Richard M. Abrams

The Great Society Lessons For The Future:

Monthly Labor Review, 1974 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews *The Manpower Connection* Eli Ginzberg, 1975 An analysis of manpower

Legacies of the War on Poverty Martha J. Bailey, Sheldon Danziger, 2013-07-31 Many believe that the War on Poverty launched by President Johnson in 1964 ended in failure In 2010 the official poverty rate was 15 percent almost as high as when the War on Poverty was declared Historical and contemporary accounts often portray the War on Poverty as a costly experiment that created doubts about the ability of public policies to address complex social problems Legacies of the War on Poverty drawing from fifty years of empirical evidence documents that this popular view is too negative The volume offers a balanced assessment of the War on Poverty that highlights some remarkable policy successes and promises to shift the national conversation on poverty in America Featuring contributions from leading poverty researchers Legacies of the War on Poverty demonstrates that poverty and racial discrimination would likely have been much greater today if the War on Poverty had not been launched Chloe Gibbs Jens Ludwig and Douglas Miller dispel the notion that the Head Start education program does not work While its impact on children s test scores fade the program contributes to participants long term educational achievement and importantly their earnings growth later in life Elizabeth Cascio and Sarah Reber show that Title I legislation reduced the school funding gap between poorer and richer states and prompted Southern school districts to desegregate increasing educational opportunity for African Americans The volume also examines the significant consequences of income support housing and health care programs Jane Waldfogel shows that without the era s expansion of food stamps and other nutrition programs the child poverty rate in 2010 would have been three percentage points higher Kathleen McGarry examines the policies that contributed to a great success of the War on Poverty the rapid decline in elderly poverty which fell from 35 percent in 1959 to below 10 percent in 2010 Barbara Wolfe concludes that Medicaid and Community Health Centers contributed to large reductions in infant mortality and increased life expectancy Katherine Swartz finds that Medicare and Medicaid increased access to health care among the elderly and reduced the risk that they could not afford care or that obtaining it would bankrupt them and their families Legacies of the War on Poverty demonstrates that well designed government programs can reduce poverty racial discrimination and material hardships This insightful volume refutes pessimism about the effects of social policies and provides new lessons about what more can be done to improve the lives of the poor The Handbook of Social Policy James Midgley, Martin B. Tracy, Michelle Livermore, 2000 Comprises 33 papers grouped under five themes The Nature of social policy The History of social policy Social policy and the social services The Political economy of social policy and International and future perspectives on social policy DHEW Publication No. (OE)., 1977 **The Norton Dictionary of Modern Thought** Alan Bullock, Stephen Trombley, 1999 Nearly four thousand entries cover terms in all disciplines contributed by experts in each field with

suggestions for further reading **The Rise and Fall of the New Deal Order, 1930-1980** Steve Fraser, Gary Gerstle, 2020-07-21 The description for this book The Rise and Fall of the New Deal Order 1930 1980 will be forthcoming

Troubled Journey Frederick F. Siegel, 2011-04-01 Hill and Wang first published Troubled Journey From Pearl Harbor to Ronald Reagan in 1984 **Turning Points** Terry W. Bettis, 2012-06-07 Terry W Bettis has published two books Guards at the Gate and co authored The Spiral Notebook transcribed from her diary written by Billie K Bettis His passions to seek out the stories of history and current events is without question as to his motives Ever wonder what is happening to our country In Turning Points Terry W Bettis takes you through the history of this country looking at how through the years our Republic has had its ups and downs As you read you will learn about things that have given life to this country as well as things that have drained the life from it You will discover things that you thought were a blessing to this country only to find that in fact they are destroying our freedoms and our Constitution turning our country from one filled with Gods blessing to one of slavery Discover those things which are causing our Republic to fade completely away The United States was founded on Christian principals though far from perfect it has been blessed by God because we had put Him first Being attacked on many fronts God is being pushed out the door of America We are seeing the results In Turning Points you will learn how this is happening plus the effect it is having on our country churches families and the future generations yet to be born It is a deep desire of Terrys to awaken the American people to what is happening to our beloved United States You will learn and be blessed with this book as well as with Terrys first book Guards at the Gate hopefully finding understand about what our country is experiencing and what we are leaving for our children and grandchildren Gail Odegard Wyoming April 13 2012 My friend Terry Bettis is a keen observer of life and life in motion I have known him for decades and Terrys incisive mind is ever at work on society and its transmogrification s He is a constitutional scholar and an exponent of personal freedom I am in awe of the depth of Terrys knowledge of our Constitution and the freedoms it bestows As a human being Terry Bettis is hard to beat He is revered by his friends and associates He works hard and remains pleasant under even the most adverse circumstances He and his wife Billie have been dear friends of ours for decades If we needed someone to administer our estate we would choose the Bettises They are honest and intelligent My wife and I regretted that Terry and Billie moved from Texas to New Mexico We figured the move increased the median IQ of New Mexico and decreased that of Texas Paul Freeman Marble Falls Texas Terry is well qualified to write a book because of his fervor and passion for history the way it was written He has demonstrated to me and others his great attention to detail in his research and fact finding in preparation for those books he has authored and co authored He possesses the ability to build a story line and back it up with facts His conclusions are based on historical facts Mr Bettis is a true Patriot His zeal and passions to preserve this great Republic through his teachings and lecture are well known in TEA party and conservative circles Mr Bettis is a resident of New Mexico with deep roots in Texas as well His service to this country and to the public as a law enforcement officer qualify him to be a

patriotic American John William McCormack Garrison Nelson, 2017-03-23 In the first biography of U S House Speaker John W McCormack author Garrison Nelson uncovers previously forgotten FBI files birth and death records and correspondence long thought lost or buried For such an influential figure McCormack tried to dismiss the past almost erasing his legacy from the public s mind John William McCormack A Political Biography sheds light on the behind the curtain machinations of American politics and the origins of the modern day Democratic party facilitated through McCormack s triumphs McCormack overcame desperate poverty and family tragedy in the Irish ghetto of South Boston to hold the second most powerful position in the nation By reinventing his family history to elude Irish Boston s powerful political gatekeepers McCormack embarked on a 1928 1971 House career and from 1939 71 the longest house leadership career Working with every president from Coolidge to Nixon McCormack s social welfare agenda which included Social Security Medicare and Medicaid immigration reform and civil rights legislation helped commit the nation to the welfare of its most vulnerable citizens By helping create the Austin Boston Connection McCormack reshaped the Democratic Party from a regional southern white Protestant party to one that embraced urban religiously and racially diverse ethnics A man free of prejudice John McCormack was the Boston Brahmin s favorite Irishman the South s favorite northerner and known in Boston as Rabbi John the Jews favorite Catholic **The Neoconservatives** Peter Steinfels, 2013-11-19 In 1979 Peter Steinfels identified a new movement and predicted it would be the decade s most enduring legacy to American politics In a new Introduction he describes its evolution from a reaction to Sixties social change into an entrenched political force promoting an assertive even belligerent foreign policy The Neoconservatives traced the origins and described the beliefs of a movement that had barely been labeled Four decades later the neoconservatives have become the neocons advising presidential candidates manning think tanks churning out books op eds TV interviews and policy proposals They played a key role in pushing the nation into the war in Iraq and continue to argue for an assertive American foreign policy whether toward Iran Afghanistan North Korea or China that does not hesitate to act unilaterally with military power The Neoconservatives probes the roots of this movement as it describes its early days with portraits of Irving Kristol Daniel P Moynihan Daniel Bell Nathan Glazer Samuel Huntington and others Peter Steinfels was the first critic to understand and gauge an emerging philosophy that would grow into an enduring force at the forefront of American foreign policy making The Neoconservatives is an important contribution to our political history Federalism and the Tug of War Within Professor Erin Ryan, 2011-11-25 Federalism and the Tug of War Within explores how constitutional interpreters reconcile the competing values that underpin American federalism with real consequences for governance that require local and national collaboration Drawing examples from Hurricane Katrina climate governance health care reform and other problems of local and national authority author Erin Ryan demonstrates how the Supreme Court s federalism jurisprudence can inhibit effective inter jurisdictional governance by failing to navigate the tensions within federalism itself The Constitution s dual sovereignty directive fosters an ideal set of good governance

values including checks and balances accountability local autonomy and local and national synergy that are nevertheless in constant competition This inherent tug of war is responsible for the epic instability in the Court s federalism jurisprudence but it is poorly understood With new conceptual vocabulary to wrestle with old dilemmas Ryan traces the development of federalism s tug of war and proposes innovations to manage judicial legislative and executive efforts with more focus Her analysis clarifies how the tug of war is already mediated through balancing compromise and negotiation She proposes a Balanced Federalism model that mediates tensions on three separate planes fostering balance among competing federalism values leveraging the functional capacities of the three branches in interpreting federalism and maximizing the wisdom of both state and federal actors in so doing The new framework better harmonizes values that though in tension have made the American system of government so effective and enduring

Reader's Guide to American History Peter J.

Parish,2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader s Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

America Transformed

Richard M. Abrams,2006-07-03 America has seen a multitude of transformations since its founding This 2006 book examines the period 1941 2001 during which time the character of American life changed rapidly culminating in the shattering of the Liberal Democratic coalition Revolutions in the areas of affluence foreign policy the military business systems racial relations gender roles sexual behavior and attitudes and disregard for privacy are discussed Rather than cite historical facts as they occurred America Transformed analyzes them and offers a fresh and often controversial perspective Abrams draws on a wealth of published sources to highlight his original arguments on McCarthyism the Cold War Eisenhower Kennedy Nixon and Johnson to name a few topics The synthesis of information and the depth of insight are simply unparalleled in any other book of American social history from 1941 2001

A Different Vision Thomas D Boston,2002-01-04 A Different Vision

African American Economic Thought brings together for the first time the ideas philosophies and interpretations of North America s leading African American economists Presented in two volumes Volume 1 includes An in depth discussion of the economics of race and gender Assessments of the contribution and influence of major African American economists and economic philosophies An examination of racism within the economics profession An interdisciplinary approach which is largely free of technical jargon The volumes draw the inescapable conclusion that racial inequality has had an immense impact in every sphere of African American life

Housing Policy in the Developed Economy Bruce Headey,2021-03-23

Originally published in 1978 this book analyses three main approaches to national housing policy in the 20th Century in Sweden the UK and USA It reviews policy developments and considers the impact of policy on the housing conditions and costs of different sections of the community A major theme is that British and American governments contrary to their stated objectives have actually increased housing inequality by allowing homeowners tax concessions which are more generous than the housing welfare programmes available to tenants The political pressures which produced this outcome in Britain and the USA but a quite different and more egalitarian outcome in Sweden are carefully discussed Throughout the book policy making is regarded as involving trade offs between what is politically feasible and what is operationally feasible This framework enables readers to view policy making from the perspective of politicians and civil servants as they react to diverse demands and pressures and seek to devise housing programmes which embody incentives to which housing financiers builders and consumers will respond

The Politics of Social Policy in the United States Margaret Weir, Ann Shola Orloff, Theda Skocpol, 2020-12-08 This volume places the welfare debates of the 1980s in the context of past patterns of U S policy such as the Social Security Act of 1935 the failure of efforts in the 1940s to extend national social benefits and economic planning and the backlashes against big government that followed reforms of the 1960s and early 1970s Historical analysis reveals that certain social policies have flourished in the United States those that have appealed simultaneously to middle class and lower income people while not involving direct bureaucratic interventions into local communities The editors suggest how new family and employment policies devised along these lines might revitalize broad political coalitions and further basic national values The contributors are Edwin Amenta Robert Aponte Mary Jo Bane Kenneth Finegold John Myles Kathryn Neckerman Gary Orfield Ann Shola Orloff Jill Quadagno Theda Skocpol Helene Slessarev Beth Stevens Margaret Weir and William Julius Wilson

The Urban Predicament William Gorham, Nathan Glazer, **Studies in Law, Politics, and Society** Austin Sarat, 2009-05-21 Contains a Special Issue on crime and criminal justice This title brings together the work of scholars whose work usefully illuminates central questions in about how we define and process those who violate the criminal law and about the technologies of policing and punishment

Routledge Library Editions: Housing Policy & Home Ownership Various, 2021-08-31 Originally published between 1961 and 1994 the volumes in this set sit equally comfortably in sociology and geography as well as housing studies Even though they were published some years ago their content continues to offer critical engagement with an evolving policy agenda which is even more important in a time of crisis and deeper polarization both nationally and globally as a result of the pandemic They Provide a comprehensive political economic analysis of the historical origins and 20th Century experience of 19th and 20th Century housing tenure in the UK France Germany the former USSR Israel Denmark Sweden Hungary Puerto Rico and the USA Discuss landlord tenant relations and the neglect of particular disadvantaged groups such as the elderly the single homeless and those in low income groups Examine the balance between rehabilitation and redevelopment and the rise and fall of the

high rise flat Cover issues such as rent rent controls subsidies and urban renewal Look at the implications of selling council houses and evaluate the impact of the growth of home ownership in the UK Address the practical and political difficulties of devising measures which meet policy objectives
