Stratification In Israel:

Stratification in Israel Moshe Semyonov, 2019-01-22 Until recently issues surrounding ethnic linked inequality whether between Jews and Arabs or between Jewish ethnic groups have dominated research on stratification in Israel to the exclusion of other dimensions Rapidly growing inequality in Israeli society and its intergenerational persistence however have generated several new trends in research The chapters included in this volume represent the range and depth of recent developments in the study of social stratification mobility and inequality Although they address a variety of issues they have in common a focus on the institutional mechanisms that govern the allocation of rewards Ethnicity and Stratification in Israel

Moshe Hartman, Hanna Eilon, Makhon lehiqre avoda wehevra, 1973 **Studies of Israeli Society: Stratification in Israel : class, ethnicity, and gender**, 1980 *Debt-slavery in Israel and the Ancient Near East* Gregory Chirichigno, 1993-01-01

This original study concerns itself with the manumission laws of Exodus 20 Deuteronomy 15 and Leviticus 25 It begins with the social background to debt slavery and the socioeconomic factors encouraging the rise of debt slavery in Mesopotamia After a comparative analysis of the Mesopotamian and biblical material Chirichigno examines the social background to debt slavery in Israel the various slave laws in the Pentateuch in order to delimit the chattel slave laws from the debt slave laws and the biblical manumission laws themselves **Studies of Israeli Society: Stratification in Israel**, 1980

Socioeconomic Inequality in Israel Nabil Khattab, Sami Miaari, Haya Stier, 2016-04-29 This volume addresses different aspects and areas of inequality in Israel a country characterized by high levels of economic inequality poverty and social diversity The book expands on the mechanisms that produce and maintain inequality and the role of state policies in influencing those mechanisms **Consumption and Market Society in Israel** Kalman Applbaum, Yoram S.

Carmeli, 2020-05-26 Over the past two decades Israel has been remaking itself in line with the commercial models of Western market societies Nowhere is this trend more evident than in private consumption patterns Most Israelis crave parity with Western lifestyles private automobiles mobile phones spacious housing fashionably furnished accessibility to shopping malls and leisure travel abroad Alongside these new aspirations internationally branded commodities and franchises such as McDonald's Office Depot Benetton IKEA and Toys R Us increasingly feature in the Israeli landscape and advertising has emerged as a primary vehicle for persuasion competition and cultural expression This book is the first to explore fully the significance of these transformations The authors show how different groups kibbutzniks Israeli Arabs Ultra Orthodox Jews new immigrants and middle class Israelis alternately exhibit a suspicion towards and enthusiasm for the enhanced individual freedoms of a consumer market society Lifestyle consumerism is recognized as an alien import potentially disruptive of the ethos of communality common destiny and national purpose At the same time because consumption helps unite diverse groups to the greater whole of the nation the globe and modernity it conveys a sense of normalcy and affluence in a time of major social transition and political turmoil Consumption and Market Society in Israel is not only innovative in its research

but it is a timely contribution to a hotly debated topic *Israel's Changing Society* Calvin Goldscheider, 2019-03-13 This book provides the most up to date assessment of Israel's society today portraying the country's ethnic diversity its economy and demographic changes Revealing linkages between demographic transformation and socioeconomic change Goldscheider shows how ethnic group formation emerged in Israel to create the present mix of Jewish and Arab populations He also reviews the policies of Palestinian and Israeli governments concerning immigration describing the ways in which socioeconomic development within Israel urbanization and industrialization have evolved through the use of outside capital and increasing dependency The book reveals two unique sets of processes about Israel today The first concerns important changes in marriage family and intermarriage educational attainment and occupational achievement ethnic politics religion and the changing role of women A second but related concern pertains to the social and economic contexts of community life Here Goldscheider investigates rapid change among Israel's major urban centers towns and agricultural centers including the Kibbutz as well as Arab communities In concluding chapters the author discusses the role of government in shaping population policy including health fertility and contraceptive and abortion issues He also describes the influence of Jewish communities outside of Israel and the impact of the Middle East conflict with Arab states on Israel's domestic policy as well as the conflict with populations in territories administered by Israel since 1967 Likely to be a standard reference for years to come the book is essential reading for political scientists sociologists anthropologists and historians concerned with Israel's politics and society

Orientalism, Westerners and Ethnic Stratification in Israel Dan Soen, 1977* The Emergence of a Mizrahi Middle Class in Israel Uri Cohen, Nissim Leon, 2025-03-31 The Emergence of the Mizrahi Middle Class examines one of the major issues in the sociology of Israel the story of the Mizrahim Jews of Middle Eastern and North African descent a group that has been and is still engaged in class mobility efforts and is ostensibly closing the gap between itself and the Ashkenazim Jews of Central and Eastern European extraction This is one of the most important social processes to have emerged in Israel in recent decades it is changing the face of the Israeli middle class While Israeli public discourse depicts this process as a reduction of ethnic and class disparities the critical analysis offered in this book aims to reveal the issue's tremendous complexity The academically educated Mizrahi middle class is an effective social focus for the description and critical analysis of the Mizrahi mobility process its sources and the accompanying social unrest The book shows that Mizrahi mobility was not a continuous progression along orderly mobility routes but rather a struggle full of mobility traps a Sisyphean effort to achieve not only economic advancement but also status and prestige in Israeli society

The Arab Minority in Israel's Economy Noah Lewin-epstein, Moshe Semyonov, 2019-07-11 The Arab Minority in Israel's Economy considers the Arab population as an integral albeit disadvantaged part of Israeli society Using data from a thirty year period the book looks at Arab participation in the economy especially in the labor market showing how significant socioeconomic inequality persists despite a fundamental tenet of Israel's declaration of independence asserting equality of

political and social rights of all its citizens Taking an ethnic competition perspective the authors explore the extent of inequality uncovering the institutional and social processes that influence it They examine the role of local labor markets and individual human resources giving special attention to the growing labor force participation of Arab women They also consider the gains of the majority Jewish population that have resulted from competition and economic discrimination against Arabs Although the Arab community in Israel has been studied in the past this book is unique in its detailed analysis of employment activity within and outside of the Arab sector and in examining both Arabs and Jews within the stratification system The book fosters deeper understanding of Israeli society and of multi ethnic societies more generally

Aluta Continua Biblical Hermeneutics for Liberation Obvious Vengeyi, Joachim Kügler, 2013 This book was passed as a PhD thesis at Bayreuth University Germany The author challenges African Biblical scholars and Christian leaders to premise Biblical interpretation on the experiences of the often neglected underclasses The author argues that from a comparative historical cultural and material methodological point of view the experiences of the Zimbabwean underclasses whose collective ordeal is represented by the experiences of domestic workers are strikingly similar to those suffered by slaves among other underclasses in the biblical world In the same way religion was appropriated by the elite to validate oppression of the underclasses in the biblical world the author shows that since the colonial era Christianity in Africa through biblical interpretation among many other tactics has been an influential force on the side of the dominant class to advance their racial class and gender interests To date in Zimbabwe for example the Bible and religion in general is manipulated by the dominant minority to justify and entrench the exploitation of the majority underclasses On the other hand the author observes that the history of ancient Israel Roman colonial Palestine and colonial Zimbabwe evidences that when religion is appropriated and or the Bible is read and interpreted from the historical cultural and material conditions of the underclasses it can be a valuable resource not only for their mobilization to overthrow oppressive systems but also for justifying their resistance tactics Aluta Continua The Struggle goes on

The Palestinians in Israel Elia T. Zureik, 2023-05-03 The main focus of The Palestinians in Israel 1979 is the position of the Arab minority in Israel from being a majority to becoming a minority By using the framework of internal colonialism it provides evidence which highlights the social class transformations of the Palestinians in Israel from peasantry to proletariat the patterns of land alienation and the nature of inter ethnic contacts which typify Israeli Palestinian relations It looks at Arab social structure in pre 1948 Palestine discusses the Arabs as they appear in Israeli social science writings describes the transformation of Arab class structure in Israel and considers the politicization of Israeli Arabs

Israel and the Diaspora: Jewish Connectivity in a Changing World Robert A. Kenedy, Uzi Rebhun, Carl S. Ehrlich, 2022-05-03 This collected volume is based on the proceedings of a symposium held in

2018 at York University Canada which was held to commemorate the 70th anniversary of Israel This symposium highlighted contemporary Jewish identity Israel Diaspora relations and how Jewish life has been transformed in light of various types of antisemitism The book considers the diasporic Jewish experiences through examining the intersections between various Jewish communities sociologically historically and geographically The text covers world Jewry in general and each of the diaspora and Israeli Jewries more specifically in the context of mutual responsibility but also focuses on areas of tension concerning values and political matters The challenges of antisemitism racism and nationalism are explored in terms of the relationship of the Jewish diasporas to their host countries This text also covers antisemitism which may take the form of traditional antisemitism or of the new antisemitism in the era of anti Israel activity related to the Boycott Divestment and Sanctions movement The latter movement is especially prevalent on university campuses and has an impact on students faculty and staff This volume is unique in its international perspective in examining issues of Jewish identity Israel diaspora relations and antisemitism and will appeal to students and researchers working in the field

Marriage Gifts and Social Change in Ancient Palestine T. M. Lemos, 2010-03-31 In Marriage Gifts and Social Change in Ancient Palestine T M Lemos traces changes in the marriage customs of ancient Palestine over the course of several hundred years The most important of these changes was a shift in emphasis from bridewealth to dowry the latter of which clearly predominated in the Hellenistic and Roman periods Whereas previous scholarship has often attributed these shifts to the influence of foreign groups Lemos connects them instead with a transformation that occurred in Palestine s social structure during the very same period In the early Iron Age Israel was a kinship based society with a subsistence economy but as the centuries passed it became increasingly complex and developed marked divisions between rich and poor At the same time the importance of its kinship groups waned greatly Utilizing an interdisciplinary approach that draws heavily on anthropological research cultural theory archaeological evidence and historical critical methods Lemos posits that shifts in marriage customs were directly related to these wider social changes

New Zionism and the Foreign Policy System of Israel (RLE Israel and Palestine) Ofira Seliktar, 2015-05-22 The invasion of Lebanon was the culmination of an extraordinary change which New Zionism created in Israel s foreign policy system This book first published in 1986 examines how New Zionism came to dominate Israeli politics and it investigates the implications of this new ideology for the future of the Middle East The author agrees that after the creation of the State of Israel the belief system of the evolving society gradually changed After the Six Day War the ideology of Socialist Zionism became increasingly discredited and replaced by the New Zionist quest for Eretz Israel Hardened by the harsh experience of the continuing Arab Israeli conflict and enhanced by the threatening image of the enemy the political culture in Israel became less tolerant and more receptive to the language of New Zionism As a result Begin s Likud came to power in 1977 and quickly changed the whole basis of Israel s foreign policy Instead of the cautious pragmatism of Socialist Zionism the Begin government pursued the grand design that had enjoyed a long tradition in Revisionist thinking Although

General Sharon was responsible for the actual conduct of the war it was the New Zionist propensity to use military force to introduce a new order in the Middle East which was responsible for the invasion The book suggests that it is still too early to assess the full impact of the war in Lebanon on New Zionism Although the war failed to validate any of the grand design tenets of New Zionism the violent Shiite response in Southern Lebanon may serve to strengthen the New Zionist hard line This could hasten the annexation of the occupied territories as the final stage of turning the State of Israel into the Land of Israel

Ethnicity and Identity in Ancient Israel Kenton L. Sparks, 1998 From the introduction When we speak of ethnicity we bring into view a particular kind of sentiment about group identity wherein groups of individuals view themselves as being alike by virtue of their common ancestry It is something of a truism to point out that ethnicity has played an important role in the history of Judaism both in the postbiblical era and prior to it The reason for this interest is twofold First in virtually every discipline of the humanities there seems to be a general unhappiness with the superficial way that scholars have handled the issues of culture and identity More specifically with respect to ancient Israel recent biblical scholarly activity both literary and historical has raised serious doubts about the supposed origins and antiquity of Israelite ethnicity With this agenda in view Kent Sparks provides a summary of current studies in ethnicity and ethnic identity then moves to a discussion of Israel's ancient Near Eastern context and expressions of ethnic identity in the written remains from surrounding nations Turning next to ancient Israel itself he examines texts generally considered early in Israel's history for information relevant to Israel's ethnic identity Sparks then investigates the witness of the prophets and the historical materials relating to the Judean monarchy and the exilic period looking for expressions of ethnic sentiment His research will likely prove to be the foundation on which future study of the topic will be built
