Grudem, 2024-09-18 What Does the Bible Teach about How to Live in Today's World How should Christians live when the surrounding culture is increasingly hostile to Christian moral values Granted the Bible is our guide but how can we know if we are interpreting it rightly with regard to ethical questions about wealth and poverty marriage and divorce birth control abortion euthanasia homosexuality ethical business practices environmental stewardship and dozens of other issues And on a very practical level how can we know God's will in the ordinary decisions of life To address questions like these Wayne Grudem author of the bestselling book Systematic Theology draws on 40 years of teaching classes in ethics to write this wide ranging introduction to biblical moral reasoning organized according to the structure of the Ten Commandments He issues a challenging call for Christians to live lives of personal holiness and offers a vision of the Christian life that is full of joy and blessing through living each day in a way that is pleasing to God Written by Wayne Grudem Bestselling author of Systematic Theology and the What the Bible Says About series Biblical and Applicable Teaches readers how to protect 7 central tenets of God's law God's honor human authority life marriage property truth and purity of heart Accessible An ideal textbook for Christian college and seminary ethics classes with straightforward language and a bibliography for the topic at the end of each chapter Replaces ISBN 978 1 4335 4965 6 The Cambridge Companion to Christian Ethics Robin Gill, 2012 Twenty essays providing an authoritative introduction to Christian ethics addressing issues such as war social justice ecology sexuality and medicine **Christian Ethics** J. Elliot Ross, 2019 **Introducing Christian Ethics** Samuel Wells, Ben Quash, 2010-02-22 This comprehensive textbook redefines the field of Christian Ethics highlighting distinctions between ethical approaches and offering thoughtful insights into the complex moral challenges facing people today Redefines the field of Christian ethics along three strands universal ethics for anyone subversive ethics for the excluded and ecclesial ethics for the church Offers students substantially more than many texts most of which focus solely on issues approaches or key figures in Christian ethics this book covers all *Moral Passion and Christian Ethics* Robin Gill, 2017-03-06 In this book Robin Gill argues that moral passion and rational ethical deliberation are not enemies and that moral passion often lurks behind many apparently rational ethical commitments He also contends that though moral passion is a key component of truly selfless moral action without rational ethical deliberation it can also be extremely dangerous Gill maintains that a reanalysis of moral passion is overdue He inspects the gap between the purely rational accounts of ethics provided by some moral philosophers and the normative positions that they espouse and or the moral actions that they pursue He also contends that Christian ethicists have not been adept at identifying their own implicit moral passion or at explaining why it is that doctrinal positions generate passionately held moral conclusions Using a range of disciplines including cognitive science and moral psychology alongside the more usual disciplines of moral philosophy and religious ethics Gill also makes links with moral passion in other world faith traditions **Christian Ethics in Plain Language** Kerby Anderson, 2005 This book provides a comprehensive introduction to Christian ethics suitable for individual study or textbook use in a Bible college or seminary The first four

chapters survey of the field of Christian ethics before focusing on specific issues Eighteen chapters confront all of the issues faced by believers today including a discussion of racial issues that goes beyond black and white business ethics on this side of Enron and war and international relations in light of today's headlines Introduction to Christian Ethics Roger H Crook, 2015-10-02 This book is a college level introductory textbook in Christian ethics It introduces the field of ethics and a variety of approaches to its study The book is written for college students and is designed to help them develop a method of dealing with the thorny moral issues Christian Ethics; Or, The True Moral Manhood and Life of Duty D.
