

The Grotesque in literature

Oxford English Dictionary:

1. a. A kind of decorative painting or sculpture, consisting of **representations of portions of human and animal forms**, fantastically combined and interwoven with foliage and flowers.
- b. A work of art in this style. Chiefly *pl.*, figures or designs in grotesque; in popular language, figures or designs characterized by **comic distortion or exaggeration**. The Italian form *grottesco* is sometimes used.

from Wikipedia: the strange, fantastic, ugly, incongruous, unpleasant, or disgusting . . . often used to describe weird shapes and distorted forms. In art, performance, and literature, *grotesque* may also simultaneously invoke in an audience a feeling of **uncomfortable bizarreness and empathic pity**.

Rémi Astruc has argued that although there is an immense variety of motifs and figures, the three main tropes of the grotesque are **doubleness, hybridity and metamorphosis**. Beyond the current understanding of the grotesque as an aesthetic category, he demonstrated how the grotesque functions as a fundamental **existential experience**

Quentin Metsys, *A Grotesque Old Woman*
