**British Policy and Strategy towards Norway, 1941-45** C. Mann, 2012-11-19 After the German occupation of 1940 Britain was forced to reassess its relationship with Norway a country largely on the periphery of the main theatres of the Second World War Christopher Mann examines British military policy towards Norway concentrating on the commando raids deception planning and naval operations Book Review Digest, 1980

**Strategic Military Deception** Donald C. Daniel, Katherine L. Herbig, 2013-10-22 Strategic Military Deception explains the nature of deception its processes and the elements and conditions when a person used and succeeds at deception The main focus of the book is the discussion of strategic military deceptions The book is mainly a collection of research that seeks to develop a common idea of deception s basic elements and its relationships The first part of the book contains such topics as the application of game communication organization and systems theories The second part of the book deals with the testing and validation of some of the theories of deception through a series of historical case studies By analyzing a series of cases the book identifies some recurring patterns in a group of deception cases There are also chapters that focus on the use of deception during World War II The book will be a useful tool for military agents game theorists and psychoanalysts The Military Strategy of the Soviet Union David M. Glantz, 2019-10-01 Armed revolution and civil war gave birth to the Soviet Union world War II propelled it to global pre eminence and the Cold War contributed to the Soviet Union s demise Given Marxism Leninism s ideological preoccupation with war and threats of war it is understandable that the spectre of war should play a vital role in the life and fate of the Soviet state This study of Soviet military strategy is based upon the twin pillars of Soviet political military actions and Soviet writings on the subject of military strategy Thanks to the policy of glasnost it incorporates Soviet materials hitherto unavailable in the West It aims to be not simply a retrospective account of what was but to form part of the context for what will be in the future

**Grand Strategy in 10 Words** Sven Biscop, 2021-06-14 This book introduces ten key terms for analysing grand strategy and shows how the world s great powers the United States China Russia and the European Union EU shape their strategic decisions today and shows how the choices made will determine the course of world politics in the first half of the 21st century

*Mind Warfare: Psychological Operations and the Inducement of Psychosis in Military Strategy* Kathlene Herberger, 2025-04-20 Mind Warfare explores the intricate relationship between psychological operations PSYOP and induced psychosis within military contexts revealing how psychological manipulation can significantly influence combat dynamics As modern warfare increasingly relies on the battlefield of the mind this groundbreaking work examines the strategies military forces use to shape perceptions behaviors and attitudes among enemies and civilian populations The book defines psychosis detailing its causes and symptoms and highlighting the role of stress and trauma in high pressure situations like combat It traces the evolution of PSYOP from traditional propaganda to

contemporary advanced psychological warfare tactics illustrated through compelling historical case studies By integrating psychological theories relevant to PSYOP Mind Warfare provides insights into how cognitive and social psychology can be strategically leveraged to induce psychosis and other psychological effects It outlines clear strategic objectives for military engagements emphasizing the assessment of enemy morale and resilience using psychometric tools Herberger also addresses various techniques for inducing psychological distress exploring the ethical implications and potential human costs associated with these methods Mental health considerations for military personnel are an essential focus advocating for resilience training and psychological support to enhance their well being Moreover Mind Warfare navigates the ethical and legal frameworks surrounding PSYOP discussing the dilemmas faced by military strategists Finally it explores future directions for psychological warfare particularly the impact of technology including artificial intelligence and big data analytics A critical resource for military professionals psychologists and policymakers Mind Warfare presents a nuanced understanding of the complexities of psychological operations and their far reaching consequences in contemporary conflicts
