**Short Introduction to Strategic Management** Torben Juul Andersen, 2013-07-09 The Short Introduction to Strategic Management provides an authoritative yet accessible account of strategic management and its contemporary challenges. It explains the roots and key rationales of the strategy field, discussing common models, tools, and practices to provide a complete overview of conventional analytical techniques in strategic management. Andersen extends the discussion to consider dynamic strategy making and how it can enable organizations to respond effectively to turbulent and unpredictable global business environments. There is a specific focus on multinational corporate strategy issues relevant to organizations operating across multiple international markets. Written in a clear and direct style, it will appeal to students and practising managers and executives alike. *Handbook of Strategic Management, Second Edition*, Jack Rabin, Gerald J. Miller, 2000-05-16 Revised and updated for the second edition, the Handbook of Strategic Management provides a set of broad-based bibliographic essays on strategic management. It covers synoptic approaches, complexity theory, organizational capacity, financing, strategy networks, and chaos theory, and offers an in-depth look at the use of strategic management in the private, public, and nonprofit sectors. The National Institute of Personnel Management called this book the most comprehensive single source treatment of strategic management. New topics discuss the role of strategic management in political decision making, uncertainty, the absence of strategy, productivity, teamwork, leadership, and change. **BUSINESS POLICY AND STRATEGIC MANAGEMENT** GUPTA, VIPIN, GOLLAKOTA, KAMALA, SRINIVASAN, R., 2007-01-01 This innovative introduction to business policy and strategic management, covering both the illustrative cases and conceptual foundation, offers authoritative approaches to strategic leadership in emerging markets. Among its many unique features, this comprehensively updated and revised second edition is structured to help students think strategically. The major organizational issues in strategy development are covered through an analytical study of nine different perspectives on organization to capture the rich history of the discipline and enlighten the nature of strategy. The concept of strategic intent to guide action, 9M model to analyze strategies in functional areas of manpower, materials, methods, money, manufacturing, machine, marketing, motivating, and manipulating. Competitive gaming model to strategize different types of market structures. Internetworking model to develop high performance Internet ventures. Strategic business model to unfold hidden value into new directions. Value model to explain strategic elements of innovation and technology management. Ethical and international issues in the context of corporate governance. Strategic leadership model relevant to the emerging market ground realities. Strategic control model, both balanced and extended scorecard, to explore the influence of environmental and cultural contexts on effective performance. The text is well supported by more than one thousand sources of international research. India-focused case studies and experiential assignments. This comprehensive text on theory and practice of strategic management is a must-read for management students as well as business practitioners and consultants. Ebook: Strategic
