Cox,2004-06 This book examines Slovenia's transition from a collection of

provinces in the south of the Habsburg Empire to a republic within Yugoslavia to an independent state It also analyses political and economic developments since 1991 *Nationalism and Yugoslavia* Pieter Troch,2015-08-18 Created after World War I Yugoslavia was a combination of ethnically religiously and linguistically diverse but connected South Slav peoples Slovenes Croats and Serbs but also Bosnian Muslims Macedonians and Montenegrins in addition to non Slav minorities The Great Powers and the country's intellectual and political elites believed that a coherent identity could be

formed in which the different South Slav groups in the state could identify with a single Balkan Yugoslav identity Pieter Troch draws on previously unpublished sources from the domain of education to show how the state's nationalities policy initially allowed for a flexible and inclusive Yugoslav nationhood and how that system was slowly replaced with a more domineering and rigid top down nationalism during the dictatorship of King Alexander I who banned political parties and coded a strongly politicised Yugoslav national identity As Yugoslav society became increasingly split between the pro Yugoslav central regime and anti Yugoslav opposition the seeds were sown for the failure of the Yugoslav idea Nationalism and Yugoslavia provides a valuable new insight into the complexities of pre war Yugoslavia
