Döring, 2011-11-22 A comprehensive insight into a region which is characterized by rapid economic and social changes with a significant rise in foreign direct investments and privatization Analysis covers political legal economic and social trends and topics such as the influence of informal networks and corruption as well as cultural diversity

**Routledge Handbook of Entrepreneurship in Developing Economies** Colin C. Williams, Anjula Gurtoo, 2016-07-22

The Routledge Handbook of Entrepreneurship in Developing Economies is a landmark volume that offers a uniquely comprehensive overview of entrepreneurship in developing countries. Addressing the multi-faceted nature of entrepreneurship, chapters explore a vast range of subject areas including education, economic policy, gender, and the prevalence and nature of informal sector entrepreneurship. In order to understand the process of new venture creation in developing economies, what it means to be engaged in entrepreneurship in a developing world context must be addressed. This handbook does so by exploring the difficulties, risks, and rewards associated with being an entrepreneur and evaluates the impacts of the environment, relationships, performance, and policy dynamics on small and entrepreneurial firms in developing economies. The handbook brings together a unique collection of over forty international researchers who are all actively engaged in studying entrepreneurship in a developing world context. The chapters offer concise but detailed perspectives and explanations on key aspects of the subject across a diverse array of developing economies spanning Africa, Asia, Latin America, and Eastern Europe. In doing so, the chapters highlight the heterogeneity of entrepreneurship in developed economies and contribute to the on-going policy discourses for managing and promoting entrepreneurial growth in the developing world. The book will be of great interest to scholars, students, and policymakers in the areas of development economics, business, and management, public policy, and development studies. *Entrepreneurship, Innovation, and Sustainable Growth* Nader H. Asgary, Emerson A. Maccari, Heloisa C. Hollnagel, Ricardo L.P. Bueno, 2024-03-20

Entrepreneurship and innovation play a vital role in fostering sustainable development. Advances in technology and communications have both transformed the process of business and strengthened the role of entrepreneurship in developed and developing countries. This new edition of *Entrepreneurship, Innovation, and Sustainable Growth* provides the fundamental concepts and applications for faculty and students in this field and also serves as a professional reference for practicing entrepreneurs and policymakers. Each chapter provides a clear guide to the conceptual and practical elements that characterize entrepreneurship and the process of new venture formation, including functional strategies in key areas such as marketing, information technology, human resources management, and accounting and finance. Updated throughout to take account of recent developments in topics such as environmental impacts, diversity, and inclusion, and COVID-19, the book is a comprehensive and holistic approach to the theory, policy, and practice of entrepreneurship and innovation. Keeping practicality as the book's core aim, all chapters include a long case study to set the scene and then draw upon shorter cases from both developing and developed countries to reinforce key learning objectives and the real-world application of the book's core concepts. With new questions and exercises presented throughout in order to encourage discussion and problem-solving, quick summaries of the important concepts and definitions, and extensive support for lecturers and students, *Entrepreneurship, Innovation, and Sustainable Growth* Second Edition is ideal for students at undergraduate and

postgraduate level

**Current Issues in Economic Integration** M. Bruna Zolin, 2016-05-13 The current economic crisis has called into question the long term viability of the decoupling between multinational firms and the banking system It has also cast serious doubts on the US dollar centred monetary system and invited reassessment of the long term viability of US China economic relations based on a US current account deficit absorbed by Chinese financial institutions It is also an opportunity to analyse the rise in property prices particularly in fast growing economies Long term food security is also an issue bringing to the fore the multinational firms from emerging economies such as China and India and calling into question the response strategies of multinational firms from the West and Japan This book engages these key issues within the broad theme of integration to give an up to date consideration of the subject opening debate on the future stimulating role that Asia could play vis vis the West particularly the European Union

Confronting Microfinance Milford Bateman, 2011 Uses empirical evidence and contributor fieldwork to get at the heart of debates on microfinance claims

**Europe's Troubled Region** William Bartlett, 2007-12-21 The breaking up of Yugoslavia hasn't been an efficient clean process to say the least This book presents a sober comparative analysis of the economic development of the newly formed states since the break up

Southeastern Europe, 2004

**The Growth of Firms in Less-Developed Countries** Fadil Sahiti, 2019-03-16 This book contributes to the microeconomics of growth among SMEs in less developed countries It begins with an overview of the Kosovo economy and takes the case of Kosovo to explore the dynamics and determinants of firm growth The author does this by exploring dynamics of firms creation survival and exit organisational capabilities of firms and looks at how external environmental factors affect firms growth The author pays special attention to innovation capabilities This study makes a major contribution to European Studies by dealing for the first time with economic development in Kosovo This book will be of relevance to development specialists including policy makers researchers consultants students and field staff of donor organisations active in Kosovo the wider Balkan region and other low income countries It will also be of value to policy makers working in fields of economic development entrepreneurship industrial policy and innovation policy and European and EU studies

Entrepreneurship in the Balkans Veland Ramadani, Robert C. Schneider, 2013-05-13 This book represents a comprehensive state of the art picture of entrepreneurship and small business management issues in the Balkans region It provides major theoretical and empirical evidence that offers a brighter view of these fields and aims to open up opportunities for greater dialogue in public policy The readers would be able to enhance their knowledge on small businesses and innovation issues in the Balkans An outcome of a long lasting endeavour this book includes contributions of highly reputed authors and experts from the Balkans countries Features forewords by two well known personalities of this field Leo Paul Dana and Alain Fayolle

*Economic Crisis in Europe and the Balkans* Anastasios Karasavoglou, Persefoni Polychronidou, 2013-07-22 The economies of the European countries are still in recession the development process is at a standstill companies are facing financial difficulties and the EU's monetary policy is tight and focused on lowering inflation

The fiscal problems and high debt levels of the northern European countries are of great importance and they are the consequences of both the European economy's structural characteristics and the EU's policies. The economic area of Eastern Europe, the Balkans and the Black Sea countries is also vital due to its special economic characteristics. The effects of the economic crisis on this particular area are catalytic while the prospects for recovery are doubtful. The present book deals with the key aspects of the economic crisis in Europe, especially focusing on southeast Europe and the Balkans. The consequences of the crisis in these countries are analyzed and suggestions for how to address the crisis are outlined.

**Enterprising Worlds** Jay D. Gatrell, Neil Reid, 2007-05-16 Enterprising World represents the culmination of several years of work by geographers, planners and economists. The chapters represent the collective efforts of the International Geographical Union's Commission on the Dynamics of Economic Spaces. This collection is the result of the 2005 annual meeting in Toledo, Ohio, USA. The chapters have been selected based on their contribution to the broader community of economic geographers and policymakers and to demonstrate the inherent interconnectedness of these themes and at times the conceptual tension that exists between ethics, economics and the environment insofar as these important issues shape the contours and cleavages of contemporary regional development. In particular, the chapters represent the diversity of perspectives on these issues. The authors provide insight into the workings of a variety of communities, regions and nations as they seek to balance economic growth with the growing necessity to simultaneously promote ethical and sustainable regional development. As such, this book is truly international in both scale and scope and provides the reader with a survey of emerging and established concepts, theories and conflicts in economic geography. The Consequences of the International

Crisis for European SMEs Bruno Dallago, Chiara Guglielmetti, 2012-12-07 The book explores how to what extent and with what consequences the international crisis of 2007-2008 and the recession which followed have affected European SMEs, small and medium enterprises in both the well established market economies of the old member countries and in the post transformation new member countries and what can be done at the institutional and political level to uphold them. **Local Economic and Employment Development (LEED) Entrepreneurship and Local Economic Development Programme and Policy Recommendations** OECD, 2003-03-11 This book examines the principal routes through which enterprise creation can have a positive impact on local economies. **Poverty and Social Deprivation in the Mediterranean** Maria

Petmesidou, Christos Papatheodorou, 2013-07-04 In the growth of regional identities worldwide the Mediterranean Basin is emerging as an entity in its own right. This book, a unique collaboration among social scientists around the entire Mediterranean littoral, covers Southern Europe, Turkey, the Balkans, North Africa and the Near East. Leading economists, sociologists and social policy experts document with new and up to date empirical material the changing profiles of poverty and social deprivation. The result is a thought provoking comparison of the extent, severity and structural causes of poverty and social inequality and the huge diversity of public responses to the challenges they pose. **Globalization,**

**Democratization and Development** Vojmir Franičević, Hiroshi Kimura, 2003      **The Changing Nature of Doing Business in Transition Economies** M. Marinov, S. Marinova, 2011-09-13 Staying at the pinnacle of the advancing business development of transition economies and the impact of changing business conditions is a challenging task for all firms wanting to do business in them This book provides insight into the way in which businesses function with a comprehensive overview of the major aspects involved      Growth Challenges and Government Policies in Armenia Lev M.
