Abernathy shows what is lost in the school choice debate. Abernathy looks at parents as citizens who exert power over the educational system through everything from their votes on school budgets to their membership on school boards. Challenging the assumption that public schools will improve when confronted with market based reforms, Abernathy examines the possibility that public schools will become more disconnected and isolated as civic life is privatized. Scott Abernathy takes up big questions and provides answers grounded in the complex reality of policy and politics. *School Choice and the Future of American Democracy* is a book written for those who understand that the world does not fit the simple explanations too often put forward. Clarence Stone, Professor Emeritus, University of Maryland and Research Professor, George Washington University. Will school choice revive or eviscerate democratic processes and institutions? Will it narrow or exacerbate the range of educational inequities? This book takes several differently angled slices into these questions and draws intriguing answers. Jeffrey R. Henig, Teachers College, Columbia University and author of *Rethinking School Choice: Limits of the Market Metaphor*. Through extensive research and refreshingly impartial analysis, Scott Abernathy probes how the use of market principles to reform public schools affects democratic citizenship. Treating citizens first and foremost as customers, he finds that it threatens civic engagement and the well being of schools, especially in the nation's neediest communities. This thoughtful and balanced appraisal is a must reading for those concerned about the future of American education and democracy. Suzanne Mettler, Alumni Associate Professor, Syracuse University and author of *Soldiers to Citizens: The G. I. Bill and the Making of the Greatest Generation*. Scott Franklin Abernathy is Assistant Professor of Political Science, University of Minnesota. *Are You Sure You're the Principal?* Susan Villani, 2008-05-29. For those aspiring to be school principals, this book brings into focus the realities of serving in a leadership role. A must read for tomorrow's principals. Gerald Tirozzi, Executive Director, National Association of Secondary School Principals. Villani offers stories and vignettes that capture the deepest questions and concerns faced by new and aspiring principals and reminds readers that they are not alone. Stephanie Hirsh, Executive Director, National Staff Development Council. A wealth of leadership craft knowledge from a principal who has been there. Establishing collaborative relationships with staff, building trust and fostering a climate of mutual respect are goals that principals strive for on a daily basis. The second edition of *Are You Sure You're The Principal?* helps school leaders build upon these authentic leadership qualities by combining practical advice and theoretical insight with no-nonsense leadership and reflective strategies to improve principals' professional practice. Ideal for new and experienced school leaders, this resource discusses how to balance listening and leading, work through conflict, be a mentor and seek out advisors for guidance and support. This second edition is updated with a new chapter on career fulfillment, advice on evaluating goals, preferences and opportunities. Study guides related to each chapter for group or individual professional development. Through personal stories and commentaries, the author provides a mentor in a book that helps principals feel more supported within the school community. **The Bloomsbury Companion to Socrates** John Bussanich, Nicholas D.
