## **The Good Body:**

**The Good Body** Eve Ensler, 2004-11-09 Botox bulimia breast implants Eve Ensler author of the international sensation *The Vagina Monologues* is back this time to rock our view of what it means to have a good body In the 1950s Eve writes girls were pretty perky They had a blond Clairol wave in their hair They wore girdles and waist pinchers In recent years good girls join the army They climb the corporate ladder They go to the gym They wear painful pointy shoes They don't eat too much They don't eat at all They stay perfect They stay thin I could never be good *The Good Body* starts with Eve's tortured relationship with her own post forties stomach and her skirmishes with everything from Ab Rollers to fad diets and fascistic trainers in an attempt get the flabby badness out As Eve hungrily seeks self acceptance she is joined by the voices of women from L A to Kabul whose obsessions are also laid bare A young Latina candidly critiques her humiliating spread a stubborn layer of fat that she calls a second pair of thighs The wife of a plastic surgeon recounts being systematically reconstructed inch by inch by her perfectionist husband An aging magazine executive still haunted by her mother's long ago criticism describes her desperate pursuit of youth as she relentlessly does sit ups Along the way Eve also introduces us to women who have found a hard won peace with their bodies an African mother who celebrates each individual body as signs of nature's diversity an Indian woman who transcends treadmill mania and delights in her plump cheeks and curves and a veiled Afghani woman who is willing to risk imprisonment for a taste of ice cream These are just a few of the inspiring stories woven through Eve's global journey from obsession to enlightenment Ultimately these monologues become a personal wake up call from Eve to love the good bodies we inhabit *Living in The Good Body* Christel Rosalie Hustad, Jim Williams, 2006 Dps ,

**To Showing Up** Kayla Smith,2024-11-12 This book is a metaphorical toast to the process of showing up in life and how whole person formation takes place when people allow themselves to be fully present To Showing Up includes essays about common areas of life in all of their beauty pain and awkwardness As people show up in spaces that are both familiar and unfamiliar they are formed not only by their presence and the presence of those around them but also by the Presence of God in beauty brokenness and everything in between To Showing Up is both a story about showing up and a challenge to continue to do so *Natures of Mankind Psychology* Jerold Reed,Linda Reed,2006

*Immersion* Karen Throsby,2016-07-01 Immersion is about the extreme sport of marathon swimming Drawing on extensive auto ethnographic data Immersion explores the embodied and social processes of becoming a marathon swimmer and investigates how social belonging is produced and policed Using marathon swimming as a lens this foundation provides the basis for an exploration of what constitutes the good body in contemporary neoliberal society across a range of sites including charitable swimming fatness gender and health The book argues that the self representations of marathon swimming are at odds with its lived realities and that this reflects the entrenched and limited discursive resources available for thinking about the sporting body in the wider social and cultural context The book is aimed primarily at readers at undergraduate level and upwards with an interest in sociology the sociology of the body the sociology of sport gender and the sociology of health and illness

**Plato's Republic** Plato,1941 What is justice Is the life upheld by Socrates sufficiently definite for practical guidance The views of Callicles have been overborne but have they been thoroughly examined Socrates

claims to be the only politician But how can that deserve the name of policy which results in doing nothing These and cognate questions may well have haunted Plato when he planned the Republic the greatest of his works The great principle of the political supremacy of mind though thus held back through half the dialogue really dominates the whole It may be read between the lines all through even in the institution of gymnastic and the appraisal of the cardinal virtues It is a genuine development of Socratic thought And it is this more than any other single feature which gives the Republic a prophetic significance as an attempt towards anticipating the work of future generations Essays on Physiognomy Johann Caspar Lavater,1840 Plato Raw James Blanchette,2018-11-06 This is the complete works of Plato including ALCIBIADES I APOLOGY CHARMIDES CRATYLUS CRITIAS CRITO EUTHYPHRO GORGIAS ION LACHES LAWS LESSER HIPPIAS LYSIS MENEXENUS MENO PARMENIDES PHAEDO PHAEDRUS PHILEBUS PROTAGORAS SOPHIST STATESMAN SYMPOSIUM THEAETETUS THE REPUBLIC TIMAEUS Imitators of Plato subject to debate ALCIBIADES II ERYXIAS Without commentary or analysis Most will agree that Plato is the author of the above dialogues although there is still considerable debate ongoing so that some maintain that only a handful of the works being penned by Plato *Technē* Gerald Hiestand,Todd A. Wilson,2022-11-18 Christians have an increasingly complex and often conflicted relationship with technology As Genesis 1 succinctly and profoundly declares God created humanity in his image and as part of that vocation we are called to make something of the world Technology is one of the most important and powerful ways that human beings exercise this dominion But while technology can extend our humanity in powerful and exciting ways many of us feel that it can compromise or fracture our humanity at its core As a result questions quickly emerge What does it mean to be human How does our creation in the image of God affect the way we use design and understand technology Should our general posture toward technology be cautious or optimistic This collection of scholarly and pastoral essays drawn from the 2019 annual theology conference of the Center for Pastor Theologians offers substantive Christian reflection on a wide range of issues pertinent to a distinctly Christian vision of technology today and in the future **Strategies of Argument** Mi-Kyoung Lee,2014 The previously unpublished articles in this edited volume explore the various modes and strategies of argument in ancient Greek philosophy The book also aims to emphasize the importance of discerning a philosopher's argumentative strategy in order to understand his overall project *Pictures and Visuality in Early Modern China* Craig Clunas,2006-03-01 Pictures and Visuality in Early Modern China is not simply a survey of sixteenth century images but rather a thorough and thoughtful examination of visual culture in China's Ming Dynasty one that considers images wherever they appeared not only paintings but also illustrated books maps ceramic bowls lacquered boxes painted fans and even clothing and tomb pictures Clunas's theory of visuality incorporates not only the image and the object upon which it is placed but also the culture which produced and purchased it Economic changes in sixteenth century China the rapid expansion of trade routes and a growing class of consumers are thus intricately bound up with the evolution of the image itself Pictures and Visuality in Early Modern China will be a touchstone
