**Government of Victoria (Australia)** Edward Jenks,2015-06-15 Excerpt from The Government of Victoria Australia I shall best explain the purpose of this work by a few lines of autobiography In May 1889 I was appointed to the Chair of Law in Melbourne University as successor to the late Dr W E Hearn so favourably known not only in Australia but also in England and America as the author of The Aryan Household The Government of England and other works Immediately upon my arrival in Melbourne I found it incumbent upon me in order to fulfil the engagements made by the Faculty of law to lecture upon a subject called The Public Law of Victoria of which I had not at that time any special knowledge In ordinary circumstances it would have been a sufficiently severe task to lecture to a large and critical audience upon a topic which I had not thoroughly studied But in this case the hardship was intensified by the fact that I could find no text book which would give me even an outline idea of the subject The only authorities prescribed by the Faculty were the Acts of Parliament for the time being in force in Victoria on various branches of it The inadequacy of such a provision for the teaching of Public Law in a country like Victoria must be manifest In Victoria as in England much of that which is most important in sound constitutional knowledge is never embodied in statutes at all Judicial decisions diplomatic correspondence resolutions of the Houses of Parliament political tradition and practice generally form essential items in the list of the sources of public law About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
