The Great Awakening And American Education A Documentary History Classics In Education:

The Great Awakening and American Education, a Documentary History Douglas Sloan,1973 **The great awakening and American education** Douglas Sloan,1973 Classics in Education ,1974 **Educational Foundations** Brian W. Dotts,2018-11-29 This educational foundations book offers a comprehensive overview of American education history and a variety of classical Enlightenment and contemporary educational philosophers While Educational Foundations includes a history of American education it also looks at numerous policies constitutional law cases events and political religious and social conflicts for students to consider while learning their subject matter The text is divided into two sections the first is a look at a broad array of philosophical influences from the Western canon while the second is an exploration of the history of American education focusing on a few specific eras With strong and helpful pedagogical features and resources such as class activities suggested files chapter objectives and sidebar questions this textbook is an excellent resource for students It is useful for undergraduate and graduate courses in educational foundations **Religious Colleges and Universities in America** Thomas Hunt,James Carper,2018-10-10 Originally published in 1988 Religious Higher Education in the United States is a selected bibliography of sources addressing how religion has changed and affected education in the United States This volume attempts to address the problems currently facing religious institutions of higher education covering government aid and the regulation of religious colleges and universities in the US **The Annals of the American Academy of Political and Social Science** ,1973 *Choice* ,1973 *The Liberal Arts Tradition* Bruce A. Kimball,2010-05-13 Ranging from Plato in antiquity to Martha Nussbaum in the present era the authors of the seventy readings included in *The Liberal Arts Tradition* present significant and exemplary views addressing liberal arts education over the course of its history particularly in the United States Most of the documents are newly translated or no longer available in print Arranged chronologically each selection is accompanied by an informative introduction and extensive explanatory notes discussing its place within the liberal arts tradition Based upon the author s twenty five years of experience leading seminars concerning the history of liberal education this collection presents a uniquely comprehensive and salient set of documents while incorporating the neglected portrayal and discussion of women within the history of the liberal arts **A Documentary History of Religion in America** Edwin Scott Gaustad,Mark A. Noll,Heath W. Carter,2018 Students and scholars have long turned to the two volume *Documentary History of Religion in America* for access to the most significant primary sources relating to American religious history Published here in a single volume for the first time the work in this fourth edition has been both updated and condensed allowing instructors to more easily use the material in one semester *Monographic Series* Library of Congress, Books in Print ,1987 Books for College Libraries: Social sciences Association of College and Research Libraries,1988 This third edition lists 50 000 titles that form the foundation of an undergraduate library s collection This volume covers the social sciences **Beyond Toleration** Chris

Beneke,2008-08-29 At its founding the United States was one of the most religiously diverse places in the world Baptists Methodists Catholics Episcopalians Presbyterians Congregationalists Quakers Dutch Reformed German Reformed Lutherans Huguenots Dunkers Jews Moravians and Mennonites populated the nations towns and villages Dozens of new denominations would emerge over the succeeding years What allowed people of so many different faiths to forge a nation together In this richly told story of ideas Chris Beneke demonstrates how the United States managed to overcome the religious violence and bigotry that characterized much of early modern Europe and America The key Beneke argues did not lie solely in the protection of religious freedom Instead he reveals how American culture was transformed to accommodate the religious differences within it The expansion of individual rights the mixing of believers and churches in the same institutions and the introduction of more civility into public life all played an instrumental role in creating the religious pluralism for which the United States has become renowned These changes also established important precedents for future civil rights movements in which dignity as much as equality would be at stake Beyond Toleration is the first book to offer a systematic explanation of how early Americans learned to live with differences in matters of the highest importance to them and how they found a way to articulate these differences civilly Today when religious conflicts once again pose a grave danger to democratic experiments across the globe Beneke s book serves as a timely reminder of how one country moved past toleration and towards religious pluralism

American Book Publishing Record ,1977-03-31 Here s quick access to more than 490 000 titles published from 1970 to 1984 arranged in Dewey sequence with sections for Adult and Juvenile Fiction Author and Title indexes are included and a Subject Guide correlates primary subjects with Dewey and LC classification numbers These cumulative records are available in three separate sets
