**The Case for the Byzantine Majority Text** Maurice A Robinson, William G Pierpont, 2024-09-27 The authors present their research and reasons for believing that the Byzantine Majority text is ancient and reliable They argue that the Byzantine Text is not younger than the Alexandrian text in its origin This edition includes the Apocalypse of John in Byzantine Greek as a sample of their edition of the New Testament The authors conclude If modern eclectic theory with its problematic resultant text can secure a niche within NT textual criticism so much more the Byzantine priority hypothesis with its insistence upon the establishment of a solid transmissional base before applying principles of internal and external criticism

Look What's Missing! David W. Daniels, 2009 Publishers are removing things from new Bibles Publishers of modern Bible versions have been removing words phrases and even whole verses but their readers are often unaware of it Few people know the Bible well enough to notice when something has been taken out But the results are hard to believe The removal of one tiny word turns Jesus into a liar Callers into Christian talk shows have even used this to say that it's okay for a Christian to lie After all they say Jesus did it A verse that's completely missing from some of the most popular Bibles available today completely removes one of the basic doctrines found in every evangelical church When David Daniels shows this one to people they just stand with their mouths open and say I can't believe it In another case Jesus own words are removed taking out a famous phrase in which Jesus explains why He came to earth People react with They took out Jesus words How can they do that This information has been right under our noses for years but no one has ever taken the time to cull through this many Bible versions and find the missing parts Author David Daniels did the research and now releases his results for the Christian world to see what is really missing How about your Bible Is it on the list of Bibles with pieces taken out You might be surprised when you look at what's missing

 8 page full color map section      Perspectives on New Testament Textual Criticism, Volume 2 Eldon Jay Epp, 2020-11-30  
 Eldon Jay Epp's second volume of collected essays consists of articles previously published during 2006-2017. All treat  
 aspects of the New Testament textual criticism but focus on historical and methodological issues relevant to constructing the  
 earliest attainable text of New Testament writings. More specific emphasis falls upon the nature of textual transmission and  
 the text critical process and heavily on the criteria employed in establishing that earliest available text. Moreover, textual  
 grouping is examined at length and prominent is the current approach to textual variants not approved for the constructed  
 text for they have stories to tell regarding theological, ethical, and real life issues as the early Christian churches sought to  
 work out their own status, practices, and destiny      **Unholy Hands on the Bible** Jay P. Green, 1992. This is an examination of  
 six major new versions: the New International Version (NIV), New American Standard Bible (NASB), New Revised Standard  
 Version (NRSV), Revised English Bible (REB), Good News Bible (GNB), and the New American Bible (NAB). It includes:  
 1. The textual basis of the above new versions.  
 2. 379 New Testament verses in which the above new versions are compared with the Greek of the Received Text and the weak evidence that is back of their adulterations.  
 3. A 200 page examination of the New International Version (NIV) shows that they have added over 100,000 of their own words and have failed to translate over 20,000 of the original words.  
 4. A separate examination of the New American Standard Bible (NASB).  
 There are 8 appendices including a thorough critique of Kurt Aland's Text of the New Testament. Get acquainted with the facts for God is going to look to you to warn his people that these new versions are adulterated with many of the heresies of the Gnostics and others. Also, since they all contain contradictions within themselves and also contradict one another, love for your fellow saints should require you to let them know that the words they are reading are not all God's words. Jay P. Green Sr. 1918-2008 is Translator and Editor of The Interlinear Hebrew Greek English Bible and the translator of the Modern King James Version of the Holy Bible, The Teenage Version of the Holy Bible, and the Literal translation of the Holy Bible.
