The Greatest Gamblers The Epic Of American Oil Exploration:

The Greatest Gamblers Ruth Sheldon Knowles,1978 **The Greatest Gamblers** Ruth Sheldon Knowles,1980-03-01 Oil writes Ruth Sheldon Knowles is the most hazardous expensive heartbreaking gambling game in the world And as this book dramatically proves the men who have been the gamblers of the American oil business have been some of the most colorful and fantastic personalities in our history The Greatest Gamblers is the story of our remarkable oilmen and the vast industry they have created from its simple beginnings in 1859 at Titusville Pennsylvania to the big business oil operations of today Here are the wildcatters the prospectors the scientists the hunch players Mrs Knowles points out that independent oilmen have discovered more than three fourths of America s oil fields Here you will meet unlucky Dad Joiner whose fortunes changed only in his seventies when a worthless ten acre tract of Texas wasteland proved the key to one of America s two biggest oil fields and H 1 Hunt who parlayed an oil lease he won at a poker game into an oil business that made him one of the richest men in the United States Harry Sinclair Tom Slick Mike Benedum Everette DeGolyer Charles Canfield Edward Doheny the pages of this book are crowded with the stories of such men their tough boom towns their dogged persistence and wild successes and the brutal competition they faced But The Greatest Gambler is also the story of a prospectors rush that has become an organized industry An absorbing portion of the book tells how the industry has found new uses for petroleum and its by products and how this sometimes involved as much heartbreak as prospecting There were the ships that exploded when oilmen first tried to market petroleum as marine fuel the locomotive roundhouse that blew up when they first tried to convert railroads to oil Mrs Knowles discusses knowledgeably the present predicament of the petroleum industry and what is necessary to find and develop America s remaining great oil and gas resources The Greatest Gamblers is a lively and authoritative account of what is probably the most fascinating and adventurous business of all **Anointed with Oil** Darren Dochuk,2019-06-04 A groundbreaking new history of the United States showing how Christian faith and the pursuit of petroleum fueled America s rise to global power and shaped today s political clashes Anointed with Oil places religion and oil at the center of American history As prize winning historian Darren Dochuk reveals from the earliest discovery of oil in America during the Civil War citizens saw oil as the nation s special blessing and its peculiar burden the source of its prophetic mission in the world Over the century that followed and down to the present day the oil industry s leaders and its ordinary workers together fundamentally transformed American religion business and politics boosting America s ascent as the preeminent global power giving shape to modern evangelical Christianity fueling the rise of the Republican Right and setting the terms for today s political and environmental debates Ranging from the Civil War to the present from West Texas to Saudi Arabia to the Alberta Tar Sands and from oil patch boomtowns to the White House this is a sweeping magisterial book that transforms how we understand our nation s history **Oil and Natural Gas Exploration and Drilling Operations** Chris Termeer,2013 Oil and Natural Gas Exploration and Drilling Operations is from the series of Fundamentals

of investing in oil and gas and will be a light to intermediate read intended for those who already have a preexisting understanding of the oil and gas history common oil and gas terms legal documentation markets land valuation legal documentations government and state requirements market trends and investment risks If you are not familiar with these topics then this book may not be as useful as the first book I published called Fundamentals of Investing in Oil and Gas which is a large red book 8 5 x 11 The Art and Science of Seismic Interpretation Christopher L. Liner,T. A. (Mac)

McGilvery,2019-01-14 This book demystifies that art and science of seismic interpretation for those with and without formal geophysical training From geologists to managers and investors The Art and Science of Seismic Interpretation is a guide to what seismic data is how it is interpreted and what it can deliver **Legislation Affecting Oil Merger Proposals** United States. Congress. Senate. Committee on Energy and Natural Resources. Subcommittee on Energy and Mineral

Resources,1984 **Sea Power and the American Interest** John F Morton,2024-04-15 From the Civil War to the Great War the transatlantic commercial trading system that dated from the nation s colonial times continued in America By 1900 the sustainability of this Atlantic System was in the material interest of an industrial America on which its aggregate national prosperity depended The principal beneficiary of this political economic reality was the American moneyed interest centered in the Northeast with New York City at the heart Author John Fass Morton explains how this country came to put a value on commercial opportunities overseas in support of America s steel industry Europeans and Americans alike pursued informal empires for resource acquisition and markets for surplus capital and output Morton looks at how U S policy found consensus around the idea of empire taking stock of the opening of Latin American and Chinese markets to American commerce as a means for averting socially destabilizing economic depressions Republican administrations reflected Wall Street finance and America s other three Madisonian interests commercial manufacturing and agrarian with the Open Door and Dollar Diplomacy policies to establish fiscal protectorates in Central America and the Caribbean Undergirding Dollar Diplomacy was their commitment to a great navy that would be the insurance for an ongoing American interest that Dollar Diplomacy represented With the strategic arrival of the petroleum sinew and the Wall Street reassessment of the Open Door in China the Wilson administration tilted toward protecting American investments in the hemisphere notably in Mexico with a Big Navy With Wilson a progressive foreign policy establishment arrived while continuing to reflect the transatlantic internationalism of the Northeast moneyed interest As a twentieth century progressive institution the Navy would thus sustain an American expansion that was now progressive The Navy story from the Civil War to the Great War reveals a truth The foundational and dynamic sectors of a great nation s economic base its sinews give rise to policy consensus networks that drive national interest long term strategy and the characteristics of its elements of national power It follows that the attributes of sea power must be material expressions of those sinews allowing a navy better to serve as a sustainable and actionable tool for a great nation s interest Oil and Ideology Roger M. Olien,Diana Davids Hinton,Diana Davids

Olien,2000 A synthesis of cultural business gender and intellectual history exploring how the negative image of America s petrol industry was created It shows how this image helped shape policy toward the industry in ways that were sometimes at odds with the goals of reformers and the public interest

Scientists and Swindlers Paul Lucier,2008-11-20 Scientists and Swindlers introduces us to a new service of professionals the consulting scientists Lucier follows these entrepreneurial men of science on their wide ranging commercial engagements from the shores of Nova Scotia to the coast of California and shows how their innovative work fueled the rapid growth of the American coal and oil industries and the rise of American geology and chemistry Along the way he explores the decisive battles over expertise and authority the high stakes court cases over patenting research the intriguing and often humorous exploits of swindlers and the profound ethical challenges of doing science for money from publisher description

Fundamentals of Investing in Oil and Gas Chris Termeer,2013 The intent of this book is to educate the reader about the vast complexities of the oil and gas industry and to motivate involvement in domestic oil and gas development production and refinement Explains the industry in non technical language for an average person

The Big Rich Bryan Burrough,2010-03-30 Full of schadenfreude and speculation and solid timely history too Kirkus Reviews This is a portrait of capitalism as white knuckle risk taking yielding fruitful discoveries for the fathers but only sterile speculation for the sons a story that resonates with today s economic upheaval Publishers Weekly What s not to enjoy about a book full of monstrous egos unimaginable sums of money and the punishment of greed and shortsightedness The Economist Phenomenal reviews and sales greeted the hardcover publication of The Big Rich New York Times bestselling author Bryan Burrough s spellbinding chronicle of Texas oil Weaving together the multigenerational sagas of the industry s four wealthiest families Burrough brings to life the men known in their day as the Big Four Roy Cullen H L Hunt Clint Murchison and Sid Richardson all swaggering Texas oil tycoons who owned sprawling ranches and mingled with presidents and Hollywood stars Seamlessly charting their collective rise and fall The Big Rich is a hugely entertaining account that only a writer with Burrough s abilities and Texas upbringing could have written

The Texas Railroad Commission William R. Childs,2005 Before OPEC took center stage one state agency in Texas was widely believed to set oil prices for the world The Texas Railroad Commission TRC evolved from its founding in 1891 to a multi divisional regulatory commission that oversaw not only railroads but also a number of other industries central to the modern American economy petroleum production natural gas utilities and motor carriers buses and trucks William R Childs s unprecedented study of the TRC from its founding until the mid twentieth century extends our knowledge of commission style regulation It focuses on the interplay between business and regulators between state and national regulatory commissions and among the three branches of government through a process of pragmatic federalism Drawing on extensive primary research Childs demonstrates that the alleged power of regulatory commissions has been more constrained than most observers have recognized As he shows the myth of power was devised by the agency itself as part of building a civil religion of Texas oil

Together the myth and the civil religion enabled the TRC to convince Texas oil operators to follow production controls and thus stabilized the American oil industry by the 1940s The result of this fascinating study is a more nuanced understanding of federalism and of regulation the forces shaping it and its outcomes Bulletin United States. Bulletin ,1960 *Mineral Facts and Problems* United States. Bureau of Mines,1960 *Racing for America* James C. Nicholson,2021-04-06 On October 20 1923 at Belmont Park in New York Kentucky Derby champion Zev toed the starting line alongside Epsom Derby winner Papyrus the top colt from England to compete for a 100 000 purse Years of Progressive reform efforts had nearly eliminated horse racing in the United States only a decade earlier But for weeks leading up to the match race that would be officially dubbed the International unprecedented levels of newspaper coverage helped accelerate American horse racing s return from the brink of extinction In this book James C Nicholson explores the convergent professional lives of the major players involved in the Horse Race of the Century including Zev s oil tycoon owner Harry Sinclair and exposes the central role of politics money and ballyhoo in the Jazz Age resurgence of the sport of kings Zev was an apt national mascot in an era marked by a humming industrial economy great coziness between government and business interests and reliance on national mythology as a bulwark against what seemed to be rapid social cultural and economic changes Reflecting some of the contradiction and incongruity of the Roaring Twenties Americans rallied around the horse that was in the words of his owner racing for America even as that owner was reported to have been engaged in a scheme to defraud the United States of millions of barrels of publicly owned oil Racing for America provides a parabolic account of a nation struggling to reconcile its traditional values with the complexity of a new era in which the US had become a global superpower trending toward oligarchy and the world s greatest consumer of commercialized spectacle **Wealth and The Wealthy in the Modern World** W.D. Rubinstein,2024-01-01 First published in 1980 *Wealth and The Wealthy in the Modern World* looks at the careers of the very wealthy and the extent of wealth holding and wealth distribution in the major Western nations since the Industrial Revolution Each essay examines how wealth was created controlled and maintained in each country It also considers the relationship between wealthy persons and the rest of society and the divisions amongst the wealthy class Social mobility into top wealth and income brackets is also discussed as are the idiosyncratic features of wealth holding in each society Together these essays provide a broad yet detailed portrait of a social class which has had extraordinary influence on shaping the social history of the Western world in the nineteenth and twentieth centuries This book will be of interest to students of economics political science and development studies History of the European Oil and Gas Industry J. Craig,F. Gerali,F. MacAulauy,R. Sorkhabi,2018 The history of the European oil and gas industry reflects local as well as global political events economic constraints and the personal endeavours of individual petroleum geoscientists as much as it does the development of technologies and the underlying geology of the region The first commercial oil wells in Europe were drilled in Poland in 1853 Romania in 1857 Germany in 1859 and Italy in 1860 The 23

papers in this volume focus on the history and heritage of the oil and gas industry in the key European oil producing countries from the earliest onshore drilling to its development into the modern industry that we know today The contributors chronicle the main events and some of the major players that shaped the industry in Europe The volume also marks several important anniversaries including 150 years of oil exploration in Poland and Romania the centenary of the drilling of the first oil well in the UK and 50 years of oil production from onshore Spain
