The Way to Wealth John Cousins, 2019-09-06 You are so lucky to have made your way to this book I am going to give you the simple step by step recipe for transforming your life by creating wealth and achieving financial freedom It's also about hard work And the more hard work you do the luckier you get This book is for a number of different audiences It's for young adults twenty and thirty somethings that are making money but can't seem to make ends meet or save It's for folks preparing for big events like raising a family buying a home or having a wedding It's also for teens who are getting prepared to start out on life's journey It's for the middle aged who are sobering up to the fact that they need to prepare for It's for older adults who are facing retirement and haven't saved Its most importantly for people on lower incomes who don't think they can achieve the dream of becoming rich and creating wealth that can be handed down generation to generation You can This book will give you the knowledge and tools to make it happen It's simple but not easy Nothing worth doing is easy This is worth doing There are four ways for a person to accumulate wealth The Big Company Senior Executive The Visionary Entrepreneur The Prodigy The

Saver Investor I have written books on the first two categories I cover the skillsets and knowledge required to be a big company senior executive in my book MBA ASAP I have also written several books about Entrepreneurship and Startups These categories overlap If increasing your income potential and career options interests you read them all The prodigy category is the realm of movie stars rock stars and professional athletes These talents are not teachable and if you are in this category congratulations But still read on this book is for you too This book The Way to Wealth is about the fourth category of saving and investing This is the way to wealth that is open to everyone If you fit into any of the first three categories you need to know how to be a saver investor Too many people have made lots of money only to lose it and end up back at zero or in debt The first three categories rely on your individual efforts Being an investor is the only way to make money while you sleep I begin this book with material on creating the proper mindset for being rich Once you see that getting rich is feasible and have a plan then you change to seeing it as inevitable Once you have your mind together you will be unstoppable You have unlimited potential We are all guilty of allowing experts or pessimistic friends and family to limit us We need to stop listening to doubt whether it comes from the outside or from within our own minds We watch sports because we love watching athletes do impossible feats We relate It gets us psyched We want to do something like that To achieve we need to drop self doubt When it comes to becoming rich the best way to end doubt is to decide that you are already rich When it happens depends on your definition of wealth and your willingness to stick to your plan It might be in ten or twenty years It is a decision Once you decouple it from the calendar you will gain confidence and relieve anxiety Your task will transform from the impossible into working toward the inevitable That is the goal of the first part of this book to get your mind right Planning is part of that process You need to know where you are going if you want to get there First we set that foundation Then we explore the tools techniques and tactics of how to accumulate wealth as a saver and investor This book will change your life and the beneficiaries of the legacy you create
