**Cleek's Greatest Riddles** Thomas W. Hanshew,1916      **The Atom in Seventeenth-century Poetry** Cassandra Gorman,2021 An investigation into the remarkable poetics of the atom in English literary texts from the mid to late seventeenth century The early modern atom understood as an indivisible particle of matter captured the poetic imagination in ways that extended far beyond the reception of Lucretius and Epicurean atomism Contrarily to fears of atomisation and materialist threat many poets and philosophers of the period sought positive spiritual motivation in the concept of material indivisibility This book traces the metaphysical import of these poetic atoms teasing out an affinity between poetic and atomic forms in seventeenth century texts In the writings of Henry More Thomas Traherne Margaret Cavendish Hester Pulter and Lucy Hutchinson both atoms and poems were instrumental in acts of creating ordering and reconstructing knowledge Their poems emerge as exquisitely self conscious atomic forms producing intimate reflections on the creative power and indivisibility of self soul and God The book begins with a survey of the imaginative possibilities surrounding the early modern atom before considering the indivisible centres of the Cambridge Platonist Henry More s cosmic Spenserian poetics The focus then turns to the lyrical bond formed between atom and soul in the writings of Thomas Traherne and from there to the experimental sequences of Margaret Cavendish and Hester Pulter whose poetic spaces create new worlds and imagine alternative lives The book concludes with a study of Lucy Hutchinson s creation poem Order and Disorder which anticipates the regeneration of fallen being in atomic and alchemical terms      *The Complete Works* Carolyn Wells,2022-11-13 Carolyn Wells The Complete Works is a remarkable collection of the author s literary pieces showcasing her versatile writing style that ranges from humorous poetry to gripping mystery novels Wells works epitomize the popular literature of the early 20th century where she skillfully weaves intricate plots and clever wordplay throughout her stories Readers will find themselves captivated by the witty dialogues and engaging characters that populate Wells narratives making this compilation a must read for those interested in classic American literature The book serves as a reflection of the literary zeitgeist of its time shedding light on the societal norms and cultural influences that shaped Wells writing Carolyn Wells known for her prolific output and sharp intellect delves into various genres with finesse and creativity allowing readers to appreciate her diverse literary talents Her extensive body of work in The Complete Works demonstrates her dedication to storytelling and her ability to entertain and enthrall readers across different genres I highly recommend The Complete Works to literature enthusiasts seeking a glimpse into the brilliance of Carolyn Wells literary legacy      **The Saturday Evening Post** ,1913      **The Flaming Sword** ,1909      **The Real Metaphysical Club** Frank X.
