

NOTHING GOLD CAN STAY

BY ROBERT FROST

Nature's first green is gold,
Her hardest hue to hold.
Her early leaf's a flower;
But only so an hour.
Then leaf subsides to leaf.
So Eden sank to grief,
So dawn goes down to day.
Nothing gold can stay.

The Good Kib Poems Series In Poetry:

The Poet's Holy Craft Matthew C. Brennan, 2012-09-10 A thorough reexamination of Simms as a pioneering voice in American poetry The Poet's Holy Craft represents the first full length analysis and interpretation of William Gilmore Simms's poetry Matthew C Brennan demonstrates the comprehensiveness of Simms's romanticism by examining Simms's poetics his experimental sonnets and his deep affinity to William Wordsworth which especially shows in Simms's pioneering attitudes toward nature and ecology The poetic career of antebellum Charleston writer William Gilmore Simms 1806-1870 constitutes a cautionary tale of how ambition worthy of John Keats and talent comparable to any American poet before Walt Whitman could not alone guarantee a toehold in the literary canon Although praised in his lifetime by the likes of Edgar Allan Poe and William Cullen Bryant Simms as a poet faced virtual erasure until a recent revival of scholarship Building on the work of James Everett Kibler Brennan argues that Simms exhibits the influence of British romanticism earlier than do his canonic contemporaries Henry W Longfellow Ralph Waldo Emerson and Henry David Thoreau Brennan's reappraisal maps Simms's early imitation of neoclassicism and George Lord Byron and his slightly later absorption of Keats Percy Bysshe Shelley and Gothicism Through study of Simms's letters reviews extant lectures manuscripts and drafts Brennan delineates his subject's romantic poetics and offers new insights into his revision process Brennan finds in Simms an interest in experimentation with the forms and themes of the romantic sonnet that supersedes that of even the British romantics Noting Simms's deep affinity to Wordsworth and to a lesser degree Samuel Taylor Coleridge Brennan portrays Simms as remarkably in advance of Thoreau although from a Southern context in the environmental concerns that present themselves in his contemplative poetry and in his life and work at his home Woodlands plantation In short The Poet's Holy Craft offers a corrective that rescues Simms from the long shadow cast on his literary legacy by his Confederate affiliations and illumines his original contributions to the romantic verse tradition **The Game of Chess. A Poem Translated from the Latin [by A.**

Murphy] ... Followed by the Original Latin Text; with Explanatory Notes by S. de Bruin. Lat. and Eng Marcus Hieronymus VIDA (Bishop of Alba.), 1876 Major Fiction of William Gilmore Simms Mary Ann Wimsatt, 1999-03-01 William Gilmore Simms 1806-1870 was the preeminent southern man of letters in the antebellum period a prolific talented writer in many genres and an eloquent intellectual spokesman of his region During his long career he wrote plays poetry literary criticism biography and history but he is best remembered for his numerous novels and tales Mary Ann Wimsatt provides the first significant full length evaluation of Simms's achievement in his long fiction selected poetry essays and short fiction Wimsatt's chief emphasis is on the thirty odd novels that Simms published from the mid 1830s until after the Civil War In bringing his impressive body of work to life she makes use of biographical and historical information and also of twentieth century literary theories of the romance Simms's principal genre Through analyses of such seminal works as Guy Rivers The Yemassee The Cassique of Kiawah and Woodcraft Wimsatt illuminates Simms's contributions to the romance tradition

contributions misunderstood by previous critics and suggests how to view his novels within the light of recent literary criticism She also demonstrates how Simms used the historical conditions of southern culture as well as events of his own life to flesh out literary patterns and she analyzes his use of low country frontier and mountain settings Although critics praised Simms early in his career as the first American novelist of the day the panic of 1837 and the changes in the book market that it helped foster severely damaged his prospects for wealth and fame The financial recession Wimsatt finds together with shifts in literary taste contributed to the decline of Simms's reputation Simms attempted to adjust to the changing climate for fiction by incorporating two modes of nineteenth century realism the satiric portrayal of southern manners and southern backwoods humor into the framework of his long romances but his accomplishments in these areas have been undervalued or misunderstood by critics since his time Wimsatt's book is the first to survey Simms's fiction and much of his other writing against the background of his life and literary career and the first to make extensive use of his immense correspondence It is an important study of a neglected author who once served as the leading symbol of literary activity in the South It fills what has heretofore been a serious gap in southern literary studies

The Sphere of Marcus Manilius Made an English Poem Marcus Manilius, 1675 **Warfare and Poetry in the Middle East** Hugh Kennedy, 2013-10-03 Part of the rich legacy of the Middle East is a poetic record stretching back five millennia This unparalleled repository of knowledge across different languages cultures and religions allows us to examine continuity and change in human expression from the beginnings of writing to the present day In Warfare and Poetry in the Middle East leading scholars draw upon this legacy to explore the ways in which poets from the third millennium bc to the present day have responded to effects of war The contributors deal with material in a wide variety of languages including Sumerian Hittite Akkadian biblical and modern Hebrew and classical and contemporary Arabic and range from the Sumerian lament on the destruction of Ur and the Assyrian conquest of Jerusalem to the al-Ramīyyāt of the poet and warrior prince Abū al-Firās al-Andalūsī and the popular Arabic epics and romances that form the *siyar* to the contemporary poetry of Hamas and Hezbollah Some of the poems are heroic in tone celebrating victory and the prowess of warriors and soldiers others reflect keenly on the pity and destruction of warfare on the grief and suffering that war causes The result is a work that provides a unique reflection upon the ways in which this most violent and pervasive of human activities has been reflected in different cultures The history of war begins in the Middle East the earliest reported conflict in human history was fought between the neighbouring city states of Lagash and Umma in ancient Iraq At a time when the Middle East seems to be permanently at war and wracked by violence it is salutary to look back at the ancient roots of modern attitudes and to see that in the past as in the present these attitudes are much more varied and the emotions more subtle than often realised

Homer's Iliad and the Trojan War Jan Haywood, Naoise Mac Sweeney, 2018-03-22 In this new volume Jan Haywood and Naoise Mac Sweeney investigate the position of Homer's Iliad within the wider Trojan War tradition through a series of detailed case studies From ancient Mesopotamia to twenty first

century America these examples are drawn from a range of historical and cultural contexts and from Athenian pot paintings to twelfth century German scholarship they engage with a range of different media and genres Inspired by the dialogues inherent in the process of reception the book adopts a dialogic structure In each chapter paired essays by Haywood and Mac Sweeney offer contrasting authorial voices addressing a single theme thereby drawing out connections and dissonances between a diverse suite of classical and post classical Iliadic receptions The resulting book offers new insights both into individual instances of Iliadic reception in particular historical contexts but also into the workings of a complex story tradition The centrality of the Iliad within the wider Trojan War tradition is shown to be a function of conscious engagement not only with Iliadic content but also with Iliadic status and the iconic idea of the Homeric
