Lang, 1963 Stravinsky Paul Henry Lang, 1963 **The New Grove Stravinsky** Stanley Sadie, John Tyrrell, 2003-03-15 Of Russian French and later American nationality Stravinsky's musical styles are startlingly diverse reflecting his life and era from Tsarist Russia to 1920s France and post war USA His early years in Russia saw him launch his international career with Diaghilev's Ballets Russes in Paris and the premieres of The Firebird Petrushka and The Rite of Spring Between 1920-1939 Stravinsky lived and worked in France producing his great neo classical compositions reactivating the modes and manners of the eighteenth century This stylistic inclination eventually gave way to a highly individual use of serial techniques in his last years when he took up residence in the United States This biography of Igor Stravinsky is one in a new series of composer biographies derived and adapted from the second edition of The New Grove Dictionary of Music and Musicians These newly written biographies bring the best of the book length pieces in The New Grove to a wider audience Each title provides fresh new insights into the life and works of a major composer derived from the most recent scholarship In addition to a detailed and informative view of the subject's life and works written by an expert in the field each book includes comprehensive tabular work lists and a fully revised and updated bibliography Stravinsky's Late Music Joseph N. Colin Slim, 2019-03-05 *Stravinsky in the Americas* explores the pre Craft period of Igor Stravinsky's life from when he first landed on American shores in 1925 to the end of World War II in 1945 Through a rich archival trove of ephemera correspondence photographs and other documents eminent musicologist H Colin Slim examines the twenty year period that began with Stravinsky as a radical European art music composer and ended with him as a popular figure in American culture This collection traces Stravinsky's rise to fame catapulted in large part by his collaborations with Hollywood and Disney and marked by his extra marital affairs his grappling with feelings of anti Semitism and his encounters with contemporary musicians as the music industry was emerging and taking shape in midcentury America Slim's lively narrative records the composer's larger than life persona through a close look at his transatlantic tours and domestic excursions where Stravinsky's personal and professional life collided in often dramatic ways **Modes of Communication in Stravinsky's Works** Per Dahl, 2021-12-16 Igor Stravinsky left behind a complex heritage of music and ideas There are many examples of discrepancies between his literate statements about music and musicians and his musical compositions and activity Per Dahl presents a model of communication that unveils a clear and logical understanding of Stravinsky's heritage based on the extant material available From this Dahl argues the case for Stravinsky's music and his ideas as separate entities representing different modes of communication As well as describing a triangular model of communication based on a tilted and extended version of Ogden's triangle Dahl presents an empirical investigation of Stravinsky's vocabulary of signs and expressions in his published scores his communicative mode towards musicians In addition to simple statistics Dahl compares the notation practice in the composer's different stylistic epochs as well as his writing for different sizes of ensembles Dahl also considers Stravinsky's performances and recordings as modes of communication to investigate whether the multi layered model can soften the discrepancies between Stravinsky the literary and Stravinsky the musician **The Musical Legacy of Wartime France** Leslie A. Sprout, 2013-06-24 For the three forces competing for political authority in France during World War II music became the site of a cultural battle that reflected the war itself German occupying authorities promoted German music at the expense of French while the Vichy administration pursued projects of national renewal through culture Meanwhile Resistance networks gradually formed to combat German propaganda while eyeing Vichy's efforts with suspicion In *The Musical Legacy of Wartime France* Leslie A Sprout explores how each of these forces influenced the composition performance and reception of five well known works the secret Resistance songs of Francis Poulenc and those of Arthur Honegger Olivier Messiaen's *Quartet for the End of Time* composed in a German prisoner of war camp Maurice Duruflé's *Requiem* one of sixty five pieces commissioned by Vichy between 1940 and 1944 and Igor Stravinsky
