Democratic Decline in Hungary András L. Pap, 2017-08-03 This book shows the rise and morphology of a self identified illiberal democracy the first 21st century illiberal political regime arising in the European Union Since 2010 Viktor Orbán's governments in Hungary have convincingly offered an anti modernist and anti cosmopolitan anti European Unionist rhetoric discourse and constitutional identity to challenge neo liberal democracy The Hungarian case provides unique observation points for students of transitology especially those who are interested in states which are to abandon pathways of liberal democracy The author demonstrates how illiberalism is present both in how and what is being done the style format and procedure of legislation as well as the substance the dismantling of institutional rule of law guarantees and the weakening of checks and balances The book also discusses the ideological commitments and constitutionally framed and cemented value preferences and a reconstituted and re conceptualized relationship between the state and its citizens which is not evidently supported by Hungarians value system and life style choices The Publisher

,1909 **Why Trust Science?** Naomi Oreskes, 2021-04-06 Why the social character of scientific knowledge makes it trustworthy Are doctors right when they tell us vaccines are safe Should we take climate experts at their word when they warn us about the perils of global warming Why should we trust science when so many of our political leaders don't Naomi Oreskes offers a bold and compelling defense of science revealing why the social character of scientific knowledge is its greatest strength and the greatest reason we can trust it Tracing the history and philosophy of science from the late nineteenth century to today this timely and provocative book features a new preface by Oreskes and critical responses by climate experts Ottmar Edenhofer and Martin Kowarsch political scientist Jon Krosnick philosopher of science Marc Lange and science historian Susan Lindee as well as a foreword by political theorist Stephen Macedo *Paradiso 1st. Migrants Before the Law Tobias G. Eule, Lisa Marie Borrelli, Annika Lindberg, Anna Wyss, 2018-11-19 This book traces the practices of migration control and its contestation in the European migration regime in

times of intense politicization The collaboratively written work brings together the perspectives of state agents NGOs migrants with precarious legal status and their support networks collected through multi sited fieldwork in eight European states Austria Denmark Germany Italy Latvia Lithuania Sweden and Switzerland The book provides knowledge of how European migration law is implemented used and challenged by different actors and of how it lends and constrains power over migrants journeys and prospects An ethnography of law in action the book contributes to socio legal scholarship on migration control at the margins of the state This book is a major achievement A remarkable and insightful study that through close analysis of the practices of migration control in 8 European countries Austria Denmark Germany Italy Latvia Lithuania Sweden and Switzerland provides powerful new insight into the power of the state at its margins and over those that are marginalised Andrew Geddes Director Migration Policy Centre European University Institute Migrants Before the Law provides a much needed account of the dizzying legal labyrinth that migrants navigate as they seek to survive in Europe Based on multi sited ethnography in detention centres migration offices police stations and non governmental organizations as well as on interviews with key government actors advocates and migrants themselves this book explores the systems of control and forms of migrant precarity that operate along Europe s internal borders in multiple national and transnational contexts Readers will come away with a deepened understanding of the perverse workings of power the ways that the uncertainty and unpredictability of law foster both despair and hope the degree to which the immigration crisis is both manufactured and experienced as real and the ingenuity of migrants themselves in the face of Kafkaesque state practices Susan Bibler Coutin Professor of Criminology Law and Society and Anthropology University of California Irvine USA Migrants Before the Law is an excellent exposition of the dispersed sites of the law and the hinges and junctions through which this apparatus is actualized in the lives of migrants facing deportation contesting their status as illegal migrants or seeking to regularize their precarious position Written with great sensitivity and an eye to minute details this book is also an achievement in furthering the method of collaborative ethnography and new ways of staging comparisons Veena Das Krieger Eisenhower Professor of Anthropology Johns Hopkins University USA

How the Drug War Ruins American Lives
 Arthur Benavie Professor Emeritus, 2016-03-21 This book reveals the disturbing truth about how the escalation of the War on Drugs over the past 30 years has eroded the human and property rights of Americans while doing little to stop drug trafficking or use Unique in its perspective this eye opening book looks at the drug war as a rights issue and concludes that Americans civil liberties are clearly being violated The volume proceeds from two premises that over the past 30 years America s War on Drugs has done more harm than good and that if the United States is going to reform the criminal justice system the public must understand that this war is empowered by the profits it provides to law enforcement and other groups A central factor causing the upsurge in the drug war the author explains is the fact that laws were passed in the 1980s that allowed law enforcement to profit from seizing property based on scanty evidence and without criminal charges His

meticulous research has revealed that this policing for profit is responsible for a variety of assaults on civil liberties including mass incarceration SWAT teams and random drug sweeps A second factor that infects every aspect of the War on Drugs is racism the widespread stereotyping of drug traffickers as African Americans and Latinos These issues and more are explored in this book that lays bare what the media largely ignores
