Strategies For Change New Directions In Drug Policy:

Strategies for Change Arnold S. Trebach,1992 New Approaches to Drug Policies Jonathan D. Rosen,Marten W. Brien,2015-07-27 The US led war on drugs has failed drugs remain purer cheaper and more readily available than ever Extreme levels of violence have also grown as drug traffickers and organized criminals compete for control of territory This book points towards a number of crucial challenges policy solutions and alternatives to the current drug strategies

Drugs of Abuse: The International Scene Mangai Natarajan,2017-05-15 Globalization and attendant modernization has increased both the supply and the demand for drugs around the world Drug abuse is no longer the concern of only the developed world Countries without histories of drug use particularly developing countries are now reporting problems of abuse because they have become transit points for international drug trafficking Because the problem is now worldwide a global strategy is needed for identifying analyzing and developing strategies to deal with drug abuse and the associated problems for health and safety This volume reviews the international status of drug abuse Specific topics covered include drug abuse in the developing world emerging drugs and poly drug use gateway drugs cultural views of drug use and state of the art methodologies employed in research on drug abuse **Contested Ground** Peter Davis,1996 Addressing the key issues in the public debate about prescription drugs this book establishes an analytical framework for the development of regulatory policy in this area A range of international experts working at the interface between the social sciences pharmacy medicine and public policy debates contribute to the delineation of these issues The chapters are grouped into three sections The first part focuses on prescription drugs within a social and cultural context The second addresses the pharmaceutical market and its distinctive industrial structure The final section provides a series of international case studies on regulatory innovation Introductory and concluding chapters summarize the issues and draw out themes relating them to the wider policy debate The underlying theme of the book is that therapeutic drugs should not be considered ordinary products These drugs raise important social ethical and policy questions that transcend orthodox analytical approaches and that cut across conventional disciplinary boundaries The object of this book therefore is not just to identify the major issues but also to develop some of the analytical foundations required to advance the course of public policy debate in this area Sociologists public health specialists policy makers legislators consumer groups and those in the pharmaceutical industry will find this book an invaluable resource to that end **Crack In America** Craig Reinerman,Harry G. Levine,1997-09 A team of veteran drug researchers in medicine law and the social sciences provides the most comprehensive penetrating and original analysis of the crack cocaine problem in America to date Helps readers understand why the United States has the most repressive expensive yet least effective drug policy in the Western world The Cultural/Subcultural Contexts of Marijuana Use at the Turn of the Twenty-First Century Andrew Golub,2012-12-06 Learn why marijuana use has increased in the new millennium According to the Substance Abuse and Mental Health Services Administration marijuana is the most commonly used illicit

drug The Cultural Subcultural Contexts of Marijuana Use at the Turn of the Twenty First Century takes a close look at present cannabis use trends in the new millennium by providing the latest research findings and most current case studies Age and ethnographic data are presented in detail always with a constant focus on the unique subcultural contexts in today s society This examination explores the most pressing issues in marijuana use including the increased popularity of blunt smoking the social ramifications of marijuana use in gangs and Southeast Asian youth and alternative delivery systems for medical marijuana The Cultural Subcultural Contexts of Marijuana Use at the Turn of the Twenty First Century discusses various aspects of marijuana being the drug of choice in today s culture including the different subgroups of age economic status and ethnic background The book provides a comprehensive view of the people reasons for use varied ways of ingesting the drug and marijuana use rituals Extensive references charts tables and figures are included to enhance clarification of research findings The Cultural Subcultural Contexts of Marijuana Use at the Turn of the Twenty First Century discusses the latest research findings on the growth of marijuana use in different social groups during the 1990s medical marijuana blunt smoking and marijuana use rituals as settings for informal social controls marijuana use among minorities marijuana use in youths and young adults marijuana use among gang members adult use production distribution and administration of non smokable marijuana The Cultural Subcultural Contexts of Marijuana Use at the Turn of the Twenty First Century is insightful valuable and is certain to become a reference source for researchers educators students and policy advocates *Health Workers and Aids* Lydia Bennett,1995-05-01 *Can't Find My Way Home* Martin Torgoff,2004-05-13 Can t Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It s the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwifed the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s Can t Find My Way Home tells this extraordinary story by weaving together first person accounts and historical background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects

and rave warehouses But Can't Find My Way Home does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened *National Drug Control Strategy* (1994) DIANE Publishing Company, 1994-04 Charts tables and graphs *Congressional Record* United States. Congress, 1993 Future Survey Annual, 1995 **Women, Drugs and Policy in Sydney, London, and Amsterdam** Margaret J. Sargent, 1992 This book comprises accounts of historical and contemporary drug policy in Australia the UK and the Netherlands The lives of women drug consumers are described in their own words Their experiences living in three cities with different drug policies Sydney London and Amsterdam are compared and the work of drug agencies is reviewed Women are seen as different from men in consumption patterns in their perceptions of the drug scene in problems with drugs and needs in overcoming these problems The differences are located in women's position in the social structure of economic and gender relations and in social practices used to teach women to be second class citizens These relations and practices are more intense in the drug and sex industries which are seen as associated with men's capitalist interests and with masculinization through power and violence Towards More Effective Global Drug Policies Caroline Chatwin, 2018-05-25 This book examines the topical issue of global drug policy and outlines five steps that could be taken to improve its effectiveness A public criminology approach is applied to explore not only what could be done but also why it matters and how it could be achieved It argues that more effective global drug policies require an acknowledgement of the failure of a war on drugs approach and the harms it has caused Instead strategies that reduce drug related harm should be prioritised An innovative and diverse range of approaches should be developed that are underpinned by evaluation and dissemination of results Finally the horizons of the drug policy debate should be broadened In line with the central aims of public criminology this book provides an accessible contribution to global drug policy debates that links theory and practice and which will have appeal to a wide range of audiences *Counternarcotics Strategy for the Western Hemisphere* United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Security, International Organizations, and Human Rights, 1994 Drug War Politics Eva Bertram, 1996-07-15 An important and timely book The authors capture the dynamics of drug debate with uncanny accuracy Too often treatment and prevention get the short end of the stick in Congress and this book explains why Drug War Politics makes a compelling case for bringing public health principles to bear on the drug epidemic and is essential reading for serious students of the drug issue Senator Edward M Kennedy A thoughtful analysis of the most fundamental and troublesome social problem in America It reaches behind rhetoric and starts making sense about how we can go about saving ourselves from two addictions the terrible affliction of

drugs and the easy talk that makes the rest of us feel good but does not deal with the problem Kurt Schmoke Mayor City of Baltimore This well informed book shows how political expediency and a punitive conventional wisdom have combined over the past decades to support a national drug policy that fills our prisons depletes our budget and destroys our poor This is a wonderfully sane analysis of what has become a major form of national insanity Frances Fox Piven City University of New York We've needed a new way of thinking about the drug problem for a long time Now we have it Drug War Politics is one of the best efforts to reconceptualize a major aspect of crime especially victimless crime that I have seen since Morris and Hawkins The Honest Politician's Guide to Crime Control of nearly 30 years ago Theodore J Lowi Cornell University A compelling analysis of our failure The provocative public health solutions it proposes to the drug related crime violence and despair that ravage many of our inner cities show that we can give people a chance a chance to fight addiction and build better lives Congressman John Lewis We will never be able to arrest prosecute or jail our way out of the drug problem To understand why read this book The evidence is overwhelming we need a radical change in the mission and mandate of drug control Nicholas Pastore Chief of Police New Haven This is the smart citizens guide to the drug policy debate to why we spend so much time and money on things that don't work and to where we can look for guidance for things that do Barbara Geller Director Fighting Back New Haven

Addictions & Substance Abuse Madeline A. Naegle, Carolyn Erickson D'Avanzo, 2001 This timely resource provides information on all aspects of substance abuse and focuses on its effects throughout the life span from infants to the elderly Coverage includes current research and epidemiology as well as basic strategies for identification assessment and management of problems For nurses in advanced practice looking for up to date comprehensive information for developing management strategies and plans

The Defense Policies of Nations Douglas J. Murray, Paul R. Viotti, 1994 Now in its third edition The Defense Policies of Nations has been thoroughly updated to take into account the dramatic developments of recent years the dissolution of the Soviet Union the resurgence of East Asian powers the emergence of newly independent nations in Eastern Europe the continuing instability of the Middle East and the growing importance of third world nations in global security matters For those dealing with national defense issues on a daily basis or even for those interested in the subject because of its current relevance The Defense Policy of Nations is must reading Gen Theodore J Conway Military Review American Academy of Political and Social Science

Power and Resistance Wayne Antony, Jessica Antony, Les Samuelson, 2020-05-06T00:00:00Z How do we make sense of the social problems that continue to plague Canadian society Our understanding of issues such as poverty racism violence homophobia crime and pollution stems from our view of how society is structured From the dominant neoliberal perspective social problems arise from individuals making poor choices From a critical perspective however these social troubles are caused by structural social inequalities Disparities in economic social and political power that is relations of power based on class race gender and sexual orientation are the central structural element of capitalist patriarchal colonialist societies The contributors to Power and Resistance use

this critical perspective to explore Canadian social issues such as poverty colonialism homophobia violence against women climate change and so on This sixth edition adds chapters on the corporatization of higher education the lethal impacts of colonialism democracy the social determinants of health drug policy and sexual violence on campus

Sourcebook on Substance Abuse Peggy J. Ott, Ralph E. Tarter, Robert T. Ammerman, 1999 This book is an empirically based clinically sound reference on substance abuse disorders dispelling the myths about demystifying misinformation regarding and applying anecdotes toward empirically based treatments This book moves professional practice toward a more positive and clinically sound future Viewing substance abuse from multiple perspectives etiology epidemiology assessment and treatment this book serves as a reference to health care providers for up to date assessment instruments and treatment techniques Sections I III focus on epidemiology development perspectives and etiology Section IV Methods and Evaluation presents the latest in drug toxicology psychiatric assessment psychological evaluation of alcohol and drug abuse in youth and adults neuropsychological assessment and family assessment Section V covers the latest findings in psychodynamic psychotherapy relapse prevention network therapy cognitive behavior therapy short term motivational therapy 12 step recovery pharmacotherapy and social skill training A final section presents details on special programs and treatments for specific addictions such as those for adolescents methadone maintenance inpatient treatment harm reduction smoking cessation adult children of alcoholics and intervention issues for women For professionals who address the increasing requirements of the managed health care system for cost effective observable and measurable treatment outcomes

More Harm Than Good Susan C. Boyd, Connie I. Carter, Donald MacPherson, 2017-01-19T00:00:00Z In More Harm Than Good Carter Boyd and MacPherson take a critical look at the current state of Canadian drug policy and raise key questions about the effects of Canada's increasing involvement in and commitment to the war on drugs A primer on Canadian drug policy the analysis in More Harm Than Good is shaped by critical sociology and feminist perspectives on drugs and incorporates insights not only from individuals who are on the front lines of drug policy in Canada treatment and service workers but also from those who live with the consequences of that policy on a daily basis people who use criminalized drugs Finally the authors propose realistic alternatives to today's failed policy approach Your book really expanded thinking and understanding and had a big influence on students critical and reflective thought Readings sparked rich conversations about their own hopes and wishes for the field broader social and political responses and the impact on youth and families affected by substances Stephanie McCune University of Victoria Please note an error occurred with the printing of this book and one of the sidebars was not printed It is available to download here We sincerely apologize for this oversight
