Sustainable Development in India: Emerging Scenarios and Concerns Prof. Litty Denis,Prof. Saurabh Sharma,2019-09-10 Sustainable development across the globe is the only course to a peaceful future for the coming generations The current severe rise in temperatures in France and other European countries bear witness to the climate change and its impact that the future holds Health issues and life style related diseases are on the rise amidst increasing life expectancy Grave inequalities still engulf the globe in various forms Biodiversity degradation is also extensive Discussions and planned initiatives for sustainable development becomes liminal in this context This book offers for the readers discussions on a multitude of interrelated concerns with contributions on issues ranging from internal security to environment management and emerging scenario surrounding the domain of sustainable development *Handbook of Entrepreneurship and Sustainable Development Research* Paula Kyrö,2015-01-30 Allying and expanding the diverse fields of entrepreneurship and sustainable development research is a modern day imperative This Handbook paints an illuminating picture of the historic

and current understanding of the bond between entrepreneurship and The Business of Social and Environmental Innovation Verena Bitzer, Ralph Hamann, Martin Hall, Eliada Wosu Griffin-EL, 2015-01-05 In the face of limited progress toward meeting Millennium Development Goals or addressing climate change and resource degradation increasing attention turns to harnessing the entrepreneurial innovative managerial and financial capacities of business for improved social and environmental outcomes A more proactive role for business in sustainable development is especially pertinent in sub Saharan Africa which has been plagued by conflict and poverty but shows signs of a brighter future as the world's second fastest growing region The book considers how the socio economic context influences the objectives of social innovation and even our definition of what we mean by social innovation Secondly the book aims to show how social innovation initiatives emerge and fare in context of the limited ability of many African countries to provide public goods and services Ecopreneuring John Ivanko, Lisa Kivirist, 2009-03-01 How to grow your own green business from the ground up Entrepreneurship and Green Finance Practices Syed Ali Raza, Muhammad Nawaz Tunio, Muhammad Ali, Chin-Hong Puah, 2023-12-14 Entrepreneurship and Green Finance Practices focuses on critical issues such as the role of Green Financing in Green Entrepreneurship in Asian Countries and looks for the mechanisms that can help in idea generation and the launching of successful Green Start ups **Sustainable Entrepreneurship** Adam Lindgreen, Christine Vallaster, François Maon, Shumaila Yousafzai, Beatriz Palacios Florencio, 2016-04-30 The way organizations manage entrepreneurship has changed dramatically over the past decade Today organizations take account of economic issues but they also adopt a broader perspective of their purpose including social and environmental issues i.e sustainability Yet despite its global spread sustainable entrepreneurship remains an uncertain and poorly defined ambition with few absolutes This book reaffirms the important need to improve comprehension and explore the subtleties of how individuals groups and organizations can discover create and seize opportunities for blended value generation by designing and operating sustainable ventures It examines in an interdisciplinary fashion and across sectoral and geographical boundaries how entrepreneurial activities can be developed to be generally consistent with sustainable development goals as well as by whom for what reasons and with what implications The Editors comprehensively review key dimensions of the sustainable entrepreneurship phenomenon to establish an essential definition and up to date picture of the field The 19 chapters cover 4 main topics Understanding the intentions and motivations for sustainable entrepreneurship Fostering and enacting sustainability through entrepreneurial action Leading and inspiring sustainable entrepreneurial action Finding the contextually grounded implications of and challenges to sustainable entrepreneurship and blended value generation This book is an important resource for entrepreneurs and policy makers as well as students in the fields of entrepreneurship innovation and sustainability *Social and Sustainable Entrepreneurship* G. Thomas Lumpkin, Jerome A. Katz, 2011-07-25 Considers the issues of social and sustainable entrepreneurship This title tackles lingering definitional issues such as the distinctions between social

sustainable and environmental entrepreneurship or proposes social entrepreneurship research agendas based on key research questions found in prior studies **The Green Entrepreneur** Gustav Berle,1991 Contains information on Recycling Chlorofluorocarbons Pollution **Business & Sustainability** Gabriel Eweje,Martin Perry,2011-12-06 This volume aims to assist readers to navigate the conceptual maze surrounding discussions of business and sustainability by offering critical reflection on the state of business action for environmental sustainability and providing evidence about what is actually taking place in real localities and businesses **Making Ecopreneurs** Michael Schaper,2016-05-06 The first edition of this book looked at the emergence of ecopreneurs environmental entrepreneurs gaining competitive advantage for their firms through understanding and utilising green issues These green entrepreneurs have led the way in enabling market forces to generate economic growth whilst protecting the environment and encouraging sustainability This new edition continues the examination of what distinguishes these green entrepreneurs from others It draws on a diverse range of case studies embracing examples of both successful and unsuccessful ecopreneurial ventures on at least four continents Contributions have been updated and a number of entirely new chapters describe sustainable business projects in places ranging from the USA India western Europe UK Australia central America and New Zealand Making Ecopreneurs second edition charts recent developments and remains highly relevant to researchers in the fields of sustainable business development and entrepreneurship to policymakers within governments and NGOs and to those running businesses **European Entrepreneurship in the Globalizing Economy** Alain Fayolle,Kiril Todorov,2011 What role can entrepreneurship play in a European economy that is more and more open to the rest of the world In this European Union construction what is the place of the nation states and economies that have only recently converted to a free market economy It is these questions among others that the book explores and discusses in particular The future steps in required developing European entrepreneurship in a dynamic and international context are also analyzed and synthesized The expert contributors reveal both the macro and micro factors that influence European entrepreneurial development with an emphasis on high tech firms The particular topics addressed include SME research and innovation policy issues starting and growing a new venture innovation marketing and entrepreneurial networks entrepreneurship and regional cross border development building competitive advantage of SMEs and social and cultural aspects of entrepreneurship **Sustainable Innovation and Entrepreneurship** Rolf Wüstenhagen,2008-01-01 When I received the review copy I was rather excited the book as a collection of research papers that in themselves are very interesting and provide a fast track into the literature of the subject in question it is a worthwhile purchase to support thinking on entrepreneurship and innovation in a world where the sustainability agenda is increasingly becoming the agenda for inventors entrepreneurs and those who fund them or invest in their companies All the papers are well written and scholarly A particularly strong feature of the chapters is the range of sources quoted at the end of each chapter These references provide pathways into many different literatures that might save

much time for subsequent researchers Lorraine Warren International Journal of Entrepreneurial Behaviour and Research In recent years our understanding of corporate sustainability has moved from exploitation to exploration from corporate environmental management to sustainable entrepreneurship and from efficiency to innovation Yet current trends indicate the need for radical innovation via entrepreneurial start ups or new ventures within existing corporations despite difficulties with the financing and marketing of such efforts Presenting both conceptual and empirical research this fascinating book addresses how we can combine environmental and social sustainability with economic sustainability in order to produce innovative new business models The international cast of contributors addresses the wide range of issues in the balance between growth and environmental concerns The first five chapters discuss various aspects of sustainable entrepreneurship This is followed by two chapters that look at innovation within existing firms Innovation is not successful until it finds a customer so the two chapters that follow delve into the marketing aspects of business to consumer and business to business settings The book closes with a broad discussion of the evolution and future of the research agenda into the intersection of sustainability innovation and entrepreneurship Academics students business professionals and NGOs will find this volume enlightening and useful
