The Gourdin Family:

Gourdin John Raymond Gourdin,1995 The Gourdin family traces its ancestors back to the seven children of Dr Robert Marion Gourdin and his slave Daphne Singleton living on Lenuds Ferry Plantation in Georgetown Distirict between the 1830 and 1870s *Gourdin Family Papers* Gourdin family,1727 Genealogical material 1727 1852 concerning the Gourdin family and related families includes clippings copies of wills notes family Bible records and other items The Gourdin Family Larry E. Pursley,1980 Louis Gourdin d 1716 immigrated from France to America before 1693 He and his wife Mary Ann settled near Jamestown in what is now Charleston County South Carolina Descendants remained in the South for many generations Gentlemen Merchants Philip N. Racine,2008 Gentlemen Merchants preserves the correspondence between members of two wealthy slaveholding merchant families the Gourdins and the Youngs in nineteenth century Charleston South Carolina Because the correspondence lasts over forty years the letters provide a significant record of historical Southern themes Plantation born urban dwellers the correspondents comment deeply and widely on their own family history religion in the South slavery and race business secession Civil War and Reconstruction Gentlemen Merchants offers a fresh perspective on the Old South s elite slaveholders from the vantage point of commercial offices docks and wharves instead of the rural plantation These prominent Charleston families grew wealthy through commercial trading of Sea Island and upland cotton rice and wine Charleston emerges as a main character in these letters as the discrepancy between the wealthy upper class and working class immigrants becomes more pronounced There are also letters from family members who traveled widely for business and pleasure They recount travel adventures in England and France on the slopes of Mount Vesuvius and at Niagara Falls The Gourdins and Youngs lived in material comfort for over three decades and fought to preserve their way of life the basis of which was made possible by slavery The family was one shaped by privilege and destroyed by war When the world changed as a result of the Civil War the family members were left penniless It is unusual that both sides of this correspondence have survived making this collection an extraordinary primary source for historical research Historically minded general readers will also enjoy the perspective on the urban South that these letters provide Philip N Racine published numerous articles and books about southern history including Piedmont Farmer He is currently the William R Kenan Professor of History at Wofford College where he has taught since 1969 **Papers of Henry Laurens** Henry Laurens,David R. Europe as the commissioners attempted to negotiate a final peace treaty and a trade agreement with former allies and foes In January 1785 Laurens returned to South Carolina where he devoted the remainder of his life to personal affairs Despite encouragement to return to public service Laurens remained a private citizen with an active interest in the progress of his state In his later years he recommended an end to the importation of slaves and diversification of the economy Laurens died on December

The Southern Middle Class in the Long Nineteenth Century Jonathan Daniel Wells, Jennifer R. Green, 2011-12-12 Jonathan Daniel Wells and Jennifer R Green provide a series of

provocative essays reflecting innovative original research on professional and commercial interests in the nineteenth century South a place often seen as being composed of just two classes planters and slaves Rather an active middle class made up of men and women devoted to the cultural and economic modernization of Dixie worked with each other and occasionally their northern counterparts to bring reforms to the region With a balance of established and younger authors of antebellum and postbellum analyses and of narrative and quantitative methodologies these essays offer new ways to think about politics society gender and culture during this exciting era of southern history The contributors show that many like minded

southerners sought to create a New South with a society similar to that of the North They supported the creation of public schools and an end to dueling but less progressive reform was also endorsed such as building factories using slave labor rather than white wage earners

The Southern Middle Class in the Long Nineteenth Century significantly influences thought on the social structure of the South the centrality of class in history and the events prior to and after the Civil War

A Southern Sportsman Ben McC. Moise, 2014-07-28 Tales of pursuing turkeys deer ducks and partridges through the fields forests and swamps of South Carolina

Henry Edwards Davis 1879 1966 began his hunting adventures as a boy riding in the saddle with his father on foxhunts and deer drives in the company of Confederate cavalry veterans Born on Hickory Grove Plantation in Williamsburg County South Carolina Davis developed his taste for the hunt at an early age In later years he became a renowned sportsman and expert on sporting firearms

Published here for the first time after a four decade long hiatus his collection of southern hunting tales describes his many experiences in pursuit of turkeys deer ducks and partridges through the fields forests and swamps of South Carolina's Pee Dee region His memoir offers a lucid firsthand account of a

time before paved roads and river spanning bridges had penetrated the rural stretches of Williamsburg and Florence counties when hunting was still one of a southerner's chief social activities. With a sportsman's interest and a historian's curiosity, Davis intersperses his hunting narratives with tales of the region's rich history from before the American Revolution to his times in the first half of the twentieth century. Davis, a connoisseur of fine sporting firearms, also chronicles his personal experiences with a long line of rifles and shotguns, beginning with his first Old Betsy, a fourteen gauge cap lock muzzleloader, and later with some of the finest modern American and British shotguns. He describes as well a host of small bore rifles, many of which he assembled himself, bedding the barrels and actions in hand carved stocks. Edited by retired lowcountry game warden Ben McCosse and featuring a foreword by outdoor writer Jim Casada, Davis's memoir is a valuable account of hunting lore and historic firearms as well as a record of evolving cultural attitudes and economic conditions in post Reconstruction South Carolina and of the practices that gave rise to modern natural conservation efforts. Foreign Affairs: How do you convince men to charge across heavily mined beaches into deadly machine gun fire? Do you appeal to their bonds with their fellow soldiers, their patriotism, their desire to end tyranny and mass murder? Certainly, but if you're the US Army in 1944, you also try another tack. You dangle the lure of beautiful French women waiting just on the other side of the wire, ready to reward their liberators in oh so many ways. That's not the picture of the Greatest Generation that we've been given, but it's the one Mary Louise Roberts paints to devastating effect in *What Soldiers Do*. Drawing on an incredible range of sources, including news reports, propaganda, and training materials, official planning documents, wartime diaries, and memoirs, Roberts tells the fascinating and troubling story of how the US military command systematically spread and then exploited the myth of French women as sexually experienced and available. The resulting chaos, ranging from flagrant public sex with prostitutes to outright rape and rampant venereal disease, horrified the war-weary and demoralized French population. The sexual predation and the blithe response of the American military leadership also caused serious friction between the two nations just as they were attempting to settle questions of long-term control over the liberated territories and the restoration of French sovereignty. While never denying the achievement of D Day or the bravery of the soldiers who took part, *What Soldiers Do* reminds us that history is always more useful and more interesting when it is most honest and when it goes beyond the burnished beauty of nostalgia to grapple with the real lives and real mistakes of the people who lived it.
