Goodman, Masanori Miyazawa, 2000-01-01 Shortly before releasing deadly sarin gas on the Tokyo subway in March 1995 the Aum Shinrikyo religious cult published a vicious 95 page antisemitic tract that declared war on its Jewish archenemy The gassing of the Tokyo subway was the culmination of a century of Japanese theorizing about Jews an important part of which has been antisemitic In recent years books blaming Jews for everything from the designs on Japanese currency to the 1995 Kobe earthquake have appeared and some have sold millions of copies What explains this virtual obsession with Jews in Japan a country that has no Jews In this highly original cultural and intellectual history David G Goodman and Masanori Miyazawa show that present day Japanese attitudes toward Jews are the result of a process of accretion that began nearly 200 years ago Skillfully tracing the historical development of Japanese images of Jews against the background of the development of modern Japanese culture they describe how these images reflect the great themes of modern Japanese intellectual life Spanning fields ranging from politics to poetry the authors

demonstrate how Japanese attitudes toward Jews have had real political and cultural consequences culminating in the 1995 subway gassing and resonating into the twenty first century      The New York Times Parent's Guide to the Best Books for Children Eden Ross Lipson,2000-11-14 The Classic Guide That Helps You Select the Books the Child You Know Will Love In this third fully revised and updated edition of The New York Times Parent's Guide to the Best Books for Children the children's book editor of The New York Times Book Review personally selects and recommends books for children of every age The most comprehensive and authoritative book of its kind has been completely updated for the new millennium It contains hundreds of new entries many expanded descriptions and notations of additional companion and related titles more than 1 700 in all The best loved classics of the twentieth century are included as well as a thoughtful selection of outstanding titles from the last decade Six sections are organized according to reading level Wordless Picture Story Early Reading Middle Reading and Young Adult In addition to a summary of the book each entry provides the essential bibliographic information you need to find a book in your local library or bookstore including title author and or illustrator hardcover and or paperback publisher and publication year major awards related titles The unique and most popular feature of the guide is its system of special indexes more than sixty in all They make it easy for parents and grandparents teachers and librarians even children themselves to match the right book to the right child Browse through the indexes and find titles for every interest and mood picture books about cats mice or dinosaurs for babies funny books to read aloud to toddlers series about family life or school or fantasy adventures for a middle grade child books on divorce or death and coming of age novels just right for someone starting junior high school There are also indexes for books about minorities and religion an age appropriate reading level index and much more Lavishly decorated with more than three hundred illustrations from representative titles the guide also features extra wide margins for notes on which of your children liked which book at what age and why Thus the guide becomes a family reading record as well as an invaluable resource you ll use again and again      Something about the

Stella,2000-12

Maria's Story is an oral history as dictated by Maria Wolf Stella about people and events sought by academic scholars to authenticate studies of Germany's Nazi era. Her father's imprisonment and then enforced unemployment led to meager meals at home, discrimination in school, and for Maria at age 14 an order to report for work in a war material factory. Throughout she faced wartime terror and carnage as bombing raids around the factory increased in frequency and destructiveness. Maria survived shock, heartbreak, and grief from the bombing of her village. She survived being strafed by a fighter plane, a tank bombardment of a bunker which she alone occupied, and the sniping by a lone hidden rifleman while searching for her sister. Eventually even her sunny disposition could not dispel feelings of despair and foreboding for the future. World War II introduced a new form of warfare with primary casualties shifting from battlefield soldiers to civilians in cities, followed by a cold war era filled by the murder and genocide of millions by communist governments. An introduction to the book written by Robert Stella outlines a national intercontinental ballistic missile defense system to shield the nation's city dwellers against incineration by H bomb warheads. Ten appendices also by Robert Stella provide new perspective to World War II events, an eleventh reviews essentials of a U.S. Ballistic Missile Star Wars Defense System. Anne Frank Ruth Ashby, 2010-05-11. In 1933 at the age of four, Anne Frank and her family fled from the Nazis in Germany and sought safe haven in Amsterdam, the Netherlands. In 1940 when the Germans invaded the Netherlands, the Frank family once again feared for their lives. Like tens of thousands of Dutch Jews, the Franks went into hiding. They lived in several hidden rooms known as the Secret Annex above Mr. Frank's office building. It was there that Anne wrote her now famous diary. The Franks lived in hiding for two years before they were discovered and sent to Auschwitz, the most well-known and feared concentration camp. Anne Frank gave a human face to the victims of the Holocaust and a courageous voice to all those who were silenced. Though Anne Frank only lived to the age of fifteen, her inspirational childhood is perhaps the best known in history. **Violence in the Contemporary**

**World: An Interdisciplinary Approach** Paromita Chakrabarti, Natália De'Carli, Joana Patrício, 2019-01-04. This volume was first published by Interdisciplinary Press in 2014. Understanding violence in the context of the contemporary world leads us to an infinite number of viewpoints and theoretical frameworks. Not only the study of violence has been largely split into specific groups, but at the same time, different disciplines seem to have assumed the existence of a peaceful society in which violence occurs only in specific places and events, including armed conflicts, civil unrest, and violent crime. However, it is a slippery concept that transcends unstable limits between public and private legitimacy and illegitimacy, individual and collective spheres. Taking an interdisciplinary approach to the concept of violence in the contemporary world, we present a collection of seventeen chapters organized in four sections: Sexualised and Intimate Partner Violence, encouraging disclosure; Urban Violence, crime and fear in the contemporary world; Representing violence, a critical analysis; Violence and Political destabilization, war, elections, and corporations. *Present Tense*, 1988.
