Welsh,2010-09-23 Max Stirner 1806 1856 is recognized in the history of political thought because of his egoist classic *The Ego and Its Own* Stirner was a student of Hegel and a critic of the Young Hegelians and the emerging forms of socialist and communist thought in the 1840s Max Stirner's *Dialectical Egoism A New Interpretation* examines Stirner's thought as a critique of modernity by which he meant the domination of culture and politics by humanist ideology In Stirner's view humanity is the supreme being of modernity and humanism is the prevailing legitimization of social and political domination Welsh traces Stirner's thought from his early essays to *The Ego and Its Own* and Stirner's responses to his critics He also examines how Benjamin Tucker James L Walker and Dora Marsden applied Stirner's dialectical egoism to the analysis of a the transformations of capitalism b culture ethics and mass psychology and c feminism socialism and communism All three viewed Stirner as a champion of individuality against the collectivizing and homogenizing forces of the modern world Welsh also takes great care to dissociate Stirner's thought from that of the other great egoist critic of modernity Friedrich Nietzsche He argues that the similarities in the dissidence of Stirner and Nietzsche are superficial The book concludes with an interpretation of Stirner's thought as a form of dialectical egoism that includes a a multi tiered analysis of culture society and individuality b the basic principles of Stirner's view of the relationship between individuals and social organization and c the forms of critique he employs Stirner's critique of modernity is a significant contribution to the growing literature on libertarianism dialectical analysis and post modernism [The Bloomsbury](#)

Smith,2017-07-18 Liberty of conscience and freedom of thought are twin core components of modern life in societies across the world The ability to pursue one's vision of the right and the good coupled with liberty to pursue individual reason and enlightenment helped produce so much of modern life that we may be apt to forget that libertarian philosophy was not dictated by Nature *Freethought and Freedom* surveys the long history of religious and intellectual liberty
