asanas for consciousness or vehicles toward psychological awareness With clinical examples and personal stories throughout this book s unique Jungian perspective addresses contemporary expressions of the shaman complex in our current world Shamanic Dimensions of Psychotherapy Healing through the Symbolic Process will be essential reading for Jungian analysts and psychotherapists in practice and in training as well as for academics and students of Jungian and post Jungian studies It will be especially helpful and illuminating to those who have experienced an involuntary plunge into the depths and who seek ways to articulate their experience **The Coevolution Quarterly** ,1984 **Alternative Sources of Energy** ,1980
