01-01 Stories of two sea captains by a noted historian and attorney **Texas Market Hunting** R.K. Sawyer,2024-08-05 From its earliest days of human habitation the Texas coast was home to seemingly endless clouds of ducks geese swans and shorebirds By the 1880s Texas huntsmen or market hunters as they came to be called began providing meat and plumage for the restaurant tables and millinery salons of a rapidly growing nation A network of suppliers packers distribution centers and shipping hubs efficiently handled their immense harvest At the peak of Texas market hunting in the late 1890s Rockport merchants shipped an average of 600 ducks a day in a five month shooting season and in the last year of legal market hunting an estimated 60 000 ducks and geese were shipped from Corpus Christi alone Market men employed efficient methods to harvest nature s bounty They commonly hunted at night often using bait to concentrate large numbers of waterfowl The effectiveness of the hunt was improved when side by side double barrel shotguns and large gauge swivel guns gave way to repeating firearms with some capable of discharging as many as eleven shells in a single volley Their methods were so efficient that by the late 1800s Texas sportsmen and others blamed the alarming decline of coastal waterfowl populations on the market hunter s occupation In 1903 after a long fight and many failures the first migratory bird game law passed the Texas legislature Though the fight would continue it was the beginning of the end of the year round slaughter Most market hunters quit and those who didn t became outlaws In this book R K Sawyer chronicles the days of market hunting along the Texas coast and the showdown between the early game wardens and those who persisted in commercial waterfowl hunting Containing an abundance of rare historical photographs and oral history Texas Market Hunting Stories of Waterfowl Game Laws and Outlaws provides a comprehensive and colorful account of this bygone period **Texas Gulf Coast Stories** C. Herndon Williams,2010-12-03 The middle Texas coast known locally as the Coast Bend is an area filled with fascinating stories From as early as the days of de Vaca and La Salle the Coastal Bend has been a site of early exploration bloody conflicts legendary shipwrecks and even a buried treasure or two However much of the true history has remained unknown misunderstood and even hidden For years local historian C Herndon Williams has shared his fascinating discoveries of the area s early stories through his weekly column Coastal Bend Chronicle Now he has selected some of his favorites in Texas Gulf Coast Stories Join Williams as he explores the days of early settlement and European contact Karankawa and Tonkawa legends and the Coastal Bend s tallest of tall tales **A Hundred Years of Texas Waterfowl Hunting** R.K. Sawyer,2024-08-05 The days are gone when seemingly limitless numbers of canvasbacks mallards and Canada geese filled the skies above the Texas coast Gone too are the days when in a single morning hunters often harvested ducks shorebirds and other waterfowl by the hundreds The hundred year period from the mid nineteenth to the mid twentieth century brought momentous changes in attitudes and game laws changes initially prompted by sportsmen who witnessed the disappearance of both the birds and their spectacular habitat These changes forever affected the state s

storied hunting culture Yet as R K Sawyer discovered the rich lore and reminiscences of the era s hunters and guides who plied the marshy haunts from Beaumont to Brownsville though fading remain a colorful and essential part of the Texas outdoor heritage Gleaned from interviews with sportsmen and guides of decades past as well as meticulous research in news archives Sawyer s vivid documentation of Texas deep rooted waterfowl hunting tradition is accompanied by a superb collection of historical and modern photographs By preserving this account of a way of life and a coastal environment that have both mostly vanished A Hundred Years of Texas Waterfowl Hunting also pays tribute to the efforts of all those who fought to ensure that Texas waterfowl legacy would endure This book will aid their efforts in championing the preservation of waterfowl and wetland resources for the benefit of future generations **Barrier to the Bays** Mary Jo O'Rear,2021-12-28

Mary Jo O Rear rounds out her coastal bend trilogy with a deep and engaging look at the prehistory and history of the Texas barrier islands In Barrier to the Bays O Rear captures the deep time of the islands Mustang Padre and San Jos the bays Aransas Corpus Christi Copano Redfish and Nueces and Aransas Pass From the earliest human settlements to the twentieth century O Rear explores the complex interplay between people and economies struggling to survive in a region dominated by indifferent forces of nature Barrier to the Bays opens with the natural formation and development of the barrier isles and the arrival of Native Americans Spanish castaways French explorers and Catholic missionaries European settlements on the mainland eventually led to rich commercial development of the area and its bounty as ranching fishing and transportation took hold By the early twentieth century the people of the Coastal Bend began wrestling with a new drive to create deep water harbors along the coastline in the face of the ever present hurricane threat O Rear shows that by World War II the region had settled into a kind of practicality as tourists and traders took their place among the denizens of the islands and bays In addition to the stories of familiar historical figures Barrier to the Bays stresses the importance of technology in the settlement and development of the region Nothing could have been achieved among the barriers and bays of the Coastal Bend without the right tools O Rear underscores the importance of properly designed sailing vessels and the centrality of navigation technology as an integral part of the barrier isle story **Texas Tales and Tall Ships, Vol. 1** Malcom Lee Johnson,2021-08-02
