Barron,2020-07-28 Spanning from WWII to the Cold War and beyond this is the magnificent triumphant biography of the investigative journalist resistance fighter and whistle blower who helped expose the Watergate scandal Doris Kearns Goodwin author of Leadership He was one of the most fascinating figures in 20th century political history Yet today Elias Demetracopoulos is strangely overlooked even though his life reads like an epic adventure story As a precocious twelve year old in occupied Athens he engaged in heroic resistance efforts against the Nazis for which he was imprisoned and tortured After his life was miraculously spared he became an investigative journalist covering Greece s tumultuous politics and America s increasing influence in the region A clever and scoop hungry reporter Elias soon gained access to powerful figures in both governments and attracted many enemies When the Greek military dictatorship took power in 1967 he narrowly escaped to Washington DC where he would lead the fight to

restore democracy in his homeland while running afoul of the American government too Now after a decade of research and original reporting James H Barron uncovers the story of a man whose tireless pursuit of uncomfortable truths would put him at odds with not only his own government but that of the Truman Eisenhower Kennedy Johnson Nixon Ford Carter and Reagan administrations making him a target of CIA FBI and State Department surveillance and harassment and Greek kidnapping and assassination plots American authorities may have purposefully overlooked A stunning feat of biographic storytelling sweeping from World War II to the Cold War Watergate and beyond The Greek Connection is about a lifetime of standing up for democracy and a free press against powerful special interests It has much to teach us about our own era s abuses of power dark money journalist intimidation and foreign interference in elections Monthly Bulletin of Books Added to the Public Library of the City of Boston Boston Public Library,1907 *Catalog of Copyright Entries. Fornieles,2022-12-05 The concept of news that we have today is not a modern invention but rather a social and cultural institution that has been passed down to us by the Greeks as a legacy This concept is only modified by the social political and economic conditions that make our society different from theirs In order to understand what was considered news in Ancient Greece a lexical study of and all of its derivatives attested in a representative corpus of the period spanning from the second millennium BC to the end of the fourth BC has been conducted This piece of research provides new contributions both to studies in Classics there are hardly any studies on the transmission of news in Antiquity and in journalism This study also reveals an interesting point the presence of false news similar to current fake news in ancient Greek literature especially in tragedy and historiography when it comes to the use of the derivatives of **Dictionary of Midwestern Literature, Volume Two** Philip A. Tracing the history of tragedy and comedy from their earliest beginnings to the present this book offers readers an exceptional study of the development of both genres grounded in analysis of landmark plays and their context It argues that sacrifice is central to both genres and demonstrates how it provides a key to understanding the grand sweep of Western drama For students of literature and drama the volume serves as an accessible companion to over two millennia of drama organised by period and reveals how sacrifice represents a through line running from classical drama to today s reality TV and blockbuster movies Across the chapters devoted to each period Day explores how the meanings of sacrifice change over time but never quite disappear He charts the influences of religion social change and politics on the status and purposes of theatre in each period and on the drama itself But it is through a close study of key plays that he reveals the continuities centred around sacrifice that persist and which illuminate aspects of human psychology and social organisation Among the many plays and events considered are Aeschylus trilogy The Oresteia Aristophanes Women at the Thesmophoria Menander s The Bad Tempered Man the spectacles of the Roman Games Seneca s The Trojan Women Plautus s The Rope the Cycle plays and Everyman from the Middle Ages Shakespeare s King Lear and A Midsummer Night s Dream Middleton s The Revenger s Tragedy Jonson s Every Man in His Humour Thomas Otway s The Orphan William Wycherley s The Country Wife Wilde s A Woman of No Importance Beckett Waiting for Godot Tennessee Williams s A Streetcar Named Desire Suzan Lori Parks s Topdog Underdog Sarah Kane s Blasted and Charlotte Jones Humble Boy A conclusion examines the persistence of ideas of sacrifice in today s reality TV and blockbuster movies
