**The English in Love** Claire Langhamer, 2013-08-22 Love has a history It has meant different things to different people at different moments and has served different purposes This book tells the story of love at a crucial point a moment when the emotional landscape changed dramatically for large numbers of people It is a story based in England but informed by America and covers the period from the end of the First World War until the break up of The Beatles To the casual observer this era was a golden age of marriage More people married than ever before They did so at increasingly younger ages And there was a revolution in our idea of what marriage meant Pragmatic notions of marriage as institution were superseded by the more romantic ideal of a relationship based upon individual emotional commitment love sex and personal fulfilment And yet this new idea of marriage based on a belief in the transformative power of love and emotion carried within it the seeds of its own destruction Romantic love particularly when tied to sexual satisfaction ultimately proved an unreliable foundation upon which to build marriages fatally it had the potential to evaporate over time and under pressure Scratching beneath the surface of the apparent golden age of marriage Claire Langhamer uncovers the real story of love in the twentieth century via the recollections of ordinary people who lived through the period It is a tale of quiet emotional instability persistent

subversion and unsettling change At its end the idea of life long marriage was in serious decline And as Langhamer shows this was a decline directly rooted in the contradictions and tensions that lay at the heart of the emotional revolution itself

**Nazi Film Melodrama** Laura Heins, 2013-09-16 Cultural productions in the Third Reich often served explicit propaganda functions of legitimating racism and glorifying war and militarism Likewise the proliferation of domestic and romance films in Nazi Germany also represented an ideological stance Rather than reinforcing traditional gender role divisions and the status quo of the nuclear family these films were much more permissive about desire and sexuality than previously assumed Focusing on German romance films domestic melodramas and home front films from 1933 to 1945 Nazi Film Melodrama shows how melodramatic elements in Nazi cinema functioned as part of a project to move affect body and desire beyond the confines of bourgeois culture and participate in a curious modernization of sexuality engineered to advance the imperialist goals of the Third Reich Offering a comparative analysis of Nazi productions with classical Hollywood films of the same era Laura Heins argues that German fascist melodramas differed from their American counterparts in their negative views of domesticity and in their use of a more explicit antibourgeois rhetoric Nazi melodramas film writing and popular media appealed to viewers by promoting liberation from conventional sexual morality and familial structures presenting the Nazi state and the individual as dynamic and revolutionary Some spectators objected to the eroticization and modernization of the public sphere under Nazism however pitting Joseph Goebbels Ministry of Propaganda against more conservative film audiences in a war over the very status of domesticity and the shape of the family Drawing on extensive archival research this perceptive study highlights the seemingly contradictory aspects of gender representation and sexual morality in Nazi era cinema

**Focus On: 100 Most Popular French-language Films** Wikipedia contributors, **A Companion to François Truffaut** Dudley Andrew, Anne Gillain, 2013-02-11 A Companion to François Truffaut An unprecedented critical tribute to the director who in France wound up becoming the most controversial figure of the New Wave he helped found Raymond Bellour Centre National de la Recherche Scientifique This exciting collection breaks through the widely held critical view that Truffaut abandoned the iconoclasm of his early work for an academicism he had consistently railed against in his own film criticism Indeed if fever and fire were Truffaut's most consistent motifs the essays in this collection live up to his lifelong burning passion for the cinema Written by world famous scholars the essays exhaustively explore the themes and styles of the films as well as Truffaut's relationships to André Bazin Alfred Hitchcock and the directors of the New Wave his ground breaking and controversial film criticism and his position in the complex politics of French cultural life from the Popular Front to 1968 and after Angelo Restivo Georgia State University Although the New Wave one of the most influential aesthetic revolutions in the history of cinema might not have existed without him François Truffaut has largely been ignored by film scholars since his death almost thirty years ago As an innovative theoretician an influential critic and a celebrated filmmaker Truffaut formulated disseminated and illustrated the ideals of the New Wave with exceptional energy and distinction Yet no book in

recent years has focused on Truffaut's value and his overall contribution to cinema deserves to be redefined not only to reinstate him in his proper place but to let us rethink how cinema developed during his lifetime In this new Companion thirty four original essays by leading film scholars offer new readings of individual films and original perspectives on the filmmaker's background influences and consequence Hugely influential around the globe Truffaut is assessed by international contributors who delve into the unique quality of his narratives and establish the depth of his distinctively styled work An extended interview with French filmmaker Arnaud Desplechin tracks Truffaut's controversial stature within French cinema and vividly identifies how he thinks and works as a director adding an irreplaceable perspective to this essential volume
