chronological order with emphasis on their eschatology soteriology Christology or ecclesiology **Mark C. Clifton** Black,2001-09-13 Explores the figure and function of Mark the apostolic associate to whom Christians have traditionally attributed authorship of the second gospel Using a variety of critical lenses historical literary and theological Black examines the images of Mark the Evangelical which emerge from the New Testament and from the writings of the early church fathers He shows how these images helped the early church in the formation of its religious memory and theological identity

Mark Images of an Apostolic Interpreter C. Clifton Black, In this study of early Christian traditions C Clifton Black explores the figure and function of Mark the apostolic associate to whom Christians traditionally have attributed authorship of the New Testament's anonymous Second Gospel and whose very existence has been a controversial issue among scholars Black contends that in their justifiable doubt about Mark's writing of the Second Gospel biblical scholars have neglected the development of that ascription as well as its religious motivations Using a variety of critical lenses historical literary and theological Black examines the images of Mark that emerge from the New Testament and from the writings of the early church fathers Black's comprehensive investigation culminates in a fresh appraisal of the relationship between the Gospel of Mark and the legends surrounding its composition Black concludes that the figure of Mark was carefully crafted as a part of the interpretive framework within which early Christians read the Second Gospel and heard its witness as faithful to their understanding of Jesus Like the Markan Gospel itself the image of Mark the Evangelist helped the early church in the formation of its religious memory and theological identity **The Mysterious Parable** Madeleine Boucher,2023-10-30 This monograph studies the parable as a literary construct It addresses the question why the ancients understood parables as mysterious speech The study disputes the binary opposition of clear parables and obscure allegories Defining allegory as an extended metaphor in narratory form it argues that many parables are allegories The parable is defined as narrative in form tropic in mode of meaning religious or ethical in genre and rhetorical in purpose intended to persuade Requiring sometimes challenging interpretation the parable can rightly be considered mysterious The monograph then discusses the parable in the context of Mark's theme of mystery *The Function of Exorcism Stories in Mark's Gospel* Andreas Hauw,2019-05-29 This book investigates stories of Jesus exorcisms in the Gospel of Mark The story of Jesus first public ministry in the synagogue Mark 1 21-28 and the Beelzebul controversy story 3 20-30 are examined to understand the other acts of exorcism that Jesus performed 5 1 20 7 24 30 9 14 32 Both Mark 1 21-28 and 3 20-30 highlight Jesus as a teacher and as an eschatological exorcist The latter stresses Jesus own understanding of exorcism and relates his identity with that of the Holy Spirit Therefore the first two exorcism stories in Mark's Gospel confirm Jesus as the bearer of the kingdom of God The motif of discipleship which is evident in both stories contributes to delineating Jesus christological identity as the Son of God as indicated by the incipit of Mark's Gospel Mark 1 1 Markan exorcism stories in Mark 5 1 20 7 24 30 and 9 14 29 further develop the presentation of Jesus exorcisms and other primary motifs The motifs of authority identity and mission confirm the

christological identity of Jesus within gentile territory and are an important part of his mission to the gentiles Jesus specific mission in Mark 9 14 29 presents the exorcism that Jesus performed in the context of his role in both death and resurrection In this way Jesus as the bearer of the kingdom of God defeats the kingdom of Beelzebul
