**The Greatest Golf Book Ever Written** Harry P. Holmes, Ross N. Kellogg, 2004-12-13 Tootology the book is great Out of the box the critics of course blasted the title as an overreach Definitely one toot over the line my friends But the boo s have turned to cheers for the little duo from Upstate New York It is easy to get caught in the hunt for superlatives when one experiences something new Especially for reviewers who wish they were authors themselves We refuse to use the g word as you know The first Son of God the first quest for the great white whale etc make you reach for the greatest moniker But is it not justified in this case The first rigorous dissertation on the golf swing the first philosophic golf novel the first example of the new genre of literary scratch sampling the first planting of organic logic in a novel these my friends are not trivial pursuits I hesitate to add the first team of stand up philosophers for fear some might expect the book to have pop ups None here but this creative work tees off from and aims for stratospheric heights and not of the silly wall calendar variety We welcome you to enter and fall under the spell All especially you non golfers are gladly welcomed Of course the authors quote from my works extensively which is nice perhaps it is the best part Personally I believe the partial reproduction from my works alone is worth the price of admission And folks that is the way to look at this work as the gate to a new world a stream bounded by shores of thought and knowledge as it rushes through the barren canyons of our present society Mr Holmes and Mr Kellogg indirectly make a compelling case that the world we live in is irrational not metaphysically but by our choosing I have had trouble returning from that But what do I know as I am merely a pigment of the printing process I am not into the gist or the geist or the zeitgeist whatever Is searching for the gist of Desolation Row by Bob Dylan helpful in any way at all No you play life as it lies aye there s the rub Our view is holistic and total We do not squeeze for those with challenged attention spans When I was young I used to enjoyed picking the soft white center section from my slice of Wonder Bread separating it from the crust I d roll it into a ball and perhaps eat it or throw it at my twin sister Henrieta Sometimes we destroyed the whole loaf in this manner My mother discouraged this and she was right a rare and valued comment from the reclusive Mr Holmes Have you ever handled intellectual white water Are you up for the journey Everyone wants to ride the helicopter at least once Commented by Henry Dribble author of The Sanctity of the Press WINNER OF THE MARCEL
