Strategic Survey 1987 1988:

Strategic Survey 1987-1988 Strategic Studies Intl, 1988 **The International Politics of Asia-Pacific, 1945-1995** Michael Yahuda, 2005-08-19 This fully updated and revised edition of Michael Yahuda's extremely successful textbook introduces students to the international politics of the Asia Pacific region since 1945. Divided into three parts, the first presents a chronological overview of developments since 1945, the new second part looks at the post cold war period while the third focuses on the policies of the US, the USSR, Russia, China and Japan in the region. Yahuda analyses politics in terms of global, regional and local trends, combining narrative with analysis. This new edition features analysis of the economic crisis and the potential implications worldwide of East Asian economic recovery, a chapter on the emergence of East Asia as a significant force in world affairs focusing on the role of lesser powers such as Indonesia and Malaysia, chapters considering prospects post 2000 and competing frameworks for security in the wake of nuclear tension between India and Pakistan, the strengths and weaknesses of US hegemony in the new world order. International Perspectives on the Gulf Conflict, 1990-91 Alex Danchev, Dan Keohane, 2016-07-27 International Perspectives on the Gulf Conflict is a collection of important new work on the conflict by the leading authorities in the field. Unusually, this is an international investigation of an international conflict. The result is stimulating, capacious, original and authoritative, the most complete and up to date guide to the subject yet to appear. **Greek-Turkish Conflict in the 1990's** Dimitri Conostas, 1991-06-18 An analysis of the issues and events related to the conflict between Greece and Turkey with emphasis on the period after the 1974 Cyprus crisis. The text attempts to trace the future evolution of Greek Turkish relations, paying equal attention to domestic and international factors. **The Politics of Negotiation** Linda P. Brady, 2017-10-01 Brady examines the role that politics has played in the success or failure of negotiations between the United States and other countries during the 1970s and 1980s. Drawing on her experience as a negotiator with the U.S. State and Defense Departments, she argues that security talks cannot be conducted in isolation from political influences. Originally published in 1991, A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original and are presented in affordable paperback formats, bringing readers both historical and cultural value. Modernizing NATO's Nuclear Weapons Oliver Ramsbotham, 1989-03-03 An examination of the current state of nuclear forces which explores the official defence policies of all 16 NATO countries, the rationale behind modernization plans and the opposition to these plans. The author establishes principles to guide continuing controversy in this area. *Learning In U.S. And Soviet Foreign Policy* George Breslauer, 2019-03-07 Are policymakers capable of learning about the complex international environment they must deal with when formulating foreign policy? Interest in the phenomenon of learning has been growing, driven in part by the advent of Gorbachev and by prospects for ending the Cold War. In this book, leading scholars explore the theoretical and practical implications.

Arabs at War, 2004-01-01 Kenneth M Pollack formerly a Persian Gulf military analyst at the CIA and Director for Persian Gulf Affairs at the National Security Council describes and analyzes the military history of the six key Arab states Egypt Iraq Jordan Libya Saudi Arabia and Syria during the post World War II era He shows in detail how each Arab military grew and learned from its own experiences in response to the specific objectives set for it and within often constrained political economic and social circumstances This first ever overview of the modern Arab approach to warfare provides a better understanding of the capabilities and limitations of the Arab militaries some of which are the United States most likely adversaries and some of which are our most important allies

How the Cold War Ended John Prados, 2011 Examines the debates surrounding the end of the Cold War

NCB: Nuclear, Chemical, Biological Warfare Joan Hyatt, 1990

Tank Battles of the Cold War, 1948-1991 Anthony Tucker-Jones, 2021-06-30 As Anthony Tucker Jones shows in this highly illustrated wide ranging history for most of the Cold War the tank retained its pre eminence on the battlefield The Arab Israeli wars witnessed some of the biggest tank battles of all time and tanks played key roles in conflicts in Korea Vietnam and Afghanistan as well as in the Iran Iraq War and the wars fought between India and Pakistan But then in the mid 1960s anti tank weapons became ever deadlier and the Mechanised Infantry Fighting Vehicle MIFV which was designed to support infantry and fight tanks emerged and the heyday of the tank was over Chapters cover each major phase in the evolution of the tank and of tank warfare during the period from the battles fought in the late 1940s and 1950s with Second World War armoured vehicles like the T 34 and the Sherman through to the designs common in the 1960s and 1970s like the T 55 Centurion Challenger and M60 Patton to the confrontation between the M1 Abrams and the T 72 during the Gulf War in 1991 Technical and design developments are important elements throughout the story but so are dramatic changes in tactics and armaments which mean the tank has an increasingly uncertain role in modern warfare

The Diplomatic Record 1991-1992 Hans Binnendijk, Mary Locke, Alan Wm Wolff, Flora Lewis, 2019-07-11 This volume reveals to readers the impact of recent events on diplomacy a year or so into the post Cold War world describing disintegration in the East integration in the West new relations with old allies changes in the Third World and multilateral diplomacy

Images and Arms Control Keith L. Shimko, 1991 A study of foreign policy decision making as seen through the relationship between the Reagan administration and the Soviet Union

Arms Control At Sea J Richard Hill, 2024-04-01 Originally published in 1989 this book reviews the history of maritime control measures from before the First World War and provides a critical examination of both the objectives of maritime power and the concepts of disarmament peace zones parity verifiability and peaceful co existence It argues that the objectives of maritime power are not necessarily incompatible with international security and that strategic deterrence can contribute to improved security Limitation measures it is argued can in some cases be double edged endangering other security fields and having a destabilizing effect The book stresses the need for non absolute solutions in order to achieve a reasonable level of security and makes proposals for both structural and confidence building

measures along those lines China, the United States and the Soviet Union Robert S. Ross, 2016-09-16 This text considers the importance of various factors which influenced the policies of each country during the Cold War including strategic considerations domestic politics and ideology **The International Politics of the Asia Pacific** Michael Yahuda, 2012-12-06 This second edition of Michael Yahuda's extremely successful textbook introduces students to the international politics of the Asia Pacific region since 1945 The new edition is completely updated with contemporary coverage of the economic crises and includes new chapters on the current role of East Asia in world affairs prospects post 2000 the strengths and weaknesses of US dominance and the challenge of other powers prospects for and implications of an East Asian economic recovery **Armies of Sand** Kenneth Michael Pollack, 2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties *Armies of Sand* Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 **Western Sahara** Stephen Zunes, Jacob Mundy, 2010-08-04 The Western Sahara conflict has proven to be one of the most protracted and intractable struggles facing the international community Pitting local nationalist determination against Moroccan territorial ambitions the dispute is further complicated by regional tensions with Algeria and the geo strategic concerns of major global players including the United States France and the territory's former colonial ruler Spain Since the early 1990s the UN Security Council has failed

to find a formula that will delicately balance these interests against Western Sahara's long denied right to a self determination referendum as one of the last UN recognized colonies The widely lauded first edition was the first book length treatment of the issue in the previous two decades Zunes and Mundy examined the origins evolution and resilience of the Western Sahara conflict deploying a diverse array of sources and firsthand knowledge of the region gained from multiple research visits Shifting geographical frames local regional and international provided for a robust analysis of the stakes involved With the renewal of the armed conflict continued diplomatic stalemate growing waves of nonviolent resistance in the occupied territory and the recent U S recognition of Morocco's annexation this new revised and expanded paperback edition brings us up to date on a long forgotten conflict that is finally capturing the world's attention Israel's Nuclear Dilemma (Routledge Revivals) Yair Evron, 2014-06-03 Originally published in 1994 Yair Evron opens the book with an account of the development of Israel's nuclear doctrine and the internal disagreements within the Israeli political and strategic elite over how nuclear policy should be conducted There follows an analysis of the reactions from Arab states and of how with the exception of Iraq they have so far refrained from developing their own nuclear weapons **Statistical Reference Index**, 1988
