The Groundnote:

The Groundnote Janet Kaplan,1998 The Groundnote Janet Kaplan s first collection of poetry explores violence in the twentieth century both in the family and in the larger world The poems range over difficult subjects the Jewish Holocaust urban blight in New York City and the author s personal history in the Bronx Through myth music and detailed observation of the natural world these poems confirm the difficult truth that violence has always coexisted with beauty *The division-violist, or, An introduction to the playing upon a ground* Christopher Simpson,1659 *Bloomer* Carol

Lefevre,2025-03-25 It is daunting to grow old in a time and place that does not value old people but the age group known as Boomers should not be so easily dismissed They marched against the Vietnam War and were the first generation to be liberated by the contraceptive pill from the fear of unwanted pregnancy Their teenage years were fuelled by protest songs and peace and love idealism and many are still engaged in forms of activism Framed by the turning of the seasons in her small suburban garden Carol Lefevre s Bloomer documents the year in which she turned seventy Memoir threads through meditations on aspects of ageing from its hidden grief and potential for loneliness to our relationship with the past and with our own mortality In this gorgeous optimistic and eloquent coming of old age book Boomers emerge as Boomers people not at the end of things but still on their way ready to embrace a late life flourishing **The Holy Bible, with Explanatory Notes ... by Thomas Scott ... Ashby Lester Jr.,2015-12-08 English literary culture from the death of Thomas Carlyle to the First World War was paradoxical and diverse In literature it was a time of confusion and a nervous often frenzied search for new terms on which the imagination could live Professor Lester shows that the literary culture of the period moved steadily from a suspicion that the old bases of significant imaginative life were indefensible to a widespread conviction that they had collapsed His book is not an exercise in literary criticism Rather it is an attempt to discover the Geist of an age to provide a synthesis for the years 1880 1914 His overriding concern is What is the primary force which so unsettles disperses and disorients the imaginative experience of this period Originally published in 1968 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Washington Law Reporter ,1883 Classification Bulletin of the United States Patent Office from ...
